Castoria.

"Castoria is an excellent medicine for children. I have used it for years and it has done me good effect upon their children."

Dr. J. C. Ayer, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the good interest of their children, and use Castoria instead of the various quack remedies which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitchener, Conway, Ark.

Castoria.

"Castoria is well adapted to children that I recommend it as an excellent prescription known to me."

Dr. A. Anderson, M. D., 111 So. 1st St., St. Louis, Mo.

"Our physician in the children's department has given me a box of Castoria, and I find it is the only thing that will cure our children's troubles. I have used it for several days and it has done me good effect upon their children. I hope the day is not far distant when mothers will consider the good interest of their children, and use Castoria instead of the various quack remedies which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

How to Help Your Digestion.

Almost every day we feel the unpleasant sensations of indigestion. Try Allen's Peppermint Cure and be relieved. J F Davenport, of Canasie, New York, writes: "I have been very much troubled with a violent pain below my chest bone. I was told by several physicians that it was rheumatism of the diaphragm. It resulted from cold and exposure. I had very little appetite and digested my food with great difficulty. I placed one of Allen's Peppermint Cure below the breast bone and two on each side. In the course of twenty-four hours all pain ceased, and I was able to eat and digest a good square meal, something I had not done before in two weeks. I got better constantly, and at the end of seven days found myself entirely well. Since then I have used Allen's Peppermint Cure for colds, coughs and pains in my side, and I have always found them quick and effective."

Ladies, do you wish your hair to stay in curl, if so get a bottle of French curling at Mrs Hyman's.

The Future Manufacturing Suburb of Portland—Already a Pay Roll of \$49,000.00 Per Month.

It is a well known fact that a manufacturing, employing labor, no matter where situated, is the nucleus of a city. The greater the number of employees, the greater the prospective city. The Krupp gun works of Germany, support a city of 95,000; the Pullman Palace Car Co. of Pullman, Ill., a city of 12,000. Oswego, Oregon, is in its infancy. Today the Oregon Iron & Steel Works, and other industries, make a pay roll of \$42,000 a month. With an increase in the manufacturing output, the city increases in population. Population increases values of real estate; therefore Oswego offers today, to the careful investor, the very best field for investment. Oswego is only two miles outside the limits of Consolidated Portland. It has cheap train service of 8 1/2 cents a trip, and eight trains a day; also six steamboats each way on the Willamette. Oswego is a beautiful site for a town. Oswego has a splendid 2,400 water power, which is offered to manufacturers for a term of years free, and land with it. Oswego has pure spring water in pipes over the town. Oswego has a beautiful lake where the pleasure-lovers of Portland will soon establish a summer resort. Property values in Oswego will advance rapidly and permanently as its future is founded on the development of the favorable location for manufacturing. Lots in Oswego invite the home-seeker. Lots sold on easy installments of \$10 down and \$5 a month. Ask the publisher of this paper to show you a plat of Oswego, or address a postal card to Portland, Batty & Co., 71 Alder street, Portland, Oregon.

MISSISS.

Salem's outlook for a public building is very dubious. According to the latest ruling, it will be entitled to a postoffice building costing thirty-three and one-third dollars, the present rent, a dollar a year, being 3 per cent. on the amount it has decided to allow. Even this will have to go through three committees.

The Statyon Times gets off the following on the Oregonian: The Oregonian meets the charges by contemporaries that while that paper listed its new building in the improvements for 1891 at \$400,000 and was assessed at only a little more than \$50,000, by stating that the indebtedness clause is what lets it out. It claims to be deeply in debt. The Times owes nothing.

Grange Notes.

February 6th, 1892.
At an early hour the good patrons were seen wending their way to Harmony grange, to be on hand in time for the Linn County Business Council. House was called to order by worthy president, J H Scott. The secretary read the roll of subordinate granges, and a quorum was found present. The minutes of last meeting were read by secretary, and no objections being found stood approved. The agent made a verbal report, and read two propositions which were referred to suitable committee. The special committee, on asking an appropriation from Congress to make the Willamette river navigable for boats for a greater part of the year, presented their report, and was talked on by several who thought it was a good suggestion and that congress ought to be urged to make said appropriation.

