THE NEW OWNERSHIP BOOK.—Davis & Kinsey have just completed for Linn county and placed in the hands of Sheriff Scott an ownership book, which contains all the untaxed real property in the county. It will be a surprise to many to learn that in it are about a thousand pieces of property not on the regular assessment roll, the gross assessed value of which will approximate \$450,000. The Sheriff will assess the property as provided by law and collect the taxes the same as those under the regular assessment. Davis & Kinsey did a splendid job for the county, one that will be of lasting benefit, and will save the county thousands of dollars in taxes, a yearly amount that can be easily figured out. This experience is the experience of all counties securing ownership books, containing every piece of land in the county. In this case described so a deed can be made from it, and shows what an immense amount of property has been escaping its share of supporting the different governments.

ASTORIA'S R. R.—Though a chestnut, we are all interested in Astoria's railroad. If there is a city in Oregon deserving a road, it is that city by the sea, where ships should unload instead of up the river 100 miles. The San Francisco Chronicle says: "James S. Urquhart, of Astoria, is in the city awaiting the arrival of New York capitalists who are concerned in the project of building a railroad from Astoria and Portland. The city of Astoria as an inducement, has agreed to give 1000 acres of land within the corporate limits for the erection of a depot, car shops and other necessary buildings. E. L. Dwyer, of New York, heads the syndicate, which will have until February 1st to decide whether the matter will be taken in hand or not. Should they refuse, Mr. Urquhart says others are ready to invest capital in the project. Mr. Urquhart thinks that Astoria, which is the oldest city on the coast settled by Americans, would have had a railroad before this were it not for the jealousy of Portland. But every thing he says, looks favorable now for a railroad getting there at last.

CREDIT COURT.—The following new cases have been begun:

Assignment of Cyrus & Pitchford, J. K. Weatherford, attorney.

L. J. Houck agt W. J. Vernon et al. Partition. C. E. Wolverton, attorney for plaintiff.

M. Alexander agt A. O. and Mary E. Smith. Foreclosure.

Charles W. Weaver agt Fritz Hoffman. Suit for \$1000 damages for being ejected from the Elite saloon in Albany. J. N. Duncan, attorney for plaintiff.

B. A. Landers agt Thos. L. Henness et al. J. K. Weatherford, attorney for plaintiff.

G. Abraham agt Eggert Eggert. Motion to set aside judgment. J. K. Weatherford, attorney for plaintiff.

R. L. Sabin agt J. F. Nixon. Recovery of money. Attachment. Cox, Teal, Minor and J. K. Weatherford, attorneys for plaintiff.

HE LEAVES OREGON.—Governor Pennoyer, yesterday remitted the fine of \$500 against Thos. E. Russell, convicted at the last term of the circuit court of assault with a dangerous weapon upon Dr. J. C. Gray, upon the condition that he should leave the state and remain away permanently. Russell has served about two months of his sentence. Now Russell refuses to accept the pardon, on condition that he leave the state, and has so notified the officials. His attorney, L. Blyen, gave notice today of the appeal of the case to the supreme court.—Guard. They all love Oregon. A case in Albany was dismissed on the condition that the man leave Albany, but he didn't leave. Every part of the state has its peculiar attraction.

PLACER MINING.—Everything is running nicely at the Myrtle creek mines. About thirty men are now working there washing out gold. There is abundance of water, and 500 feet more of fifteen inch pipe and another giant have been received, and the new giant will soon be put to work, making four giants in operation. Four big streams of water turned against the side of a hill are sure to make the dirt fly, especially with such force as is obtained here. No clean-ups have been made since washing was resumed.—Register.

BE IN SEASON.—Spring comes early in Oregon. It is nearly here. If you would have a tailor made suit in season and in style call on Mr. Schiffer in L. E. Blain's tailoring department and get your measure taken for the best to be secured. A fine line of suitings just received. Stylish designs, staple goods, and fits guaranteed.

KELLOGG SCHOOL.—The Kellogg school of dress cutting at corner of First and Baker in the Ralston house is now open. Lessons not limited. Ladies are invited to call and examine the system.

SOCIAL AND PERSONAL

Mr. Bays, of Bay's & Jeffries, the sewer contractor, was in the city this forenoon. Dr. J. N. Smith, of Salem, and sister, Mrs. Dr. T. F. Smith, of Tacoma, are in the county, visiting their parents at Oakville.

Mr. Pete Anderson went to Portland today to secure material for the manufacture of a large truck for Wm. Faber's new brewery.

Attorney-General Chamberlain and Robert Clow, for the railroad commission, and Referee Holmes and Stenographer Williams, together with the Union Pacific attorneys are at Omaha, to conclude taking testimony in the rate case.—Journal.

B. S. Pogue, manager of the Oregon signal service bureau, was in the city today arranging with weather gauge French for the setting of a gauge in the river here. The second pier of the new bridge will probably be the location.

W. A. Cox returned from Seilo today, where he built the brick foundation for Goin's new mill, laying 30,000 bricks in between seven and eight days. The mill will be 52x42 feet, beside additions, four stories high above the eight foot basement. Work will be pushed with all possible speed.

Word was received in this city last evening of the death of Miss Maudie A. Vaughan, which occurred on Tuesday, Jan. 19th, at her home in Seattle. Miss Vaughan was a young lady of estimable character, loved by all who knew her, and leaves many friends in Albany to mourn her death. Miss Vaughan was at one time a resident of Albany for about a year, and was a sister of Mrs. W. L. Jester, formerly of this city.

