About one hundred degates were present from the different unions of the county. An important action of the Alliance was a resolution, passed after considerable discussion, and with opposition, to put an entire Alliance ticket in the field at the June election.

Mark Bodge, father of J P and I C Bodge, of this place, has just been placed upon the U S pension roll, under the total disadility act. He is probably the oldest veteran of the late war residing in Oregon, being now nearly ninety years of age He enlisted at Monticello, lows, when 57 in the 37th regiment, called the "gray-beards," on account of the advanced age of the men, and served two years and 7 months. Mr Dodge receives about \$150 back pension and \$12 a month hereafter.

A Good Straw.-The G. F. & P. A. of the Oregon Pacific, writing to an Albany man, says: "During the current month I expect the road will be sold, and there may be new arrangements, etc., hence this is made out only for current month." Another indication that there is to be an important movement forward. The 17th of this month is the day when the important change will probably take place.

Tau Boys Caught, -- About 1:30 o'clock last night Captain Dilley and Frank Bryant returned from their trip to Polk county with the runaways from the re-form school safe in a two-seated wagon. The lads were casily traced, and about 11:30 o'clock they were found fast asleep in a barn about twelve miles down the river on the Polk county side. The fugi-tives were placed in the city jail for safe keeping until today, when they will be returned to the reform school.—States-
