GOOD EVENING

LEBANON.—Mrs. Viereck, of Albany, was visiting Mrs. B. F. Kirk last week.
Mrs. L. Foley visited her sister, Mrs. Marshall, in Albany, over Sunday.
Dr. Hill and Surgeon Fisher came out on the train yesterday and made toward Seaside. We would guess this means something about motor line.

Walter and Wm. Stubblefield, of Kenilworth, arrived in Lebanon the first of the week to pay a visit to their brother, Prof. Frank J. Stubblefield, who is afflicted with consumption. The Messrs. Stubblefield started home Wednesday.

CA Johnson and E. E. Claughton purchased the bakery and restaurant business from Henry Parrish last Friday. Mr. Johnson is from Albany, and Mr. Claughton is from Lebanon.

Mr. John Nichols and his son, A. J. Nichols, were arrested Tuesday on a warrant charging them with having disturbed a school meeting last March.

Lebanon public school closed last Friday night with a grand entertainment, which every one spoke highly of. Our school has done good work this year under the management of Prof. McElroy with Mrs. Funk and Miss Griggs as assistants.

Pearl Rebecca Lodge No. 47, I.O.O.F., was instituted last Tuesday night. J. F. Jackson is acting as installing officer, assisted by Mrs. Stiles and Barns, of Albany. The Lodge organized with fifteen charter members, after which the following officers were elected: S. A. Nickerson, N.G.; Mrs. Jos. Elkins, V.G.; Miss Doll Saltmarsh, Rec. Sec.; Miss Fannie Griggs, Per. Sec.; Mrs. J. G. Boyle, Treasurer; Mrs. W. W. Cruse, Warden; Mrs. A. Saltmarsh, Conductor; Mrs. C. H. Ralston, R. S. to N. G.; Mrs. J. M. Settle, L. S. to N. G.; Mr. Jos. Wasson, R. S. to V. G.; Mr. James Boyle, L. S. to V. G.; Mrs. S. A. Nickerson, R. S. S.; Mrs. R. S. Roberts, L. S. S. After installation of officers recess was declared and an enjoyable supper was served. Adjourned and Express.

THE CONGREGATIONALISTS.—At the recent Congregational convention in Eugene, C. C. Hogue, of the O. P. was moderator and Rev. H. F. Burgess, of Albany, was secretary. The general theme was "The Living Church," and under this general heading topics of the following were discussed: "The Duty Towards Small Fields and Country Districts," "The Methods of Giving and the Christian Steward's League," "Its Hold on Men and Young Men," "Its Denominational Work," "Its Attitude Toward the Customs and Fashions of Society," "Its Attitude Toward the Christian College," and "The Ministry, How Secured." Among the papers on women's home and foreign missionary work was one by Mrs. Alice Todd, of Salem, formerly of Albany.

A DELEGATE.—The Portland Telegram speaks thusly of one of the delegates to the national convention: "J. I. Cowan is not only one of the leading democrats of Oregon county, but of the state. He is a business man, not an office-seeker. He has perhaps done more than any other man to help Linn county in its proud position as the banner democratic county of the state. He has been repeatedly elected mayor of Albany, and his selection as one of the delegates was only a just and fitting acknowledgment of his long and faithful service as a democrat and a public-spirited citizen."

A SPECIAL SERVICE.—Mr. Wallis Nash, leader of the choir of St. Mark's Episcopal church, of Corvallis, together with Mr. Cote, Mr. Clark, Misses Edith Cote, Ida Ray, Cora Fisher, Amy Plummer and Louise Burnett, members of the choir, will come over with Rev. Geo. F. Plummer in a special train Sunday and assist in the morning service at St. Peter's church. A choice rendition of Easter music may be expected. Service begins promptly at 10 o'clock. All who can do so should attend this interesting service.

A FARMSTEAD.—Prof. Jno. M. Bloss, recently superintendent of the public schools of Lopeka, Kan., has been elected president of the Agricultural college at Corvallis. Prof. Bloss has been state superintendent of the schools of Indiana. He was in Oregon about two years ago, when the DEACONAT office had the pleasure of a call from him, and remembers him as a talented gentleman. He is a man of fine bearing and scholarship who will grace the head of that school. The salary will be \$2,500.

A HEAVY TRANSFER.—B. J. Pengra has transferred to the Springfield Land, Investment and Improvement Company over a thousand acres in Springfield and several hundred acres in the vicinity of that town, besides the water power located at that place. Consideration, \$100,000. When indicates that Mr. Pengra is certainly not very crazy row.

CLOSING NIGHT.—Saturday evening skating rink will close for the season, and the occasion will be made an extra one. The Mechanics band will be present. Bill and Williams have each won two medals in the contest for the medal, and one winning Saturday night will receive the medal. Admission 10 cents.

THERE'S NOTHING in the stories about extravagant plumber's charges when you call on Matthews & Washburne. They are first-class workmen, prompt and careful, and their prices are sure to be reasonable.