The hour of noon arriving the president declared a recess for dinner.
After dinner the worthy president called the house to order, and proceeded to regular business. The president read his standing committees for the year 1892. Legislation, R A Irvine, John Wallace, M V Leeper, H T French, W J McMeekin, James Swank and B M Miller. Good of the Order, S A Dawson, Mar. Miller, Henry Cyrus, John Bryant and Harvey Bodine. Finance, Henry Freckson, S S Train and J W McGhee.

Sover Grange, No 253, was admitted as a member of the Linn County Business Council. On motion the secretary was instructed to notify all those subordinate granges that are delinquent with their dues. A committee of three on trade was appointed by the chair, viz. T Frowan, M H Wilds and Jas Swank.

The next session of the council will be held with Tangent grange on the second Thursday in March.

It is actually economy to drink Peppermint Tea. Being absolutely pure, it is much stronger than the artificial teas, a cup or third less of it, or about twenty grains, being equal per cup. As there are 7,680 grains to a pound, there will be seen to be between three and four hundred cups to the pound. As it is but 60 cents per pound, this is at the rate of about one-fifth of a cent per cup. For sale at Allen Bros.

TELEGRAPHIC NEWS

Blaine Speaks Out.

WASHINGTON, Feb. 7.—Secretary James G Blaine has finally spoken. Under date of yesterday has written Chairman Clarkson, of the republican national committee, formally announcing he is not a candidate for the republican presidential nomination. The full text of his letter is:

"I am not a candidate for the presidency, and my name will not go before the republican national convention for nomination. I make this announcement in due season. To those who have tendered me their support I owe sincere thanks, and am most grateful for their confidence. They will, I am sure, make an earnest effort in the approaching contest, which is rendered especially important by reason of the industrial and financial policies of the government being at stake. The popular decision on these issues is of great moment, and will be of far reaching consequence."

A Terrible Disaster.

NEW YORK, Feb. 7.—A disaster, appalling in horror, and bringing to mind the terrible occurrence in Park Place, still fresh in the public mind, occurred in this city early this morning. The Hotel Royal, that well known landmark, which has stood for more than a quarter of a century at the southeast corner of Sixth avenue and Fortieth street, burned to the ground and a number of persons were burned, suffocated and crushed in the ruins. At the time of the disaster there were nearly 150 guests in the house. The hotel employees, all told, numbered fifty-five. Of the 150 people, five have thus far been found dead, six are in the hospital and sixty-three have been reported alive. One hundred are still missing.

A Lone Highwayman

MOKELMUNE HILL, Cal Feb. 7.—The stage to Valley Springs was stopped by a highwayman this morning about four miles from this place at the same spot where the stage was stopped January 7. The robber was masked with a gunysnek. The man was about five feet ten inches in height, dressed in dark clothing and his voice sounded the same to the driver as that of the former highwayman. The driver was ordered to throw out the express box. The only passenger was a young man named Mailles, who was asked by the road-agent if he had any money in his pockets. Answering in the negative, nothing more was said, and the box being thrown out, the driver was ordered to go on.

An Army Officer Reforms

PORT TOWNSEND, Wash Feb. 7.—At the Murphy meeting tonight Lieutenant Kimball, of the United States infantry, made one of the most pathetic, eloquent and affecting temperance speeches ever heard on a platform. Many persons were moved to tears and applause shook the building. The opera-house was packed from stage to gallery, standing room being at a premium. Lieutenant Kimball urged upon the friends and members of his company to sign the pledge and quit drinking as he had done. A great number responded to his earnest appeal.

Thayer Gives Up

LINCOLN, Neb Feb. 7.—The State Journal will contain the following tomorrow: "The Nebraska gubernatorial mudslide is settled for the present at least. The attorneys of Governor Thayer are not certain the office can be legally turned over to Governor Boyd before the official mandate is received, but Thayer wishes to leave the state this week, and has been so annoyed by the clamor of Boyd's friends that has determined to surrender the seat immediately, if Boyd is willing to take the responsibility of holding the official papers."
