Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

D. G. C. Croson,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will look for the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. P. Finckel,
Conway, Ark.

Castoria.

"Castoria is well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Acheson, M. D.,
111 So. 4th St., Brooklyn, N. Y.

"Our physicians in the children's department have reported highly of their experience in their cases, and we have used our medical supplies what is known as regular medicine, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

WHY ROYAL Baking Powder is Best

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the United States Government.

"I will go still further and state that, because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation.

"the Royal Baking Powder is undoubtedly the Purest and most reliable baking powder offered to the public.

Late United States Government Chemist.

OSWEGO

The Future Manufacturing Suburb of Portland—Already a Pay Roll of \$10,000.00 Per Month.

It is a well known fact that a manufactory, employing labor, no matter where situated, is the nucleus of a city. The greater the number of employees, the greater the prospective city. The Krupp gun works of Germany, support a city of 95,000; the Pullman Palace Car Co. of Pullman, Ill., a city of 12,000. Oswego, Oregon, is in its infancy. Today the Oregon Iron & Steel Works, and other industries, make a pay roll of \$10,000 a month. With an increase in the manufacturing output, the city increases in population. Population increases values of real estate; therefore Oswego offers today, to the careful investor, the very best field for investment. Oswego is only two miles outside the limits of Consolidated Portland. It has cheap train service of 8 1/2 cents a trip, and eight trains a day; also six steamboats each way on the Willamette. Oswego is a beautiful site for a town. Oswego has a splendid 2,400 water power, which is offered to manufacturers for a term of years free, and land with it. Oswego has pure spring water in pipes over the town. Oswego has a beautiful lake where the pleasure-lovers of Portland will soon establish a summer resort. Property values in Oswego will advance rapidly and permanently as its future is founded on the development of the favorable location for manufacturing. Lots in Oswego invite the home-seeker. Lots sold on easy installments of \$10 down and \$5 a month. Ask the publisher of this paper to show you a plat of Oswego, or address a postal card to Northwick, Batty & Co., 71 Alder street, Portland, Oregon.

May I have some of your grocery trade this month. If not, why not? P. E. Allen.

CANADA, Feb 9, 1892.

Editors Democrat:

Thinking a few lines from old Santiam might be of some interest to the democrats of Linn county, I believe after a careful canvass of this precinct that we will come up next June with our usual democratic vote, varying very little from two years ago, and I believe there will be less scratching than for many years, from the fact that everybody seems willing to abide by the action of the convention on the viva voce system of voting.

TELEGRAPHIC NEWS

Against an Early Convention.
BROOKLYN, Feb 12.—An anti-Hill meeting held at the Criterion theater tonight was largely attended. Augustus Healy opened the meeting, and his wathing Housley of Hill and his followers was cheered at every point, and there were repeated cheers for Grover Cleveland. Edward M. Sheppard, chairman of the meeting, spoke in severe condemnation of the act of the Hill men in calling an early convention. He was followed by John Hewitt Warner, whose speech was the principal one of the evening.

A sad and Romantic Story.
PITTSBURG, Pa Feb 12.—Mr Travers, a member of a prominent Boston family, has been brought all the way from Alaska in iron and will be confined in a Baltimore mad-house. He was in charge of William F. Duran and Emory W. Foster, of Washington. They told a sad and romantic story. For over 20 years Travers lived on a little island near Sitka, attracting no unusual attention. Last October he became so violent that his relatives in Boston and the authorities at Washington were informed, and Messrs Foster and Duran were sent to Alaska to bring Travers back. They left Alaska with him January 12. On the voyage down the coast Travers became so violent that it was found necessary to put him in irons, and some times to gag him.

The Silver Men.
WASHINGTON, Feb 12.—The silver men have some eight or ten petitions in circulation on the democratic side of the house urging that the silver bill be made a special continuing order, and said they had early today secured about 100 signers. There are doubts entertained as to the expediency of the petition movement, but the silver men mostly believe it may advance the consideration of the bill, and are doing what they can to bring the matter to an issue early in the session.

Not So Bad.
EUGENE, Or Feb 12.—A meeting of the stockholders of the Eugene Canning and Packing Company was held at the board of trade rooms last evening, and a statement was made by the directors of the affairs of the company. This shows the cannery not to be in so bad a shape as had generally been supposed, and while the cannery has met with losses, yet it is thought it will come out all right in the future and be one of the leading institutions of the country.

Patti Not Coming.
PORTLAND, Feb 12.—An Associated Press dispatch from San Francisco, received last night, says: "Adelina Patti, the famous singer, will not come to the Pacific coast this season. Her manager has telegraphed, canceling all her dates west of Omaha. The reason assigned for this is that she is doing an enormous business in the east, and her managers wish to exhaust that field before coming west."

Alabama Style.
BIRMINGHAM, Ala Feb 12.—Last Monday night at Romanulus, Tuscaloosa county two negroes broke open D. S. Robertson's store, robbed it and burned it to the ground. They were arrested, and on the way to Tuscaloosa a body of masked and armed men took the negroes from the guards and swung them to the nearest tree.

How to Relieve Your Distress.
Almost every day we feel the unpleasant effects of indigestion. My Alcock's Peppermint Cure has been reviewed, J. P. Dwyer, of Canandaigua, New York, writes: "I have been very much troubled with a violent pain below my chest bone. I was told by several physicians that it was rheumatism of the diaphragm. I resorted from gold and opium. I had very little appetite and could not eat my food with great difficulty. I procured one of Alcock's Peppermint Cure below the breast bone and two on each side. In the course of twenty-four hours all pain ceased, and I was able to eat and digest a good square meal, something I had not done before in two weeks. I got better constantly, and at the end of seven days found myself entirely well. Since then I have used Alcock's Peppermint Cure for colds, coughs and pains in side, and I have always found them quick and effective."

The Delcor's cure and Delcor's wait, furnish the back of dress reform tending towards artistic and hygienic dressing. They secure comfort, develop ment and grace.
