GOOD EVENING

Read Local on 4th page.

A SHATTERED LEG.—Sunday afternoon about 3 o'clock a pistol shot was heard in the Celestial boarding house, adjoining Schuier's livery stable. It was learned that "Heenan Bill," a well known Chicago gambler, a high toned Celestial, had been shot in the leg by a .35 calibre revolver. The Celestial, as well as his companions, claimed that he had been shot accidentally while handling the revolver. It is probable they had been gambling and the shot was the result of a gaming row. Nothing could be learned from the Chinese, who are always reticent on such occasions and from whom nothing reliable has ever been learned about such matters. The shot was a very bad one, completely shattering the right leg below the knee so badly that it probably cannot be set. Dr. Mason was called and fixed it up temporarily, until a Chinese doctor could be secured from Portland. As they know nothing about surgery at all the chances for the Celestial will lose the leg below the knee entirely.

BERGLARS AT TURNER.—Some tramps who incline to house breaking went into Mr. Turner's business place at Turner's street, near the corner of 1st street, where they secured a \$15 watch. At Schuier's grocery they got four cents. At John Wittchen's they got a receipt. At Earle's hardware store they got in and rummaged about some things. Nothing was taken, as such property is liable to get them into trouble. It is reported they were turned out. Instead of being turned out the thief was undoubtedly the man Dempster, in jail in this city for robbing the city gun store. He had been hanging around there, and some of the goods stolen were found when he was arrested and brought to Albany. He was recently discharged from Fort Canby and has his papers with him.

HE HAD HEARD MURPHY.—The following from the Sunday Welcome of Portland, is what one of Murphy's converts, a noted gambler, said to a reporter: "I am sick of the gambling business. I have quit gambling and liquor forever because I desire to lead a different life. I am surrounding myself with different associates. I shall never again know the haunts that have held me back from the prosperity of every Western man of energy and integrity. I expect a responsible position and, 'God helping me,' I will try to deserve the trust reposed in me. Several thousands of us now wear the emblem of sobriety bequeathed to us by Mr. Murphy, and I hope to be the last to dampen that emblem with the poison of rum or stain it by crossing the gambler's threshold."

FROM THE MINES.—H. W. White came down from the mines this morning. He left there Friday morning, and went over now at the summit twelve feet deep, though at the mines there is not very much. Bob Monroe arrived on the night train. Nothing had been heard from F. Hill. If he gets out it will be in the direction of Scio; but the indications are that he is lost and may not get out at all. The mill was running right along day after day, and though little can be told now all signs are good ones.

ENCAMPMENT OFFICERS.—At the regular meeting of Oregon Encampment No. 100 F. held last Friday evening the following officers were elected for the ensuing term: G. W. Wright, C. P.; J. H. Lawler, S. W.; Henry Broder, J. W.; C. W. Sears, Scribe; E. A. Parker, Treasurer; W. M. Ketchum, J. P. Backhouse and Willie Gillet, Trustees.

A BAD TRENTLE.—The treble just east of the Jewish cemetery again caused trouble yesterday. Owing to an immense quantity of water under it it was thought dangerous to use it, hence the noon trains let there, exchanged passengers, etc., and turned in the directions they had gone. rains run over it at night after the water had subsided.

THE KEY TO SUCCESS.—That is what we all want. It is not luck, for there is no such thing. It is principally being careful about small things, for instance, the buying of the best quality of groceries, fruits and produce for family use, at the smallest cost. This counts in the long run. Those who deal with Conn & Henderson report bargains both in quality and price. They also have a fine line of crockery, ware, toys, etc., suitable for the holiday trade, which it will pay the public to call and see before buying.

HOLIDAY GOODS.—A fine line of holiday goods may be seen at G. L. Blackman's. His plush goods particularly are embracing a variety of handsome articles, which should be seen by all buying holiday goods. After a prosperous season the citizens of Linn county will be able to present their friends with the best to be obtained. Mr. Blackman can accommodate them with as fine a line of holiday goods as is to be seen anywhere.

