That Money Maker. Recently we mentioned the arrival in Albany of a little machine for making money.

It only cost 50 cents, and is very innocent in good hands, as it is in Albany.

It is simply a trick, is built somewhat like a wringer, being arranged so that when white paper is put in, gold money previously concealed under the cloth around the rollers comes out, looking exactly as if the white paper had passed through. But it seems that the machine is being used by confidence men in some places in a very loud manner.

A short time ago a Ohio man paid \$500 for one, believing it really made money, in another state one was sold for \$250, and in some places they were disposed of rapidly at \$25 a piece, showing what a lot of greenies there are in the world.

It is probable laws will be passed against the machines in some states. The confidence scheme of the machine has not reached Oregon; but if it does there will be plenty to bite, one might judge from the way every new fake is patronized.

The Base Ball League. A long article in the Eugene Guard from Albany urges that city to enter the base ball league, being organized, and probably to consist of Salem, Oregon City, Albany and Eugene. The writer says: "The league will be organized on the same general plan as the Western, and all minor leagues have been this year. The officers of president, secretary and treasurer, will be consolidated to insure economy. The president will sign all players. A committee will then divide the players into teams, and these will be drawn by lot by the several cities represented. This is to insure evenly matched teams. Each club will be entitled to ten players and a manager, and the salary limit will probably be \$750 a month. Each club must deposit \$500 before a schedule is adopted, which amount will bind the club the season out."

A Bad Boy. George Pritchett, a 14 year old boy who has been under the guardianship of H P Myers, living near Stegton, was committed to the reform school yesterday by the county court. The boy has been held to await the action of the grand jury on a charge of the larceny of a \$150 horse, a \$15 saddle and a \$5 revolver from H R Myers, on March 7th. He is also charged with having stolen a pair of rubber boots. Statesman.

Circuit Court. The following new cases have been begun since the docket was published a few days ago:

Jacob Schmidt agt R R Humphrey et al; foreclosure.

Jacob Schmidt agt R R Humphrey; foreclosure.

D M Osborne & Co agt R M Robertson; recovery of money.

GETTING THINGS MIXED. Recently a Salem paper sent Albany's recorder to the penitentiary, and now the Oregonian correspondent from that city sends Albany's clear headed chief of police to the asylum: "J N Hoffman, a druggist of Linn county, was brought to the asylum today. He is 45 years old and has been insane only a few days."

THE KINDERGARTEN. Mrs Tatham's kindergarten will reopen on April 1st at the same place on Seventh street, between Ferry and Broadalbin. The old rooms have been refurbished and made cheerful, but only a few more "kintlings" can be received beside the old pupils. Mrs Tatham should be notified early. School hours 9 a m to 12 m.

WHO BACKS IT. It is claimed the Rio Grande Western is back of the proposed Astoria Railroad. If this is true it means Albany as a point on it. That road will undoubtedly reach this valley if ever built by way of the Lebanon branch. At least it is as easy to make this statement as any.

FOR A MEDAL. Tonight at the armory the first of a series of one mile races will be run on skates for a \$20 gold medal presented by the publishers of the Telescope. The person winning it three times in succession will retain it.

CONSISTENCY, thou art a Jewel. Matthews & Washburn keep the Jewel and other first-class stoves, and there is no better way to be consistent than by investing in one of them. Matthews & Washburn's motto is to keep the best, and their prices are always reasonable. Large sales speak for the manner in which these facts are appreciated through Linn county.

It is reported that Nelson Clark, formerly a minister of the Methodist church and well known throughout the Willamette valley, is interested in mining properties in Washington that are likely to make him a millionaire. Eugene Guard.

Thos Kay, manager of Salem's woolen mill, was a south-bound passenger yesterday, going to Albany by the 11 o'clock, thence to San Francisco by the California express. He will remain in the metropolis for a couple of weeks looking after business connected with the factory. Statesman.

People out from the Willamette report that Dr J M Taylor, formerly the dentist here, has been offered \$50,000 for his interest in the quartz mine in Lane county with which he has been connected for a couple years. The owners of the mine think they have a regular bonanza, and Doc's friends here are expecting to see him in the role of a high roller of the highest sort if the luck doesn't turn back on him. Ashland Record.

Those who have heard Mr Driver will be glad of another opportunity of listening to him again, those who have not should not fail to be there.

