"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osborn,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will cease to be so ignorant of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphia, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitchin,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children, that I recommend it as superior to any prescription known to me."

W. J. Ancker, M. D.,
1112 E. 4th St., New York, N. Y.

"Our physicians in the children's department have acquired a lively interest in their cases in their outward practice with Castoria, and although we only have among our medical supplies what is known as regular Castoria, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Mr. Gilbertson, of Iowa, was here last week. Mr. G. is well pleased with our mild climate. He is looking for a hundred acres of good land to put out pruned trees.

Mr. W. S. Davis, of Atlantic, Iowa, arrived here last week. He is also well pleased with Oregon.
Mr. W. A. Robb and wife, of Shedd, made a flying visit to this place last week.
Mr. C. Stone, brother of H. M. Stone, after spending 18 months in Oregon, took a great dislike to the country and went back to Colorado to work in the mines. Last week he wrote to a friend as follows: "We are having nice weather here, times is good, money plenty, lots of work, wages good. I am working 8 hours for \$3.00 a day, but that don't suit me; I had rather be in Oregon working for smaller wages. I think Oregon is the finest country I ever saw, if I did bleed it while I was there, I have changed my mind since. I intend to make Oregon my home hereafter if I live to get there. Mr. S. is like all those that go back east to find a better country than Oregon."
The McCoy poet is with us again on a letter mailed at this office. There were the following lines:

It is actually economy to drink Beech's Tea. Being absolutely pure, it is much stronger than the artificial teas, about one third less of it, or about twenty grains, being equal per cup. As there are 7,000 grains to a pound, there will be seen to be between three and four hundred cups to the pound. As it is but 60 cents per pound, this is at the rate of about one fifth of a cent per cup. For sale at Allen Bros.

TELEGRAPHIC NEWS

Just Found It Out!

WASHINGTON, March 8.—One of the developments during the past week is the peculiar manner in which the letter of Secretary Blaine upon the divorce case of his son is taken. The general impression is that it is one of the most unwise acts of the secretary, and is conclusive proof he is either breaking down mentally or he has determined that for all time he will be out of politics. It is believed he was induced to write the letter or statement at the request of Mrs. Blaine, who no doubt smarted under the imputations and assertions of the Deadwood court; but at the same time it is believed it was a very unwise move, even if he did not intend to retire permanently from public life.

Seattle Democratic.

SEATTLE, March 8.—The municipal election today was a landslide. The republicans have held possession of every branch of the city government, but the democrats now make a clean sweep, electing every man on the ticket by majorities from about 2000 for Ronald over Leary, down to Owing to the large number of nominations the number of charter amendments to be voted on, the counting of the ballots is going on very slowly. Of the 8284 votes cast not more than 2300 were counted at midnight.

Travellers Demoralized.

PENDLETON, March 8.—The democratic county convention met here today and nominated the following ticket: Representatives, Michael Toner, J. M. Stone and H. J. Taylor; county judge, T. J. Tweedy; commissioner, A. L. Gordon; sheriff, W. J. Furnish; clerk, W. M. Reece; treasurer, W. H. Jones; assessor, W. W. Brannin; school superintendent, D. W. Jarvis; coroner, Dr. Philmel. The proceedings of the convention went off smoothly and unenthusiastically. There was no contention, no differences.

For Bravery.

PORTLAND, March 8.—The gold medal which the chamber of commerce will present to Mrs. Edward White, of Copalis, Wash, for bravery in connection with the wreck of the ship Ferndale, has been finished and will be forwarded to her in a few days. It is a beauty. About the bar is a miniature submarine. On the bar is the inscription, which was suggested by E. D. McKee, who was instrumental in inducing the chamber to reward Mrs. White. "Heroism lives in the hearts of heroic people."

Behrning Sea Treaty.

WASHINGTON, March 8.—The senate in executive session, this afternoon, considered the arbitration treaty in regard to the Behrning Sea. There was much opposition to it. The body of the senators bitterly resenting the idea of any treaty and holding the right of the United States to the waters acquired from Russia was beyond question. They assert it would be cowardly to surrender on the part of this government to submit its rights to uncertain decision of foreign arbitrators.

Disorderly Students.

PARIS, March 8.—Seventy students of the agricultural college at Guigon, near Versailles, armed with cudgels, yesterday made a raid upon the village. In the course of their decorations they even invaded the cottages, beating the occupants and smashing windows.
