**A ROMANTIC LIFE.**—Miss Nellie Powell, daughter of Prof. Powell, at one time president of the Albany college, and also state superintendent of Oregon, has been having a romantic career since leaving this city in 1882. In 1883, Prof. Powell then being president of the Seattle college, Miss Powell, who had already obtained a good reputation in Albany for educational attainments, delivered an address of welcome to the famous Villard party. Subsequent events in the young lady's career form a fitting sequel to this meeting with Mr. Villard and his family. Shortly after the return of the party to the east, Prof. Powell died, and Mrs. Powell with her son and two daughters went to New York city to reside. Some months after this Mrs. Villard wrote to a reporter of the Post-Intelligencer, calling attention to the young lady who had delivered the speech of welcome, and asked for her name and address. At that time the paper was being sent both to the home of Henry Villard, in New York, and also to that of Mrs. Powell. Reference to the subscription list disclosed the fact that the two families were living in the metropolis within two blocks of each other. The reporter wrote Mrs. Villard giving her the desired information. She at once sought the young girl and took her under her chaperonage. A strong friendship sprang up between Miss Powell and Miss Villard, and together they pursued their studies in music and German. About three years ago Miss Powell returned to the Pacific coast, and shortly thereafter became the wife of Mr. Drummer, a prominent banker of Spokane, Idaho. Her sister is now the wife of Dr. Johnson, of that city. Miss Powell is now about 28 years of age.

**RUN OFF WITH A DARKEY.**—Three or four weeks ago Lillian Young aged about sixteen, of this city, where she was well known on account of her rather wild ways, skipped out with George White, a key. They went to Portland, where she and a white man, who was enamored of the fair Lillian, had a fight to see who could keep her. From there they went to Astoria, when, yesterday, on complaint of Miss Young's mother, now a resident of Astoria, both parties were arrested by Sheriff Smith, and will be taken to Corvallis for trial. They were living together in a rented house.

**LITERARY SOCIETY MEETING.**—At the literary society of the public schools held evening the question, "Which is the better evil, intemperance or war," was asked, and an interesting address by W. W. Maston, on "Physiology," was presented with marked attention. The speaker presented some facts that should be remembered by the young people who attend the lecture.

**ELECTION ELECTION.**—The citizens ticket was elected at the Junction election day, as follows: Mayor, F. A. Saylor, councilmen, S. P. Gilmore, H. Bundy, E. Reelston; recorder, J. J. Butler; sheriff, N. Beebe; marshal, J. W. Kirk.

**MAKES THE BEST.**—It is a well known fact that if you want a stylish suit of clothes made to order you have to go to Blain's tailoring department, under the care of E. A. Schiffer. He has a fine process of cutting and makes them in a manner to give general satisfaction.

Charles E. Zane kid gloves manufactured at Philadelphia are the best in the world. Call at A. B. McMillan's and examine them before purchasing.

**Buckwheat Cakes.**

The old way of setting to raise over night by the use of yeast, while the cakes were light yet there was always a well founded suspicion that buckwheat cakes made in that manner were indigestible and unwholesome, because of the chemical action that takes place, so alters the flour from its original character, that the souring or decomposing process continues in the stomach, followed by dyspepsia and kindred troubles.

The new way does away with all fermentation, souring, etc., and places upon the table smoking hot buckwheat cakes in 12 minutes or less. Dr. Price's Cream Baking Powder is the element that superseded the old methods. Buckwheat and all griddle cakes made with Dr. Price's Powder are not only exceedingly light and delicious, but can be enjoyed by dyspeptics and invalids with impunity. Dr. Price's Cream is the only baking powder containing the whites of eggs.

**NEARLY DROWNED.**—This noon on quitting work on the pile driver Mr. A. S. Miller, the assistant superintendent, Doc Love, C. M. McDonnell, Ed. Stone, Frank Staub and Mr. Alken started across the river to their dinner in a boat with four oars. On account of a misunderstanding among the oarsmen they ran against a pile driven in the swift current, and were overturned. Two of the men clung to the pile, two swam to the shore at once. Mr. Miller, over 70 years of age, had a struggle; but being cool headed swam ashore. Mr. Love was swept into deep water and towards the Albany shore. He made a desperate struggle; but began strangling, and was sinking the third time when a man in a boat reached him just in time to save his life. All the men were given dry clothing, soaked at warm fires, and are doing well.

**STOLEN FROM A LEBANON MAN.**—An account was given a few days ago of two men being arrested by Sheriff Croisan, of Salem, for stealing a team of horses in Lane county. When arrested they had two rigs. On Friday night Mr. William Royce, of Lebanon precinct, had a hack, harness and lap robe stolen, a description of which was that of the outfit found, and it was just at the time when the thieves would have passed that way. Mr. Royce went to Salem this noon to claim his property.

**ARRESTED FOR FORGERY.**—Last evening a man giving his name as Chas. Stone and claiming to have just come from a logging camp on the Santiam, appeared at the Exchange hotel and presented a check to Jas. Murray for \$27, saying he had gotten in too late for the banks. It was on the Oregon bank. Mr. Murray, thinking it was all right, gave him \$3, but afterwards refused anything further, as he began to suspect something wrong. Stone was watched, and on the check being refused at the bank was arrested for forgery, and we are informed, admitted his guilt. He was placed in jail, but had not been examined at press time.

The W. J. Zettie this afternoon was just four feet above low water mark.

Twenty-five percent increase in the total wealth does not indicate that the mortgage tax law has been such an awful blight on the property of the state as the Oregonian predicted.—Journal.

The amount of freight handled by the Southern Pacific for Jackson county is about 100,000,000 pounds annually. The average freight rate from San Francisco is about \$1.70 per hundred. The average rate from San Francisco to Albany over the Yaquina Bay route is 25 cents per hundred.  
The Yakima Republic says that Peter Gervais of Yakima has raised 2465 bushels of potatoes on one acre, without rain or irrigation, and the potatoes were so large that four of them that were taken to the Republic office weighed 19 pounds. Just 7036.50, and were raised on \$60 per acre school land.

The gross value of property in Washington county increased from \$4,800,130 in 1890 to \$6,578,845 in 1891, a fine showing. In Grant and Malheur the assessment was decreased. The gross value of property in Marion county is \$11,670,320, indebtedness \$3,033,353, exemptions, \$698,017. The value of real estate mortgages in that county is \$1,402,299.

There are five hundred pupils now enumerated in the Albany public school, which is much the largest attendance ever had at this season of the year. Owing to the fact that a few are out on account of sickness and that all the seats have not yet been taken, there is still room for about one hundred more pupils. There are many children who are not occupied, and would best be in school. Good schooling helps in making a better citizenship, by improving the social, literary and moral features of society. Easy minds make the best men and women; therefore it is a wise idea to keep the children at work or in school.

In view of the re-election of Gov. Russell, in Massachusetts, the following from the Town Topics, of New York City, a purely society journal, is of interest: I think young Governor Russell must be re-elected over in Massachusetts. He has been a brilliant success in the administration just ended, and even the black republicans of New England, who are the blackest republicans on earth, can say nothing worse of him than that he is a democrat. I take pleasure in congratulating Massachusetts, and more especially Boston, on the clearheadedness and clean ambition that discovered and supported a bright, honest and independent young fellow like Russell.