A very appetizing T, A very surprising T, A saving, not waiting—Beautiful tasting—Very fine flavored T, And a large and choice stock of groceries, fruits and baked goods, at Parker Bros. A resolution is never to buy without first giving them a call.

SOCIAL AND PERSONAL

Miss Grace Piper, of Seattle, is in the city.

Chas. Cusick left this noon for his Cascade ranch.

Mrs. Henry Williams returned this noon from a trip to San Francisco.

R. F. Ashby, the Portland real estate agent, was in the city today.

The Misses Shultz returned to Portland this noon, after spending Christmas with their parents.

Prof. Horner, of the State Agricultural College, was in the city today on his way to the district school teachers convention at Eugene.

The engagement of Flora Lewis, of Ellensburg, Wash., formerly of Albany, a sister of Mrs. Ignatz Fox, and Joseph M. Martin, of Tacoma, is announced.

Capt. Van Alstine, one of Eugene's leading citizens, who has been in the city several days, went to Portland this noon to meet Mrs. Van Alstine, who, though, is in Albany.

Several years ago three Albany young men, young more or less, were bantering each other about getting married, and the order was arranged. Two of the young men are married and the other will be before 1892, but the order was exactly reversed, indicating that marriage is indeed a lottery, and you can't most always sometimes tell.

Eight years ago the DEMOCRAT published a list of thirty-four young men for the young ladies to choose from on account of their leap year privileges. The result was the marriage of twenty-five of the number, including the one to be married to-morrow. Friday another leap year will begin.

Bad Thompson, who so cleverly captured Abe Jones, the stage robber and counterfeiter in Warner valley last week, delivered his prisoner safely to the authorities, although he had no assistance. He will be liberally rewarded for his services, as it is said that there was a reward of \$1,000 for Jones' capture. Ex. Thompson was well known in Albany years ago, where, we understand, he resided for awhile.

On New Year's eve, Thursday, Dec. 31st, the Y. P. C. E. of the U. P. church will, at a social party, present "Aunt Dinah's Hushing Party," a mixed entertainment, full of fun, with the stage arranged for an old fashioned hushing bee. The corn has been secured, and it will only cost two shillings to see the bee and as well watch the old year out.

Mr. H. J. Hopkins, of Albany, and Mr. Chas. Riley, of Salem, led the grand march at Salem Thursday night at the Social club's ball. The Stitesian says: "This march was one of the prettiest features of the program and elicited applause not only from the dancers but from the many friendly spectators who were present. The movements were all new and strikingly handsome and well arranged for such a large party. The leaders were warmly congratulated for their efforts."

"ROOM FOR THE LEPER."—J. H. Babcock, the McKendzie man afflicted with leprosy, has been taken away, and we congratulate the people of Lane county, and especially those of the upper McKendzie, upon the same. He was brought here last Monday evening at 6 o'clock, then a private conveyance was hired and he was taken to Junction City, at which point he took the north bound overland train at 8:30 a. m. Tuesday and made the trip through to Seattle, Wash., without incident. At that city he was placed on board a small steamer and conveyed to Port Blakely, Wash., where he was taken aboard a ship, loading with lumber at that point for the Sandwich Islands. A cabin had been built on the deck of the ship previously to his arrival, where he will be confined during the trip to Honolulu. After his arrival at that place he will be taken to the government leper hospital, and confined, until the regular semi-annual gathering of lepers takes place, when Babcock will be conveyed to Molochi, the home of those afflicted with that terrible disease—the leprosy. At that place he will die, for no person subject the disease has ever been known to escape therefrom—Guard.

PHARMACISTS.—Messrs Louis G. Clarke

W. B. Welch and D. J. Fry, who compose the Oregon state board of pharmacy, have just announced the results of their last biennial examination, which was held at Salem, Dec. 27th. Eight applicants took the examination, and four were successful. Thus it can be seen that the work of answering the many intricate questions is not mere play, as many people imagine.—Journal.
