

The fact is the vive voce system of voting in conventions is a daisy, and the democrats of Linn county are wedded to it.

There are always unpleasant things connected with conventions, and that is, the defeat, quite frequently, of as good men as those who receive nominations.

The manly bearing of C C Hackleman yesterday, when defeated for the nomination for county clerk was observed by all, and called forth many expressions of favorable comment.

The Australian city of Melbourne, which was founded less than 50 years ago, has already a population of nearly half a million, and stands fifth among the cities of the British Empire.

E J O'Conner a skilled surveyor was nominated for the office of surveyor. Mr O'Conner is fully competent to meet every requirement of that office. He will be elected.

G F Russell our efficient county school superintendent was renominated for that office which shows that his administration of school affairs meets the approval of the people. George has scores of friends and will get a big vote.

The remarkably beautiful green color of some preserved beans and other vegetables is said to be obtained by boiling the vegetables in a copper vessel while an electric current is passed through it.

First quality second growth white ash for carriages is so scarce that the probability is that in a few years only will be used for coach poles and other purposes for which ash is now used.

W P Elmore of Brownsville, one of the candidates for the legislature comes recommended by the best citizens of that part of the county as a man of sound judgment, high personal integrity and good ability, and one in whose hands our interests in legislation may be safely trusted.

The sermons of the German Emperor, which he delivered on his yatching voyages, were not written by him, but by Dr Richter, the chaplain-general of the army. They were written by command, in order that by reading them William might illustrate the duty of every sea-captain.

T J Munkers the candidate for county commissioner lives at Scio. He comes recommended by his neighbors as a man peculiarly fit for that office. A man who conducts his own business upon careful business principles, he may be depended upon to do likewise with the affairs of the county.

N P Payne was nominated for county clerk. In view of the fact that he had to most face to face three very strong, worthy men in the convention, and the further fact that this is the first time since 1890 that the democrats have renominated a man for the clerkship, it is plain that Mr Payne is a strong man. He will carry a large vote.

C C Jackson is the nominee of the convention for sheriff. He is a farmer and lives in Halsey precinct. He too is a native Oregonian, a self made man, an energetic, honest, competent citizen. He has hosts of friends all over the county, and the republican nominee, whoever he may be, will have a hard row to hoe running against "Linn" Jackson.

A Blevins of Tangent was also nominated for the legislature. Mr Blevins is a farmer of sound sense and mature judgment. He will truly represent the people of Linn county in the legislature. He served one term in the legislature some years ago, and the experience then acquired will be valuable to him when he shall go to Salem next winter.

George Humphrey the candidate for county judge is probably the most extensively known man in the county. He has filled the office of Justice of the Peace, deputy sheriff and sheriff, the duties in all of which were faithfully performed. He is fully competent for the office of county judge.

E E Davis, though opposed by one of the most competent young democrats in the county, Prof W A McGhee, of the Lebanon public schools, was renominated for the office of Recorder, this being the third time he has been so honored. Practically he will have a walk over, and it will be almost inhuman on the part of the republicans to put up some respectable man to be slaughtered by Ed.

M A Miller, of Lebanon, who is one of the democratic candidates for the legislature is a native son of Oregon, a young man of good ability, unquestioned integrity and sobriety, and will make an excellent legislator. Nearly every body in the county knows "Milt" and the vote at the polls will show the high esteem in which he is held by those who know him.

Brice Wallace of Price precinct, the candidate for county treasurer, is a careful painstaking farmer who is held in high esteem by all who know him. He is honest, he is competent. He fills up to the full the Jeffersonian test of fitness for a public office. The funds of Linn could not be deposited in safer hands. Keep your eye on the big vote he will receive.

The democratic convention that met yesterday was a model one, and did just what the people elected it for,—nominated a ticket which, upon the whole, is an excellent one. Its work was the result of open, fair candid deliberation, and may be regarded as the combined best judgment of the representatives of the party. Good men went in before the convention as candidates and when the open ballot showed they were not the choice of the convention, they gracefully retired. The people at the polls in June will ratify the nominations made with a good round majority.

J E Michael is another one of the native sons of Oregon. He lives in Waterloo precinct. It must be regarded as quite a compliment to him that the convention should have selected him from among the many good names before the convention for assessor. Mr Michael is a steady citizen of good judgment and will make a good assessor.

The Herald thinks there was not much enthusiasm at yesterday's convention. The convention was not in the enthusiasm business. The enthusiasm will come later on. The convention yesterday simply meant business, and we never saw a convention that seemed to mean so much business.

There is very general good feeling among democrats, all expressing themselves as satisfied with the ticket. Of course there were disappointments, but these always attend upon conventions. All expressed their determination to go home and help elect the ticket.

The Japanese, it is said, dislike the Russians and the Chinese, but like the Americans and the English. They are fearful of the aggressions of the Russians in Corea and of the Chinese in the islands that lie south of Japan; but they do not look for any act of aggression by the United States or by England.

The largest siphon, probably, is on the levee between McKinney Lake and the Mississippi river. The main pipe is two feet in diameter and 616 feet in length, and it has a discharging capacity of 26,000,000 gallons a day.

Frank Farrell was renominated for coroner. He is qualified to meet fully all the duties devolving upon him in that important office. He will have much work to do in June, and it is safe to say he will do it well.

CONSISTENCY, thou art a Jewel. Matthews & Washburn keep the Jewel and other first-class stoves, and there is no better way to be consistent than by investing in one of them. Matthews & Washburn's motto is to keep the best, and their prices are always reasonable. Large sales speak for the manner in which these facts are appreciated through Linn county.

The L E Blain clothing company have just received an uncommonly large stock of hats of all the latest styles and grades, and are prepared to fit and suit the most fastidious.

Bad Blood.

Impure or vitiated blood is nine times out of ten caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impregnated with the effluvia. The old Sarsaparilla attempts to reach this condition by attacking the blood with the drastic mineral potash. The potent theory is old and obsolete. Joy's Vegetable Sarsaparilla is modern. It goes to the seat of the trouble, it cleanses the liver, kidneys and bowels to healthful action, and purifies the circulation, and the impurities are quickly carried off through the natural channels. Try it and see its delightful action. (text partially obscured)