SOCIAL AND PERSONAL

Mr. C. B. Montague was in the city this morning on his way from Vancouver to Lebanon.

Prof. Davis, of Albany, is in town to arrange for a musical entertainment some time in the near future.—Lebanon Express.

President Condit, of the Albany Collegiate Institute, will lecture at the M. E. church in Lebanon tonight, in the interest of education.

Dr. B. F. Fuller, formerly pastor of the Christian church of this city, is now in Moscow, Idaho.—McMinnville T. M.

Dr. Nat. Redpath, an assistant physician of the asylum at Stillwater, Wash., is in the city, accompanied by Mrs. Redpath. They have just returned from the East where the doctor took a post graduate course in the New York and Philadelphia schools.

J. G. Crawford has just returned from Portland, where he secured about twenty five negatives of prominent points. He also caught several views at Oregon City, one of the falls being the best ever secured, a grand view of foaming water.

Mr. W. E. Baker has just received a letter from B. F. Tabler, which announces that he is getting settled in good shape in the city of San Jose. Flowers and plants are in their glory, strawberries are in the market, three boxes for 25 cents; bananas are plenty at 20 cents a dozen and the weather has been good, though seasoned with earthquakes. Mr. Tabler has bought a lot 100x337 feet for \$1,400 two miles from the court house, and only 500 feet from a street car line. He will build a \$10,000 cottage and try and be comfortable.

A ROMANCE.—The Walla Walla Statesman tells the following: Fourteen years ago Robert Connell left Scotland to make his fortune in the great west. As he stepped aboard his ship he left his affianced, Janette, to wait for his return to claim her. The years went by and the fortune, for which Robert strove in the United States, was far away as at the beginning of their separation. With the passing of years, however, Robert's worldly prospects improved so greatly that he wrote for the patient girl back in Scotland "where the bright waters meet," and she consented to come to these strange shores to wed her long absent cavalier. She shipped for Australia where she visited friends, then touched at Samoa and Hawaii, and this morning met Mr. Connell in St. Paul's church in this city where the rector, the Rev. V. Marshall Law, made them "man and wife" at 7:30 a. m. The couple looked very happy as they wandered about the city in the fresh morning air, waiting for train time.

THE VALLEY LEAGUE.—McMinnville and Independence could not send representatives to Salem yesterday to formulate a valley baseball league and therefore the meeting was postponed for a few days. Albany and Salem stand ready to act as soon as the other cities respond. Mr. Stroutman will go to Independence today and McMinnville Saturday and it is expected to have a meeting here next week to arrange a schedule. In two hours Albany raised \$1200 to back that city's team and if the other cities do as well a four-club valley circuit is assured. There is no doubt but Salem will take hold of the matter with the right spirit. Leverage and George, pitchers, are here and in good trim, ready for the fun, as are also Minto, Mellen, and Booth. Reilly and Stanley can be secured after a few days' notice and the team could be filled up with good men in short order. It looks after all as if Salem would have baseball this season.—Salemian.

WHOSE FAULT IS IT? If your stove is a poor one and your wife grows and looks weary, or the cook complains and looks daggers generally. No matter. Learn a lesson. Next time do not buy a cooking stove until you have examined the Jewel and several other first class makes. Kept by Matthews & Washburne. You will get one that gives satisfaction.

Pimples. The old idea of 40 years ago was that facial eruptions were due to a "blood humor," for which they gave potash. Thus all the old Sarsaparillas contain potash, a most objectionable and drastic mineral, that instead of decreasing, actually creates more eruptions. You have noticed this when taking other Sarsaparillas than Joy's. It is however now known that the stomach, the blood creating power, is the seat of all vitiating or cleansing operations. A stomach clogged by indigestion or constipation, vitiates the blood, results pimples. A clean stomach and healthful digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is compounded after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate and most satisfactory. A short testimonial to contrast the action of the potash Sarsaparillas and Joy's modern vegetable preparation. Mrs. C. D. Stuart, of 410 Hayes St., S. F., writes: "I have for years had indigestion, I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."

The largest nugget on record was discovered in Ballarat, Australia, and weighed 2,020 ounces, worth \$41,000 sterling.

There would be a live time in camp if some of the public were allowed to write up local entertainments, instead of the "level headed" men of the newspapers who get use to stretching things for peace's sake. One man wrote up a recent entertainment in which he said that by previous arrangement encores were had, and generally criticizing the efforts of the participants without reason. It was not published; but is causing some amusement as a side show.

The Harney Times man has had a call from one of those fellows who visit most newspaper offices some time in their lives: "One of those human pumps who is not troubled by over knowledge, but an over estimate of knowledge called on us the other day bidding for a personal notice. He is one of those fellows who has seen snow 30 feet deep, built the first house in Oregon, is the breeder of a 2:30 horse, has a sure remedy for hor. cholera, in fact his "nigger" is very dull and irritable like blazes. Just a plain, ordinary man, is pretty good. We don't like 'freaks of nature.'"