THE CASE ADJOURNED. The case of the State agt F S Phelps and Chas Baker, for horse stealing, was adjourned until Monday, at 7 o'clock. The position of the defendants in the trial at Eugene was, according to the Guard, "that a man named Healey, when they were camped near the Harrisburg bridge, hired them to drive the team to Portland for the sum of \$10, thereby claiming their innocence in having the team in their possession when arrested at Salem. Paul and Thompson Robinson, of Harrisburg, testified that a strange man offered the team for sale to them at that place and that they did not see the accused at that time," which will be the defense here probably.

A METROPOLITAN stock of suitings for the spring and summer, the best in the valley, just received by W R Graham, as can easily be learned by an inspection of them. They include late and handsome designs, and will be made up in the latest style by Mr Graham. Get the best and latest, and thus you can do at Graham's.

AN OLD SAYING is, "spend not all you have, believe not all you hear; tell not all you know; and do not at all you can." Do not look for blood in a turnip or stores in a confectionary store; but go to Matthews & Washburn's store, tinware and hardware store and examine their stock of goods, if this is the line you want. If you buy you will not spend all you have; you will believe what you hear because you can also see; you will know too much to tell it all and you will not do all you can because the stove you get will do the work and save many a savage expression and extra step.

The Oakland B & L association starts off with excellent prospects. At their first monthly meeting Monday night \$800 was loaned to Thomas Baker at 64 month's advance interest. The bidding was spirited. Review.

The main sewers of Albany have been made to connect with and our citizens might as well begin at once, and save costs. Where there is no water, though, this should not be enforced, as a sewer without water is useless.

The grand jury has indicted Albert Hollenbeck, of Franklin precinct, for an attempted rape on the person of Mrs Belle McFarland. A deputy sheriff arrested Hollenbeck last night. He was arraigned before Judge Pipes at 2 o'clock this afternoon, and took his day to plead. Eugene Guard.

To the Chairman of the Democratic County Central Committee:

DEAR SIR:—As my name was used before the democratic county convention without my consent, and not desiring the position, though thanking the democratic party of Linn county very cordially for their confidence in me, I hereby tender my declination for the office of county commissioner. Respectfully,

T J MCKEE.

REMARKS.

Patronize home institutions. Set down on fakes and institutions of unknown quantity and quality.

It was found impossible to raise the money to run the Eugene cannery, and consequently it was decided to sell the plant.

The Oregon City Enterprise is fighting the farmers alliance and the Native Sons of Oregon, and has its hands full. Some of Oregon's best men are native sons, and the Enterprise should be above hitting any candidate for office or any one else on that ground.

The Democrat is informed that there will be one hundred copies of a Portland sensational sheet brought to Albany tomorrow containing a local scandal, about which there has been some street talk, in which prominent people are concerned. The public should only accept strong evidence in such cases.

In the business card fake may be deciphered the card of the Qwong Shing Co. It is said the Celestials were made to pay \$7.50 to the frauds for it, by one of them representing himself as an officer. If this was done the act was a criminal one and the men should be punished. They ought to be punished on general principles.

Times are not flush with "Peanuts" and the Pullman car darkies these days. They complain that the poorest class of Pullman passengers are now patronizing the road and the darkeys go hungry for tips. At the Lake Labish investigation it was shown that Pullman car porters are paid only \$12 a month by the railroad, and yet they usually make good wages plying the cinch on the passengers. Ex.

The Lebanon Express gives one of its fellow citizens the following send off: Mr M A Miller was nominated by the democratic convention for the legislature, by the largest vote cast in the convention; receiving 97 out of a possible 101—leading all candidates. This unanimity of sentiment is very flattering to our ex-mayor. Mr Miller is in every way well qualified to fill the position for which he is a candidate. Lebanon is well pleased with the honor conferred upon her, and assures the people of the county that he will well and faithfully represent them in the legislature.

A California man wants a copy of the Democrat so he can see a list of farms for sale. He also wants the names of some real estate agents. He won't find either. There are no farms advertised in any of the Albany papers, nor real estate agents. Every business man in a city should have some kind of an advertisement, if only a small one, in the papers, so that they may be business directories at least of the city. The Democrat goes to nearly every state in the union and its readers, many of whom have friends in Oregon and hence are interested here, look at its advertising columns to see what the business of the city is. The same may be said of other papers all over the state.
