MISFITS

WHEAT, 99 CENTS.

A hotel in Portland has been paying $400 per month for its electric lights and the power to run its elevator. Now it has put in a plant of its own and sells light enough to its neighbors to pay the cost of its rented power and the operation of its two dynamos. If this economy is catching the Electric Light company will have to reduce its charges or lose its business. It is also singular that private concerns can save so much in furnishing lights for themselves.—Welcome.

New Guinea, the largest island in the world if we exclude Australia, lies some eighty miles to the north of Queensland, between 0 degrees 22 minutes and 10 degress 42 minutes south latitude, and 130 degrees 30 minutes and 150 degrees 50 minutes east longitude. On the North and East it is bounded by the North Pacific Ocean, on the south by the Coral Sea, Torres Straight and the Arafura Sea, and on the west by the Arafora and Banda Seas. Its greatest length is 1490 miles, and its maximum breadth 430 miles, while the area is estimated at 311,380 square miles. All the land to the west of 141 degrees east longitude is claimed by the Dutch, east of this New Guinea has been divided between Britan and Germany, the boundary line running in a direction from northwest to southeast, the northern portion belonging to Germany and the southern part to Britain.

"German Syrup"

For Throat and Lungs

Hemorrhage Five Years.

"I have been ill for about five years, "have had the best medical advice, "and I took the first "dose in some doubt. This result- "ed in a few hours easy sleep. There "was no further hemorrhage till next "day, when I had a slight attack "which stopped almost immediate- "ly. By the third day all trace of "blood had disappeared and I had "recovered much strength. The "fourth day I sat up in bed and ate "my dinner, the first solid food for "two months. Since that time I "have gradually gotten better and "am now able to move about the "house. My death was daily ex- "pected and my recovery has been "a great surprise to my friends and "the doctor. There can be no doubt "about the effect of German Syrup, "as I had an attack just previous to "its use. The only relief was after "the first dose." J. R. LOUGHHEAD, Adelaide, Australia.

MRS. GRAHAM'S

Cucumber and Elder Flower Cream

Is not a cosmetic in the sense in which that term is popularly used, but permanently beautifies. It creates a soft, smooth, clear, velvety skin, and by daily use gradually restores the complexion several shades whiter. It is a constant protection from the effect of sun and wind and prevents sun burn and freckles, and black heads will never come while you use it. It cleanses the face far better than soap and water, nourishes and builds up the skin tissues and prevents the formation of wrinkles. It gives the freshness, clearness and smoothness of skin that you had when a little girl. Every lady, young or old, ought to use it, as it gives a more youthful appearance to any lady, and that permanently. It contains no acid, powder or alkali, and is as harmless as dew and as nourishing to the skin as dew is to the flower. Price $1.00, at all druggists and hairdressers, or at Mrs Gervaise Graham's establishment, 103 Post street San Francisco, where she treats ladies for all blemishes of the face or figure. Ladies at a distance treated by letter. Send stamp for her little book "How to be Beautiful."

Sample Bottle mailed free to any lady on receipt of 10 cents in stamps to pay postage and packing. Lady agents wanted.

A Severe Law.

The English people look more closely to the genuineness of those staples than we do. In fact, they have a law under which they make seizures and destroy adulterated products that are not what they are represented to be. Under this statute thousands of pounds of tea have been burned because of their wholesale adulteration.

Tea, by the way, is one of the most notoriously adulterated articles of commerce. Not alone are the bright, shiny green teas artificially colored, but thousands of pounds of substitutes for tea leaves are used to swell the bulk of cheap teas; and, also, and willow leaves, and those most commonly used, spent tea leaves, from tea warehouses are collected and sold to us. Even exhausted tea leaves are gathered from the tea houses are kept, dried, and made over and find their way into the cheap teas.

The English government attempts to stamp out this adulteration, but no tea is too poor for use in the land, the result is, that probably the poorest tea used by any nation are those consumed in America.

Beech's Tea is presented with the guaranty that it is unadulterated and unadulterated; in fact, the unopened tea leaf pure and simple. Its purity insures superior strength, about one third less of it being required for an infusion than of the artificial teas, and its fragrance and exquisite flavor is at once apparent. It will be a revelation to you. In order that its purity and quality may be guaranteed, it is sold only in pound packages bearing this trade-mark:
