GOOD EVENING

ANOTHER DISAPPEARANCE.—This seems to be an era of disappearing men. The E. O. of Pendleton says: A young man named Charlie Hollis has very mysteriously disappeared. He had lately been employed for H. C. Vaughn on the reservation, and Monday evening, February 15th, came to Pendleton. He put up his tent at Koptik's feed yard, took supper and breakfast at McFarland's, and left without settling for the meals, stating that he had to go to Athena and would pay when he returned. Since then nothing has been seen or heard of him. He left everything he owned behind, including his blankets and trunk, which are at the feed yard. No cause can be assigned for his disappearance. He was a young man of good habits, bore a reputation for sobriety and honesty, and was a hard worker. He had no debts except one secured by his team, and financial difficulty could not have been the cause of his leaving.

A GOOD THING.—The Eugene Guard says: Mr Joseph Koch, the draughtsman, has commenced work on a new county map, that will keep him busy for the next four or five months. The map will be about 22 feet long and 18 feet wide. On the map will be shown all the present county and government surveys up to date, all the streams with their tributaries, the railroads and all the county roads; all the platted tows and their additions by streets and blocks. Also all the different tracts of land from 10 acres up, giving names of owners and acreage of their contents. This map, when finished, will be Mr Koch's own property, and the only complete county map since 1863. Mr Koch will have the map photo lithographed and then reduced to a convenient size for general use.

LOOK OUT.—Elsewhere we publish extracts from an article in the San Francisco Examiner on the National B. & L. A. of that state showing them to be run entirely in the interest of the managers, a trap for investors. As this is on the authority of the bank commissioners, it may be relied on. Albany men who have put their money into any of these associations should investigate them at once. Local Building & Loan Associations are a fine thing because the members get the benefit of the profits, but in case of the national the money seems to all go to the managers. The best way always is to support home institutions. You can generally depend on being taken in with outside institutions of this character.

DONATION ENTERTAINMENT.—Next Friday night the Ladies Aid Society will give a donation entertainment at the opera house, which will deserve a line of support. At that time a donation of things useful for the new orphan's home will be received, such as kitchen utensils, dishes, etc., pillows, towels, sheets, and whatever will be of use at the home. An interesting program, to be published hereafter, will be presented, and a lunch of ice cream, cake, coffee and sandwiches will be served for 25 cents. Our citizens should turn out and assist this deserving object.

SCHROENBERG.—Deputy Sheriff Scott today served subpoenas on Del Savage and Harry Squires to appear at Astoria tomorrow as witnesses in the case of the state agent Geo. Smith, the darkey, who eloped from Corvallis with Lillian Young several months ago. Young Savage left on the noon train for the city at the mouth of the Columbia.

JAIL BREAK.—Two prisoners escaped from the jail at Roseburg yesterday. One of them was captured this forenoon at Yoncalla on the brakebeam of the Portland bound express. The other had not been secured.

RUNAWAY INDIAN BOY.—This forenoon Marshal Hoffman captured an Indian boy, who had escaped from the school at Chemawa. He will be held for an attendant of the school, who will arrive on tonight's train.

It is a big privilege to be able to get what you want when you go to a grocery store. Allen Brothers keep such a variety of goods that they can always accommodate their customers. This R saves running around. If it is O fruit season they have the goods. T In produce their stands are full H of the latest and best. Their E stock of standard groceries is S always large, of the best to be R secured in the market.

How TO MAKE MONEY.—Every man is a farmer of his own fortune and the harvest he reaps is entirely due to his own perseverance and industry. If properly sown, there is not one seed that promises him better returns than saving a dollar by buying groceries where you can always depend on the best goods and lowest prices. This you can do by dealing with Parker Bros., who always have on hand a large and select stock of groceries and baked goods. Try them.

A. B. McILWAIN has just received direct from the manufacturers, new designs in carpets, oil cloths, linoleums and window shades, which will be sold at reduced prices. He is also receiving a fine line of men's shoes, in late styles, at 25 to 75 cents per pair less than regular prices.

OUR ability in Catering to wants should not be LOST sight of when you need the best stoves in the market, as well as tinware and hardware generally. We can furnish them at bottom prices. MATTHEWS & WASHBURN, the stove men.

Decidedly the largest and choicest variety of goods in town is at C. E. Brownell's. Sun shade, basket fired, green, black, English breakfast, &c.

SOCIAL AND PERSONAL

Mr Al Day, of Portland, is in the city. Mr Ed C Niles, of Portland, was in the city yesterday visiting friends.

Mr Geo W Smith, ex-city councilman, was in the city this forenoon. Manager Writsmann of the Farmers and Merchants Insurance Company, went to Portland this noon.

County Assessor H S Williams returned last night from the convention of assessors in Portland, and went to his home this noon. Sheriff Scott was in the city yesterday, on his trip around the tax gathering circuit, during the week he collected \$793,47. Payments are rather slow. The total collected is \$47,849.34. Today he left for Harrisburg.

Conductor Kennedy of the Oregon Pacific, went to Portland this noon. He reports work begun on the new steamer, that gives the interesting information that that timber themselves had such inherent speed that in being towed down the bay they shoved the tug nearly all the way.

Rev W T Chapman of Idaho conference, formerly of Oregon, and who is well known in this state, has been elected financial and endowment agent for the university. Mr Chapman comes well recommended and has done good work along financial lines heretofore.—Journal. Rev Chapman was formerly of Canby, where he undertook to establish, as its president a Chautauqua Assembly; but for lack of outside support the project failed.

Mr Chas Cusick returned home this noon from his Cascade ranch. He reported everything serene around the Medill claim. Louis Dyer, who has been accused of jumping Medill's claim, by invitation of a large number had retired and taken up another claim near by not yet settled on. Dyer claimed that he had been located by Mr Brown and had no intentions of jumping any one's claim. A new enterprise there will be a ferry near Mr Cusick's claim, for which the old ferry cable used at this city, will be used.

A BIG FRUIT ORCHARD.—An important thing in the future growth of this country will be our fruit orchards. The following from the Gazette is the kind of manner in which it must be pushed: "M Schmidt, proprietor of the Occidental hotel, was over at Nashville this week where he has large interests. He informs us that a syndicate of ten people, of which he is a member, have sixteen men engaged in setting out an orchard to contain 100 acres, seventy acres of which will be planted in Italian prunes, ten in bartlett pears, ten in peaches and ten in apples. Mr Schmidt has also had a town site laid off at Nashville and already disposed of several lots. That section of the country is becoming noted for its fine fruit raising.

William Mack and Barr Sloan are moving today from the building on E F Sox's lot, on Second Street, adjoining the opera house, in order to give Mr Sox an opportunity to begin the erection of the brick livery stable heretofore mentioned. The old building will be moved to the Third ward.

The regular meeting of the Albany W C T U will be held at their hall tomorrow afternoon, March 1st, at 2:30 o'clock. A good attendance requested and visitors made welcome.

MANUFACTURING CANDLES.—At Mueller's candy and refreshment parlors can be seen a fine line of their own manufacture. Don't fail to give them a trial. Fresh every day.

A SHOE FIRM.—S E Young has just received a large stock of shoes, for men, women and children, including particularly a fine line of school shoes. The best makes in the market can be found in his shoe department.

HOME AND ABROAD

Lent is here. There are three arenas in the A O U W for the month of March. One is made to meet relief call.

Two more car loads of bridge material arrived yesterday, bringing among other things the much needed pier caps.

A large audience witnessed "She" at the opera house Saturday night. It was well presented by the Beebe-Harbour company. The scenery was also good. This was the first presentation of the famous "She" in Albany, and those who saw it were generally more than pleased with it.

Commencing today it will be impossible to buy salmon and other kinds of fish until the 10th of April. The new law is exceedingly stringent, and makes the dealers and even the transportation companies liable to fine for having them in the possession, even if brought from outside points.

The Oregon Steam Dye Works, Oscar Kendall, proprietor, is doing some good work that its fame is spreading throughout the valley, so much so that Mr Kendall has had to establish a branch at Albany. It will be a creditable addition to the business firms of that lively city.—Oregonian.

