

Daily Democrat.

LANE REPUBLICANS.—Saturday the republicans of Lane county nominated the following ticket: State senator, Colonel B. F. Alley, of Florence; representatives, M. J. Hillegas, of Camp Creek, Jasper Wilkins, of Coburg, and D. C. Baughman, of Cottage Grove; county treasurer, Frank Reinsner; clerk, W. R. Walker; sheriff, E. K. Henderson; county judge, Rodney S. Scott; commissioner, Ed Perkins; school superintendent, J. G. Stevenson; surveyor, C. M. Collier; corner, J. W. Harris; assessor, J. E. Bond.

The factional difference that for some time has existed in the German Evangelical Congregational society, whose church is at the corner of Noble and Huron streets, Chicago, culminated recently in a general row. Late one evening a disturbance between the Elder and Dubs faction, one of which gained control of the church building and locked the other crowd out, became so boisterous that the police were forced to take a hand. As a result, some twenty of the two factions all more or less cut and bruised by sticks, stones and coal, were locked up at the police station and the church building looked after the picnic as though a cyclone had struck it.

A woman at Antelope a few days ago, having her life made miserable by the continuous spasm of her husband, determined to abolish the cause, and undertook an individual crusade against the demon. She demolished the bar with a coal, and then made for the coal of lumps, when the bartender put her out.—Review.

THE KINDERGARTEN.—Mrs. Tatham's kindergarten will reopen on April 1st, at the same place on Seventh street, between Ferry and Broadbalkin. The old rooms have been refurbished and made cheerful, but only a few more "kintlings" can be received beside the old pupils. Mrs. Tatham should be notified early. School hours 9 a. m. to 12 m.

"August Flower"

Perhaps you do not believe these statements concerning Green's August Flower. Well, we can't make you. We can't force conviction into your head or medicine into your throat. We don't want to. The money is yours, and the misery is yours; and until you are willing to believe, and spend the one for the relief of the other, they will stay so. John H. Foster, 1122 Brown Street, Philadelphia, says: "My wife is a little Scotch woman, thirty years of age and of a naturally delicate disposition. For five or six years past she has been suffering from Dyspepsia. She became so bad at last that she could not sit down to a meal but she had to vomit it as soon as she had eaten it. Two bottles of your August Flower have cured her, after many doctors failed. She can now eat anything, and enjoy it; and as for Dyspepsia, she does not know that she ever had it."

BRONCHITIS

Is an inflammation of the bronchial tubes—writings. My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skillful man and of large experience, pronounced it useless to give her any more medicine, saying he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly say with most happy results. After taking a few doses she seemed to be better, and, within a week, was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This indisputable evidence of the great merit of Ayer's Cherry Pectoral has given me unbounded confidence in the preparation, and I recommend it to my customers, knowing it cannot disappoint them.

C. O. Lepper, Druggist, Fort Wayne, Ind., writes: "My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Young Children,

so that the medicine is known among them as "the consolator of the afflicted."—James Rufus Vidal, San Cristobal, San Domingo. "A short time ago, I was taken with a severe attack of bronchitis. The medicine ordinarily used in such cases failed to give me relief. Almost in despair of ever finding anything to cure me, I bought a bottle of Ayer's Cherry Pectoral, and was helped from the first dose. I had not finished one bottle before the disease left me, and my throat and lungs were as sound as ever."—Geo. B. Hunter, Altona, Pa.

A Revelation.

Few people know that the bright multi-green color of the ordinary tea exposed to the sun is the natural color. The fact may be, it is a revelation. The effect is to make a bright, shiny green, but also possible to make it "off-color" and worthless tea. Once under the green glass, the tea worked off as a good quality of tea. An eminent authority writes on this subject: "The manipulation of your tea to give them a finer appearance, is a revelation. Green tea, being the most extensively popular, are produced to meet demand by coloring cheaper black teas, by glazing or faking with Prussian blue, gypsum, and indigo. The result is a revelation that very little genuine unadorned green tea is offered for sale."

It was the knowledge of this condition of affairs that prompted the placing of Beech's Tea before the public. It is absolutely pure and without color. Did you ever see genuine uncolored Japan tea? Ask your grocer to open a package of Beech's, and will see it, and probably for the very first time. It will be a revelation to you between the artificial green tea that you have been accustomed to and the black tea. It is a revelation that it will be a revelation to you. Its purity makes it also economical than the artificial tea, for it is of it is required per cup. And only in packages bearing this trademark.