CARL KING COMBINATION.—As few of our citizens have had the privilege of witnessing the peculiar and interesting work of mind reading, as performed by the few people in the world possessed of this strange faculty, it will doubtless be gratifying news that the distinguished mind reader, Carl King, will visit Albany next Monday and Tuesday nights. He brings with him a company of musical artists also, the Spanish Troubadours, headed by Don Jose Ramirez, who claims to be the champion mandolinist of the world. The combination of mind reading and music is said to furnish an entertainment that is unusually pleasing and interesting. Mr. King is said to perform some wonderful tests, such as telling the date on a coin with out seeing it; finding a pin hidden in an obscure place and placing it in a pinhole from which it had been taken; reproducing a living tableau, and many others which simply astound all who witness them. The musical selections given by the Troubadours on the mandolin and guitar is said to be of surpassing sweetness and to call forth undisguised admiration.

AT THE BAPTIST CHURCH.—The meetings at the Baptist church are continuing with increasing interest. Last night five were received into membership, and will be baptized tonight, when others are expected to present themselves for admission to the church. The afternoon meeting filled the lecture room yesterday and was an occasion of unusual power. Services at 2:30 and 7:30. Everybody is invited to come and hear Evangelist Lindsay and the male quartette.

ARM BROKEN.—Yesterday afternoon while papering the ceiling of T. L. Wallace & Co's new store, Mr. Gene Larimore, by reason of a board giving way, fell ten or twelve feet head foremost, to the floor striking heavily on his face and right arm, saving his neck, but resulting in a bad fracture of the right wrist. Dr. M. H. Ellis set the bone.

HOW TO MAKE MONEY.—Every man is the farmer of his own fortune and the harvest he reaps is entirely due to his own perseverance and industry. If properly sown, there is not one seed that promises him better returns than saving a dollar by buying groceries where you can always depend on the best goods and lowest prices. This you can do by dealing with Parker Bros., who always have on hand a large and select stock of groceries and baked goods. Try them.

Ladies, do you wish your hair to stay in curl, it is to get a bottle of French curling at Mrs. Hyman's.

Baragans in gold watches at French's, "The Corner Jewelry Store."

Gold spectacles and eye glasses, all styles and prices, at F. M. French's.

INSULTS

Marion county's tax levy is 19 1/2 mills. It was 21 last year. Road taxes will be payable in cash the same as other taxes.

In Oakland, California, a criminal case was tried the other day with one juror. Twelve were impaneled, but only one stood the test of the lawyers' objections, and then the attorneys agreed to try the case with him alone. They did so and he did not disagree, but without leaving the box brought in a verdict of guilty, and we'll wager the man got justice.

Miss Mattie Mitchell, daughter of Senator Mitchell, and the Duke of Rochefort, could, will be married in Washington, D. C. on Washington's birthday, February 22nd, (eleventh)—Astorian. Putting Washington's birthday on February 11 is like the Astorian's two column article on a Chilean vessel capturing the whole of Astoria. Both fakes, and indicating a weak fourth story.

Gradually our farmers are realizing that small farms well managed will pay the best. A live young German, after renting several years, and getting eighty acres near Albany, and is going at his own soil now in the right manner. Diversified farming is the order, and prunes and other fruits are already growing, besides oats and wheat. One man can run eighty acres alone and make money. Thrift and industry will count in this valley every time, but it is no place for a lazy man. "Small farms and no mortgages" is a splendid motto.

Linn is destined to become a manufacturing county. No section of Oregon is better adapted to manufacturing. The whole county is pushing forward in this respect. Albany and Brownsville have their woolen mills, Lelanon its paper mill, Waterloo is preparing for her knitting mill with one of the finest water powers in the U. S. Seilo will have her flour mill, Craufordville is getting ready for her boot and shoe factory and already has an ax factory. These, besides many other institutions, Harrisburg will have her water ditch, and already has a good saw mill and flour mill, and gradually every town in the county will have an important manufacturing industry.

A GROWL.

Editors Democrat:

Why should the people of Albany be taxed to pay for maintaining an electric light at the crossing of Montgomery and Sixth streets when it so frequently happens that darkness prevails there. The last two nights there has been no light, and it is not an uncommon thing for there to be none there. Let the city authorities compel the Electric Light Co. to comply with its contract. INDIGNANT.

WORTH THINKING ABOUT.—But words are things, and a small drop of ink, falling like dew upon a thought, produces that which makes thousands, perhaps millions, think. The object of this is to make you think about the subject of groceries. Conn & Hendrierson keep a first-class stock, at bottom prices, and as well have a fine line of crockery ware. Think about it and call on them.

AT HYDES' MARKET.—Fresh salmon at 8 cents per lb; fresh smelt at 6 cents per lb; fresh sturgeon at 5 cents per lb; fresh dressed cat-fish 10 cents per lb, also some fresh carp. Poultry dressed to order.

HOME AND ABROAD

The Democratic club will meet at the court house tonight. Let all members attend.

REMOVAL SALE.

On or about February 1st we will move our large stock of goods into the room formerly occupied by Monteith & Seitenbach, on the corner of 1st and Broadalbin Streets, opposite Samuel E. Young's store.

It is our aim to make this room a model clothing store and we have placed the same in the hands of experienced mechanics with instructions to finish the room per our plans with the least possible delay.

One of the main beauties of the store will be the light, this we have an abundance of, and the light of day will shine in upon our large and fine stock of goods. You will be able to distinguish the most delicate colors at any time during the day in any part of the store.

The room will be divided into seven distinct departments, viz: 1. Men's clothing. 2. Boys' clothing. 3. Childrens' clothing. 4. Furnishing goods. 5. Men's and Boys' hats. 6. Boots and Shoes. 7. Trunks and Valises.

In order to have the stock reduced as low as possible before removing we have decided to make the biggest reduction ever offered to the public by any clothing house in the city, ONE-FIFTH OFF, TWENTY PER CENT OFF the marked price which is in plain figures. This is a grand opportunity, and take advantage of it.
