Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osmond,
Lowell, Mass.

"Castoria is the best remedy for children of which I have knowledge. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup, and other harmful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kneeland,
Cohasset, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Ament, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

OSWEGO

The Future Manufacturing Suburb of Portland—Already a Pay Roll of \$19,000.00 Per Month.

It is a well known fact that a manufactory, employing labor, no matter where situated, is the nucleus of a city. The greater the number of employees, the greater the prospective city. The Krupp gun works of Germany, support a city of 95,000; the Pullman Palace Car Co. of Pullman, Ill., a city of 12,000. Oswego, Oregon, is in its infancy. Today the Oregon Iron & Steel Works, and other industries, make a pay roll of \$12,000 a month. With an increase in the manufacturing output, the city increases in population. Population increases values of real estate; therefore Oswego offers today, to the careful investor, the very best field for investment. Oswego is only two miles outside the limits of Consolidated Portland. It has cheap train service of 8 1/2 cents a trip, and eight trains a day; also six steamboats each way on the Willamette. Oswego is a beautiful site for a town. Oswego has a splendid 2,400 water power, which is offered to manufacturers for a term of years free, and land with it. Oswego has pure spring water in pipes over the town. Oswego has a beautiful lake where the pleasure-lovers of Portland will soon establish a summer resort. Property values in Oswego will advance rapidly and permanently as its future is founded on the development of the favorable location for manufacturing. Lots in Oswego invite the home-seeker. Lots sold on easy installments of \$10 down and \$5 a month. Ask the publisher of this paper to show you a plat of Oswego, or address a postal card to Borthwick, Batty & Co., 71 Alder street, Portland, Oregon.

It is actually economy to drink Beech's Tea. Being absolutely pure, it is much stronger than the artificial teas, about one third less of it, or about twenty grains, being required per cup. As there are 7,680 grains to a pound, there will be seen to be between three and four hundred cups to the pound. As it is not 60 cents per pound, this is at the rate of about one fifth of a cent per cup. For sale at Allen Bros.

The Result of Merit.

When anything stands a test of fifty years among a discriminating people like the Americans, it is pretty good evidence that there is merit somewhere. The value of a medicine is best proved by its continued use from year to year by the same persons and families, as well as by a steady increasing sale. Few, if any, medicines have met with such continued success and popularity as Brandreth's Pills, which, after a trial of over fifty years, are conceded to be the safest and most effectual purgative introduced to the public.

That this is the result of merit and that Brandreth's Pills actually perform all that is claimed for them, is conclusively proved by the fact that those who regard them with the greatest favor are those who have used them the longest.

Brandreth's Pills are sold in every drug and medicine store, either plain or sugar-coated.

TELEGRAPHIC NEWS

A Swindler.

SEATTLE, Wash Feb 19.—For several days a clever swindler, in the person of a small, middle-aged man who deals in paper money, the denomination of which he raises by pasting a large number over the originally engraved figure, has been operating in this city. The latest victim is the proprietor of the Chicago meat market, at 134 Third street yesterday. The small man went into the butcher shop and bought a tenderloin steak, giving what purported to be a \$10 bill in payment. He was given \$9.00 in change, and went away. The bill turned up in the clearing house today and was pronounced bogus. It had been raised from a \$2 bill.

It was Loaded.

LYNN, Mass Feb 19.—While carelessly toying with a revolver today William Londregan shot and instantly killed his friend, James Ferris jr. Both were witnessing the "Wild West" show here, add as a performer had down his 44-caliber revolver Londregan picked it up and brandished it before his friend's face in an innocent sport. He did not know, however, that the weapon was loaded, and then his friend jestingly said, "Let her go." Londregan pulled the trigger and with a fatal result, for the next instant his companion fell to the floor dead Londregan, who is frantic with grief, was placed under arrest.

Passed the Senate.

WASHINGTON, Feb 19.—Senator Allen's bill appropriating \$400,000 for the purchase of a site and the erection of a public building at Tacoma, Wash, passed the senate today without objection from the democrats. What its fate, or that of the bills for buildings in Seattle and Spokane, in the house will be is not known. But it is doubtful if they pass by Objector Holman and his disciples.

White vs Black.

LOUISVILLE, Feb 19.—Rioting between the whites and negroes is feared near Parisburg. A number of whites were recently discharged by the Ohio & Big Sandy railroad on account of trouble with the negroes. The whites were so incensed that they gave a band of seventy-five negroes warning to leave or be whipped. The negroes are arming themselves and a riot is probable.

After Base Ball.

SALEM, Feb 19.—In baseball circles the outlook today is bright for perfecting the organization of a \$10,000 stock company to support Salem in the Pacific northwest league. Mr Lytle arrived from Portland this evening and a final canvas for the stock will be made tomorrow. There is no longer any doubt that Salem will avail herself of this opportunity to have league ball.

Snow in England.

LONDON, Feb 19.—The snow storms which have prevailed recently throughout the United Kingdom have increased in severity. In several places in the southwestern part of England the snow is several feet deep, many accidents are reported from various English towns.

WORTH THINKING ABOUT.—But words are things, and a small drop of ink, falling like dew upon a thought, produces that which makes thousands, perhaps millions, think. The object of this little make you think about the subject I groceries. Conn & Henderson keep a first-class stock, at bottom prices, and as well have a fine line of crockery ware. Think about it and call on them.
