#### Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osmond,  
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kinschler,  
Conway, Ark.

#### Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Annett, M. D.,  
111 So. 6th St., Louisville, Ky.

"Our physicians in the children's department have spoken highly of the superior value of their children's medicine, Castoria, and although we only have a name, we need not say what is known as being a pediatrician, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

ABSOLUTELY PURE

#### Oh, What an Awful Breath!

There is nothing more healthful than onions. The trouble is that persons are afraid to eat them because they make the breath unfragrant. But there is a less fragrant breath than that freighted with onions. We mean the breath of a person with a foul stomach. Take him away we inwardly cry when he whispers in our ear. Do see that your breath is pure. Take a few Bandreth's Pills, and regulate your liver, stomach and bowels and your breath will be sweet.

WHERE TO GET THEM.—When wanting an organ or piano call on G. L. Blackman where you can select from a first class lot.

Hal's Vegetable Sulfur Hair Renewer is unquestionably the best preservative of the hair. It is also curative of dandruff, tetter, and all scalp affections.

### MISSIS

An Albany man only married on Oct 4th, 1891, advertises that his wife has left his bed and board. Marriage continues to be a lottery.

The Salem Journal says the fight between Judge Boise and Geo H Burnett for the nomination for Circuit judge is so warm that Salem people have never heard of it, a verification of the old saying.

The Woodburn Independent says fourteen of Salem's sixteen saloon keepers are republicans, and the Journal resents it and declares that saloon keepers are divided in politics there the same as other people.

The following weights of produce which the statutes of Oregon, page 1775, Hill's Code, provides shall constitute a bushel, may be of interest to farmers: Wheat and clover seed, 60 pounds; rye and corn, 56; oats, 36; barley, 46; buckwheat, 42; potatoes, 63; apples and pears, 42.

Dr Blalock, of Walla Walla, took a sure way of exhibiting railroad extortion to the board of trade at Seattle. He sent a box of apples, omitting to pay the freight. The board paid 95 cents freight charges and 25 cents for city delivery. "Now," said the doctor, "you can perceive why Walla Walla ships so little fruit to Puget Sound."

It is stated that a plan has been formed to establish a gambling resort on a small island in the Pacific Ocean near Santa Barbara, after the style of the famous Monte Carlo, where the celebrated characters of Europe gather to do their gambling. A Chicago paper says a stock company has been organized with a capital of \$10,000,000 to establish a gambling resort on a small island off the California coast, about thirty miles from Santa Barbara. Most of the stock has been taken by New York capitalists.

### TELEGRAPHIC NEWS

**Lane County Style.**  
EUGENE, Or Jan 14.—M V Rock, state lecturer and organizer of the farmer's alliance, held a meeting at the courthouse tonight in the interests of his party. He had only a small audience. Yesterday afternoon a conference between the alliance and the grange was held in this city, and the following resolution was adopted: Resolved, that we, the members of the grange and alliance, disclaim all political action by our organizations, but we feel it to be our duty and privilege to demand that each political party at the convention shall place men in nomination for county judge, commissioners and members of the legislature who are in sympathy with the farming interests of the state. We further agree and believe it to be our duty to withhold our votes from all unworthy candidates.

**War Imminent.**  
WASHINGTON, Jan 14.—War is imminent between the United States and Chili. This is the belief tonight of every member of the president's cabinet, excepting Secretary Blaine. Monday next the president will send the Chilean correspondent to congress. It will be accompanied by a message briefly stating the principal points in controversy, and explaining the motives and purposes by which the president has been actuated in conducting his part of the negotiations. War can now be avoided only by the failure of congress to declare it, or by action on the part of the Chilean government, which shall make war unnecessary.

**Acting Like the Portland R. R. C.**  
ALBANY, N Y Jan 14.—The republican state senators are getting desperate. In a long conference last night they very seriously considered a proposition to resign in a body. This daring scheme was proposed by Mr O'Connor, who has been greatly worried since Lieutenant-Governor Sheehan told him at the opening of the session, that there was no real need of republican senators coming back after the week's adjournment. The plan finds favor with all the republicans, except Erwin, Coggeshall, Richardson and Vangor, and two of the four may yet be won over.

**Greatest on Iron.**  
NEW YORK, Jan 14.—Robert Bonner in an interview said: I agree with everybody else that Arion is the greatest 2-year-old that ever lived. No horse of that age has equalled his performances; but my Sunol is "the greatest horse," to use the expression of Trainer Marvin, "that stands on iron." I received a letter from Marvin a few days ago. He says he expects to drive Sunol in 2:05 or 2:06 next year. Sunol was never pushed as a 2-year-old as Arion has been.

**Watts Appointed.**  
WASHINGTON, Jan 14.—The president today sent to the senate the nomination of John Watts as register of the land office at Lakeview, Or, and appointed the following postmasters: Idaho—Marcus Whitman, Montpelier. Washington—John T Lough, Pullman. Oregon—William H Crosby, Forest Grove.
