### Cure of Spinal Weakness.

EF Woolston, Yates, O'Leary Co., N. Y., writes: "My wife, five years ago, was confined to her bed with inflammatory rheumatism of the muscles of the back. The doctors thought her case hopeless, and deemed her to be a bedridden invalid. The violent pain kept her awake almost every night. She lost over thirty pounds in weight. To ease her pain I thought I would put on Alcock's Porous Plaster. I covered her back with them. To my great delight she began to sleep well. I then took the plasters off, washed her back, and put on fresh ones. As the end of the second week, she insisted on getting up, and by the third week was entirely well and able to attend to her household duties."

Notice—the extra hollow ground razors used by barbers are sold by Stewart & Cox.

### "THE BLUE HEN'S CHICKENS."

Everybody knows that natives of Delaware are called the "Blue Hen's Chickens," but not one in a hundred can tell you why they are so called. The epithet is said to have had its origin in the following: One of Delaware's most gallant fighters in the War of the Revolution was a Captain Caldwell, who was notorious for his fondness for cock-fighting. He drilled his men admirably, they being known throughout the army as "Caldwell's game-cocks." This same Caldwell held to the peculiar theory that no cock was really game unless its mother was a blue hen. As the months wore away Caldwell's men became known as the "Blue Hen's Chickens," a title which only increased their respect for the old game-cock captain. The nickname became famous, and after the close of the war was applied indiscriminately to all natives of the "Diamond State."

The election of Governor Russell to a second term in Massachusetts signifies that that state if not placed in the democratic column, will fall to the doubtful one when making estimations of probable results in the presidential election. The tariff issue was made the leading and almost only one in that state. The results shows that that state, whose people are the most intelligent as well as unbiased, are ripe for rebellion against the scheme that taxes many people to benefit the few. That result in New York and New Jersey point to the fact that New York, New Jersey, Connecticut, Rhode Island, Massachusetts and New Hampshire are fit grounds in which to sow the seeds of democracy.

Grease spots may be removed from linen by putting a good quantity of soda into the water in which it is washed. From silk or woolen goods there is no more effective method than the old one, of placing a sheet of thick, soft, brown paper over the spot, passing a hot iron over it, and quickly lifting the paper.

There's an island of Gibraltar up in lake Erie, not so famous as the one by the Pillars of Hercules, but claiming some recognition as the summer home of the once great financier J. J. Cooke. The genial old man loves his family and his table comforts. He has never found "too many" Cookes "spoil the broth."

If afflicted with scalp diseases, hair falling out, and premature baldness, do not use grease or alcoholic preparations, but apply Hall's Hair Renewer.

## TELEGRAPHIC NEWS

**The Returns.** PORTLAND, Nov 4.—The election returns received yesterday, so far as the state tickets are concerned, make no change except to increase the pluralities. McKinley voted in the neighborhood of 18,688 more votes than Campbell, Flower 45,000 more than Fassett, Boies 9000 more than Wheeler, and Russell at least 6000 more than Allen. Two legislatures are in doubt—those of Iowa and New York. Both parties claim those bodies. The definite standing of the two is not known at this writing.

**A Fearful Accident.** BUTTE, Mont Nov 4.—Those killed in the terrible accident, which occurred at the Anaconda mine a few minutes after midnight this morning, were James O'Donnell, Charles M Evans, John Ritchie, James G Sullivan, P Mulligan, Michael McAvery, James Roach, William Martin and Dennis Shaughnessy. Jerry Harrington is injured, but not fatally. At the 900 foot level, a large number of men were waiting to be raised to the surface for their lunch. In this case it is believed that not less than twenty started on the terrible ride to death. When between the 300 and 400 foot levels, James O'Donnell, who was on the upper, lost his self possession and fell over the side of the cage. He fell between the cage and the wall of the shaft, down to the lower deck of the cage, where he struck the men crowded there in such a way as to knock almost all of them off. Altogether eight men were knocked off the cage down to the dump which is 1200 feet below the surface. Two others were brought to the surface badly injured, and one of these died in a short time. The bodies brought to the surface were so mangled as to be scarcely recognizable, except by their clothing.

**A Big Robbery.** LA GRANDE, Or Nov 4.—A robbery which exceeded the recent Enterprise affair in the amount taken was perpetrated upon the Farmers Mortgage and Savings bank of Summerville, this county, last night. As the cashier was leaving the bank about 9 o'clock last evening he was met at the door by two men with sacks over their heads, who presented pistols to his head and ordered him to go back and open the safe. He stepped back into the room and they followed him, pulling down the blinds and lighting the lamp. They displayed great coolness, not only taking all the money in the safe, but examining the papers as well. They secured \$48,000.

**The N Y Legislature.** NEW YORK, Nov 4.—At midnight the Associated Press returns for New York state show 15 democrats elected to the senate and 17 republicans. There is some doubt about two republicans and one democrat. In the assembly there is a tie. On these figures the republicans have a majority on joint ballot.

**Little & Ball, dentists, will make artificial plates of aluminum. The healthiest, most durable and lightest weight of any other plate. We want to introduce this kind of work in this vicinity.**

**TO TEA DRINKERS.**—Probably three fourths of the teas consumed are "Green Teas." Unpleasant as the fact may be, the bright, shiny green so familiar to us all is not the natural color, but is due to the facing or glazing of the tea with Prussian blue, Indigo and other mineral colors. That coloring hides the effects of poor teas is undoubtedly; but is it healthful, and does it not call loudly for the importation of a brand of pure, uncolored, unmanipulated tea?

It was this condition of affairs that prompted the placing of Beech's Tea before the public. Being the absolutely pure, uncolored leaf it is different in color from any you ever used. It draws a canary color of a delightful fragrance that is a revelation to tea drinkers, and its purity makes it more economical than the artificial teas, less oil being required per cup. Sold only in packages, 60 cents per pound. Ask for Beech's Tea, pure as childhood, for sale by Allen Bros, Flinn block, Albany.

**Teachers' Examination.** Notice is hereby given that the regular public examination of teachers for Flinn county, will take place in Albany, commencing on Wednesday, Nov. 13th, at 1 o'clock, p. m. and continue until Friday noon, Nov. 13th. All teachers must positively be present at the time of commencement, as no one will be admitted to the examination who is not so present. G. E. RUSSELL, County School Supt.

**KELLOGG SCHOOL.**—The Kellogg school of dress cutting at corner of First and Baker in the Ralston house is now open. Lessons not limited. Ladies are invited to call and examine the system.

**When Baby was sick, we gave her Castoria.**

**When she was a Child, she cried for Castoria.**

**When she became a Woman, she clung to Castoria.**

**When she had Children, she gave them Castoria.**

**AN EXAMPLE.**—The tea for American consumption are bought in China by European experts, who are called "tea tasters." The experts, however, are not for the fact that in a few years they have to give up their lucrative positions with shattered constitutions. The unhealthfulness of the adulteration and mineral coloring matter can not be more strongly put. Beech's Tea pure as childhood. For sale by Allen