A few days ago Mrs W W Crawford and Mrs A W Marks were returning home from Seaside, in a dog cart when their horses ran away tipping them out, and bruising each lady, but not seriously. They were wearing Mrs Crawford's home, to which place the horse ran, leaving them only a short distance to walk.

Some recent remarkable finds in old mines in Colorado prove that the miners make a great mistake in often ignoring and neglecting the small veins and leads commonly called "feeders," "slips" or "spurs," that is, in not cross cutting enough. These leads, not more than a mere seam often open up the richest sort of mineral in well defined veins, and frequently show up valuable pockets. It is a hint worth remembering in mining.

All prohibitionists are invited to attend. Wolfenbarger and Huchins, the great prohibition orator and singer, will also speak and sing at the place Monday and Tuesday, March 7th and 8th at 7:30 o'clock p m. Admission free. All are invited. MINES

The Portland Mercury says the wife of an Albany professional man has been in that city with a doctor, and did not believe just right. Must be a mistake, as nothing can be learned here of anything of the kind.

A tug of war is now going on between Seattle and Tacoma in the matter of registration of voters. Seattle claims to have 10,000 on the list, and Tacoma is determined to surpass this; but cannot do it, we predict.

The editor of the Seattle Post-Intelligencer characterizes Francis Willard as either "a demagogue" or "an ass," which is in keeping with the P. I.'s style of journalism. Miss Willard, regardless of politics, is one of the noblest as well as ablest and purest women of the present generation.

Salem does things in the Salem way. If she undertook to build a railroad to the moon it would go.—Journal. Yes? What about the Falls City R R, the Silverton motor line, besides the Astoria and Salem R R incorporated two or three years ago.

E H Flagg, formerly of St Helens, where he edited the Min, and later of Hillsboro, where he was connected with the Independent, has decided to start a democratic newspaper in Salem, and has rented a building for that purpose. It will take unflinching perseverance by Flagg to make a democratic paper count in Salem.

A Salem paper says that when "Sandy" Olds shot Emil Weidner he was a republican, but that he emerges from the penitentiary a full-fledged democrat. It is thus apparent that the Oregon penitentiary is a great reformatory institution.—Welcome.

Salem has organized a kindergarten association. Recently an effort was started here to establish a free kindergarten. This effort should be continued. The kindergarten is the future starting point for the education of the masses, and gives the little ones ideas for future usefulness obtained in no other way. Let the kindergarten movement be pushed forward.

Marion county has fallen in line. The Statesman says: The Marion county farmers' alliance met at Grange hall yesterday and held quite an interesting meeting, there being present representatives from many of the subordinate alliances throughout the county. The hall was set to rolling nicely in the matter of placing a third ticket in the field this spring. It seems the general verdict that a third ticket was necessary and the alliance will now work along that line. It is likely there will be some congressional and county tickets.

GUIDE TO CHICAGO.—"The Artistic Guide to Chicago and the World's Columbian Exposition," is the title of a new book just out. It gives a concise history of the great city by the lakes from its settlement in 1837 to the present date. It is embellished with dozens of beautiful half tone illustrations made from photographs, a bird's eye view of the city and a grand bird's eye view of the World's Fair ground, and building. Every family should have one. Mrs A M Tall, agent.

AN OLD SAYING IS

"Spend not all you have, believe not all you hear; tell not all you know; and do not all you can." Do not look for blood in a turkey or stoves in a confectionary store; but go to Matthews & Washburn's stove, tinware and hardware store and examine their stock of goods, if this is the line you want. If you buy you will not spend all you have; you will believe what you hear because you can also see; you will know too much to tell it all and you will not do all you can because the stove you get will do the work and save many a savage expression and extra step.

WORTH THINKING ABOUT.—But words are things, and a small drop of ink, falling like dew upon a thought, produces that which makes thousands, perhaps millions, think. The object of this isto make you think about the subject of groceries. Conn & Hendricson keep a first-class stock, at bottom prices, and as well have a fine line of crockery ware. Think about it and call on them.
