GOOD EVENING

A CASE is reported to the DEMOCRAT which is so contrary to our American and christian style of doing things that we mention it. On April 8th the wife of J Anderson, better known as Tommie Anderson, died at her home a few miles from Albany, after an illness in which a Doctor was only called at the last moment. The neighbors state that they were refused admittance to the house after her death, and that no one but Mr Anderson and a hired man saw her after death; that she was hauled on a sled into a field and buried without ceremony. An effort was made to buy a rough board coffin; but the undertaker very properly refused to sell one. The cheapest coffin was secured. The above is not all the story; but sufficient. Mr Anderson had seen things done that way in his country, and no doubt thought it was proper here; but such a course causes indignation among all classes of our people.

THE APRON FESTIVAL.—The ladies of the First Presbyterian church will give an Apron Festival, Friday evening, April 15th at the opera house. Aprons have been received from all parts of the United States, also from Germany, Ireland, Africa, Canada and Alaska. These aprons will be on exhibition and for sale. Supper will be served from 5:30 until 8 o'clock, to be followed by a social at which ice cream and cake will be served. A short program will be rendered at 8:30 o'clock, of which a novel and interesting feature will be the "Looking backward" march, to be given by eight young ladies. Price of supper 20 cents, ice cream 15 cents, admission 10 cents. Checks will be furnished those paying admission to the supper admitting to the social. Children under twelve accompanied by parents, admitted free of charge. The program for the evening is as follows: Vocal selection, Apollo club. "Looking Backward" march, vice versa girls. Instrumental selection, Apollo band.

AFTER A RAILROAD.—A mass meeting was held at Eugene Monday night to take action in reference to the Siuslaw Railroad. It was voted to raise the $100,000 if possible, and another grand mass meeting will be held Saturday to complete arrangements for securing the money. One of the speakers was Dr I D Driver, who must have had his eyes on Albany according to the following from the Guard: "He prophesied that the largest city in the world would be located within 300 miles of the mouth of the Columbia river inside of 300 years, and that Eugene had a location and natural resources that were bound to come to the front, if its citizens used the proper amount of zeal and energy."

SOME SHOT IN HIM.—A few days ago Geen McClung was in the bushes near his father's home in Benton county, when a couple Albany Nimrods, among our most careful hunters, happened to shoot at a bird in his direction, three or four of the shot striking the boy in one of his legs. A hired man of Mr McClung was leaning over, when a full discharge of shot passed directly over and close to his body. Had he been standing he would probably have gotten the benefit of the full discharge.

THIRTEEN MEN left Albany Monday for the Santiam mines, with all the needed supplies they could carry, enough with what is there already to last a month or more, until the snow is, in all probability gone. Now, there is little or none at the mines, but a good deal at the summit. In a few days the mill will be set to going day and night, and that will be the order when traveling between the railroad and mines becomes good.

SPLENDID WORKMANSHIP.—One of the finest pieces of work ever done in Albany is the new arch just placed in position over the front of the alter in the Masonic hall. It is artistic and skillfully made, nothing in the hall even the two gilded columns, being superior to it. It emphasizes the fact that we have local talent and workmen capable of taking care of Albany's wants in any thing of this kind. It also suggests that our citizens should always give home talent the preference.

ARGUED TODAY.—The case involving the tenure of office of the present attorney general, it being claimed that his term of office extends until 1894, was to be argued at Salem this afternoon. Hon J E Wetherford and Judge Blackburn appear for the side representing the attorney general, and Montanye & Hackleman for the plaintiff.

A FINE TRUCK.—P C Anderson has just finished building a fine truck for the Albany Brewing company, which speaks well for his skill and ability as a workman. It is the first of the kind ever built in the city. Parties wanting work in his line should call on him at the corner of 2nd and Baker streets.

AN Albany man was telling about some lots he had at Astoria, situated about a mile from the Columbia, which would, of course, be very desirable property. On looking up the location on a map the lots were found to be just eight miles from the river. Buying lots "out of sight and unseen" is poor business.

A METROPOLITAN STOCK of suitings for the spring and summer, the best in the valley, just received by W R Graham, as can easily be learned by an inspection of them. They include late and handsome designs, and will be made up in the latest style by Mr Graham. Get the best and latest, and this you can do at Graham's.

LADIES OXFORDS.—I now have a complete line ranging in price from $1.25 to $4.50 a pair. Good value and every pair warranted. SAMUEL YOUNG.

A It is a big privilege to be able
I. to get what you want when
L you go to a grocery store. Allen
E Brothers keep such a variety
N that they can always accom-
B modate their customers. This
R saves running around. If it is
O fruit season they have the goods.
T In produce their stands are full
H of the latest and best. Their
E stock of standard groceries is
R always large, of the best to be
S secured in the market.

IT'S NECESSARY.—The necessity for advertising is very apparent to any reflective mind. If an owner wishes to sell his property he must let some one know his wish—if he kept his intention to himself he would also keep his property to himself. To advertise means "to apprise, inform, make known, announce, promulgate, publish the fact that Parker Bros carry a first class stock of groceries, produce and baked goods, which can always be depended on to be fresh and in season. The fact is one worth advertising.

Beauty" may be "only skin deep;" but the secret of a beautiful skin is pure blood. Those coarse, rough, pimply complexions may, in most cases, be rendered soft, smooth and fair by the persevering and systematic use of Ayer's Sarsaparilla.

"Gentle Spring" loses many of its terrors when the system is fortified by the use of Ayer's Sarsaparilla. With multitudes, this wonderful tonic-alterative has long superseded all other spring medicines, being everywhere recommended by physicians.
