

THE NEW ELECTION LAW.

The following are some of the main features of the new election law in which voters are interested:

The polls will open at 8 o'clock a. m. and close at 6 p. m. Judges may adjourn at one o'clock for one hour.

All voters must vote in the precinct in which they reside for county officers, and in any county in the state for state officers, and in any county in a district for district officers. Judges of election are invested with the jurisdiction and authority of justices of the peace and may impose a fine for offences against the election law.

Section 47. The county clerk of each county shall cause to be printed according to law all the ballots required under the provisions of this act, and shall furnish the same in the manner hereinafter provided for the use of all electors in the county. Ballots other than those furnished by the respective county clerks, according to the provisions of this act, shall not be used, or circulated, or cast or counted in any election provided for in this act.

Section 48. All ballots designed to be voted shall be printed in black ink upon a good quality of white paper, and shall be alike and of the same size in the same county at the same election. Duplicate impressions of the same shall be printed upon cheaper colored paper so as to be readily distinguished from the white ballots. These colored ballots shall be used solely as sample ballots for the information and convenience of voters, and shall not be voted, and if voted shall not be counted.

Section 49. The ballots shall be styled "Official Ballots" shall state the number or name of the precinct and county they are intended for, and the date when the election is to be held; shall contain the names of all the candidates for offices to be filled at that election whose nominations have been duly made and accepted as hereinafter provided, and who have not died or withdrawn, and shall contain no other names of persons, except that in the case of electors of president and vice-president of the United States, the names of the candidates for president and vice-president may be added to the party or political designation; the name of the city or town or county in which the candidate resides shall be added to the name of each candidate; the name of each person nominated shall be printed upon the ballot in but one place, but there shall be added opposite thereto the party or political designation, expressed in not more than three words for any one party as specified in each of the certificates of nomination nominating him for the office. The names of the candidates for each office shall be arranged under the designation of the office, in alphabetical order, according to surnames, except that the names of candidates for the offices of electors of president and vice-president shall be arranged in groups, as presented in the several certificates of nomination. There shall be left at the end of the list of candidates for each different office as many blank spaces as there are persons to be elected to such office, in which the elector may write in the name of any person not printed on the ballot, for whom he desires to vote as candidate for such office. On the left margin of the ballots the name of the uppermost candidate as printed shall be numbered 12, the next candidate 13, the next 14, and so on consecutively to the end of the ballot. The blank lines shall not be numbered. Whenever the approval of a constitutional amendment or other question is submitted to the vote of the people, such question shall be printed upon the ballot after the list of candidates, and each answer shall be numbered on the left margin as in the case of the names of candidates. The ballots shall be printed so as to give each elector a clear opportunity to designate his choice of candidates and his answers to the questions submitted, by cancelling or marking out the names of the candidates who are not his choice or the answer he does not wish to make. And on the ballot may be printed such words as will aid the elector to do this, as "Vote for one," "Vote for three," "yes," "no," "cancel," "cross out," or mark out the names of candidates not voted for, and the like. Each white ballot shall have at the top thereof two stubs or margins, perforated along the lower edge thereof and adapted to be torn off after the ballot is folded, and without exposing its contents. The ballot shall be of a sufficient length and width to permit this to be properly done. The white ballots shall be arranged and printed substantially in the following form:

Section 50. There shall be provided and furnished for each election precinct not less than four white ballots for each vote cast in such election precinct at the general election next preceding, and a like number of the colored or sample ballots. The colored or sample ballots shall be duplicate impressions of the white ballots but without perforated stubs. These colored or sample ballots shall be furnished as soon as printed, at any time before the election, by the respective county clerks, in reasonable quantities, to all electors applying for the same; and on the day of the election, under the direction and control of the judges at each polling place, the sample ballots shall be given in reasonable and proper quantities to all electors applying for them.

Section 51. When any vacancy occurs by death or withdrawal aforesaid, and after the printing of the ballots any person or persons are nominated, as aforesaid, to fill such vacancy, the county clerk shall, a sufficient time before the election, cause to be prepared and printed, according to law, upon cards of instruction, arranged in the manner herein required for the ballots, the names and information concerning such candidates so nominated to fill such vacancies caused by death or withdrawal; one of such cards, certified by the county clerk, shall be posted and kept posted in plain view in each compartment or place provided for preparing the ballots in each polling place, and the same shall also be posted in the county clerk's office from the time the same is prepared until after the election.

Section 52. It shall be the duty of the county clerk of each county to cause the name of each nominee who has thus withdrawn or died to be cancelled upon the white ballots, and also the colored ballots, before they are given out to the electors. If said ballots have been already forwarded to the several election precincts, the county clerk shall, if there is time, certify the matter to the judges of the several election precincts, and then it shall be the duty of the judges of such election precincts, in accordance with such certification, to see that the name of each candidate who has thus withdrawn or died is cancelled upon the white and colored ballots before they are given out to the electors, and also that such cards of

instruction, or lists of the candidates nominated to fill such vacancy, are duly posted in each compartment or place provided for preparing the ballots before the ballots are given out to the electors.

