

GOOD EVENING
 Read Local on this page.

NOT STOPPED.—Our item about the Lebanon ditch a few days ago was incorrect, founded on wrong information. A subscriber at Lebanon gives us the correct situation, which we are glad to report is so good. The mounted scrapers referred to, we learn, came from work on the S P trestle beyond the Jewish cemetery. "The ditch is about four-fifths done instead of one-half. The work has not been stopped, although the rain has interfered somewhat with it. The contract was let by the cubic yard and the estimated cost was \$21,500, just about what it will cost. The ditch will be completed this month, as the contractor is bound to finish it rain or shine and there is no intention of stopping."

SIMPLY LAD.—The following pleasantly is from the Roseburg Plaindealer. The schoolboy in vacation who professes to edit the peanut Statesman of Salem was so delighted because he thought the Plaindealer had copied an item from its dreary columns, that he had to assume we got from it the news of a local event, and styles the Plaindealer, "the sort of paper that wants to be 'protected' by a press association," whatever that means. The so-called Statesman is mistaken though; in plain words it lied like blazes, for the item referred to was copied from and credited to the Albany Democrat, we having known all about it before, and having until then, for very good reasons, abstained from saying anything about the matter.

A WOMAN'S MONUMENT.—The National Mary Washington Memorial Association, chartered February 22nd, 1890, in the District of Columbia, appeals to the women of America for a monument for the grave of Mary, the mother of Washington. The Vice-President for Oregon is Mrs J N Dolph. The women of Albany are urged to contribute to this memorial. Miss Hettie Miller, at Mr Young's store, will receive any contribution, however small. This will be the first monument ever erected by women to a woman, and it is hoped that all will gladly respond.

SEWER WORK.—Bays, Jeffries & Co. have completed Maple street sewer, except leveling the excavated dirt. Work on the Ferry street sewer is being pushed very rapidly considering the weather. The first few blocks are being wet down and leveled, good man holes have been built, and there is no doubt that a first-class job has been done on both sewers. Mr Hamilton, the superintendent, is experienced in the business and seems to know what good sewer work is. Albany will have some sewers that will make it the healthiest city in the valley. The work should be continued by compelling every place in Albany to be connected with them.

THE WHEAT MARKET continues the same, 86 1/2 cents per bushel. The San Francisco market would call for at least 80 cents. The lethargy here is caused by a lack of transportation facilities. The wheat cannot be moved. A big charterage is coming, when some very firm prices may be looked for, though prices are always a matter of speculation, as past experience has proven. A Corvallis man gives us the price at that city as 85 cents, due to the same cause.

THE O. P. BOATS.—The Bentley is being repaired at Salem and will be put to running carrying wheat. Captain Coulter, of the Three Sisters, will command the Bentley, and Captain Miller will be put in charge of the Three Sisters. Guy Power, purser of the Three Sisters, will be transferred to the Bentley. There is a big river traffic.

ARRESTED FOR VAGRANCY.—J C Agnew, the ex-fish man, was arrested to day charged with vagrancy. He was taken before Recorder Henton, plead not guilty, and his trial was set for Tuesday next at 2 o'clock p. m.

The best bread, cakes, pies, etc in the market. Go to Parker Bros for your groceries generally, and be assured of good goods and first-class treatment.