Section 53. It shall be the duty of the county clerk of each county to provide for each election precinct within such county one large and one smaller ballot-box, the larger one of which shall be used for the reception of all general ballots deposited, and the smaller one for all ballots cast only for state or district officers. Said larger boxes shall be marked "General," and the smaller "State and District," respectively. Each of such ballot boxes shall be provided with a lid fastened with hinges, and a good lock and key. The lid shall form the top of the box and contain an opening or slot five inches long and one-quarter of an inch wide for the reception of ballots. All ballots cast by electors entitled to vote for all the officers to be elected at the election shall be deposited in the box marked "General," all ballots cast by electors qualified only to vote for state or district officers shall be deposited in the box marked "State and District."

Section 54. A sufficient time, and not less than five days before the opening of the polls at any election provided for in this act, the county clerk of each county in which the election is to be held shall deliver to the sheriff of the county for use at each polling place in the county:

1. The proper number of ballots required for each polling place, prepared and printed as provided in this act.

2. The two ballot-boxes required by this act.

3. Two poll-books required by this act.

4. One copy of the election laws of this state required by this act.

5. A sufficient number of tally sheets required by this act.

6. A sufficient quantity of pens, ink, blotting pads, incombible copying pencils, needles and string for stringing ballots and stubs, sealing wax, and the like, necessary and convenient for carrying out the provisions of this act.

The white ballots so furnished shall be in a package by themselves, and the package shall be marked on the outside "white ballots," with the number contained in the package, and the package shall be addressed to the judges of the polling places for which it is intended, and the package shall be certified by the clerk and sealed under the seal of the county court of the county. The colored or sample ballots shall likewise be in a separate package by themselves, and the package shall be marked on the outside "colored or sample ballots," with the number contained in the package, certified, addressed and sealed. The poll-books, tally sheets, and copy of election laws shall likewise be done up in a package, addressed and sealed. The other articles shall likewise be addressed. The county clerk shall keep a record of the addresses thereon, the contents of the packages, and the number thereof.

Section 55. The county clerk shall prepare a receipt in duplicate for each polling place, enumerating the packages, and stating the time and day and date when the same were delivered by him to the sheriff. The sheriff shall sign both of said receipts, upon receipt of packages; one of the receipts shall be retained by the clerk, and the other shall be delivered to the sheriff, and upon receipt of the packages, the judge or judges of election to whom they are delivered shall countersign said receipt, and the same shall forthwith be returned by the sheriff and filed with said clerk.

Section 56. The sheriff of each county, under the direction and control of the county court of the county, a sufficient time and not less than one day before every election provided for in this act, shall secure the use of and take possession of the places designated by the county court as the polling places in the several precincts in the county; or shall cause the same to be suitably provided with a guardrail, so constructed and placed that only such persons as are inside said rail can approach within six feet of the ballot-boxes or within ten feet of the compartments, shelves, or tables at which electors are to prepare their ballots for voting. He shall furnish in the manner directed by such county court, a sufficient number of such compartments, shelves, or tables in or at which electors may conveniently prepare their ballots for voting, so that in the preparation thereof each elector may be screened from the observation of other persons. The arrangement shall be such that neither the ballot boxes, or the compartments, shelves or tables, or the electors while preparing their ballots, shall be hidden from view of those just outside the said guard rail, or from the judges; and yet the same shall be far enough removed and so arranged that the elector may conveniently prepare his ballot for voting with absolute secrecy. There shall be provided in each polling place not less than one such compartment, shelf, or table for every forty electors to vote at such polling place, and every polling place shall have at least three of such compartments, shelves, or tables.

Section 57. During the election and counting of the ballots, no person other than the judges and clerks of election, and the electors, admitted as herein provided, for the purpose of preparing their ballots and voting, shall be admitted or permitted to be within said rail.

NEW ADVERTISEMENTS.

TO RENT—A barn near the business part of the city. Will hold two horses, buggy, etc. Inquire at this office.

Bad Blood.

Impure or vitiated blood is nine times out of ten caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impure and with the effluvia of decay, the blood is forced to circulate through the system, and the result is a general poisoning of the system. The blood is forced to circulate through the system, and the result is a general poisoning of the system. The blood is forced to circulate through the system, and the result is a general poisoning of the system.

Try it and find its beneficial action. Chas. Lee, at Leavenworth, Kan., writes: "I was suffering from blood poisoning, and everything I had tried failed to give me relief. I was in a bad way, and everything I had tried failed to give me relief. I was in a bad way, and everything I had tried failed to give me relief."
