BROWNSVILLE.

April 26th, 1892.

The E. W. M. Co. held their annual meeting today and elected their direc-tors, consisting of W R Kirk, Hugh Fields, John Brown, J M Jaeger and J J White. To an outsider all appers well and the mills start out well for the fourth years' run.

The Brownsville Tanning Co. is an assured fact, and the company meets to-night to complete the election of officers. We noticed Dr O B Reese on the street today, though he is still suffering with

rheumatism.

The hiyu tihe speaker of the People's party, M V Rork, talked to us on Friday evening of last week and as a result we evening of last week and ns a result we hear some who declare they are done with the twoold parties and that they will vote the People's party ticket in June. Mr Rork said some good things; but we doubt if his ticket if it could win would prove a panaces for our ills. Some are going to get their money for 2 per cent soon, for the People's party is to sweep all before it; but we think they will find too many democrats in Linn for them this time.

When the overland reached Tangent last night about 10:30 o'clock the engineer reported to Agent Board that the engine had knocked is man off the track

morning on the arrival of the north bound overland, the engine of which was in charge of D J Byrne, the same engineer who had gone south when the accident happened. He testified that he saw a strange man whom he supposed to be a tranop on the track about three rails ahead of the engine, that he looked to-ward the ergine and lowered his head, when he was strack and throwa off the track about the track about that his name was W S Branff, that he had a wife in Chattanooga, Tenn., in destitute circums arcces, several soliciting funds, even postage stamps with which to write to bin. A card showed him to be a member of the K, of P, of Chattanooga. He was traveling for a gas arrangement and was evidently meeting with poor success, as he had little money. A part of a loaf of head bought of Parker Bros, was near the track where found. The Coroner's jury rendered the following english

Coroner's jury rendered the following verdict: April 27th, 1892. We, the undersigned jurors in the case April 27th, 1802. April 27th, 1802. We, the undersigned jarors in the case of the death of an unknown man by ac-cident on the track of the Southern Pa-cident. R., near Tangent, on the night of April 26th, 1892, between 10 and 11 o'clock p m, find as follows: That he was struck by Engine 347, train No 16, south bound. That we find no blame attached to any one. That according to papers on the body his name is W 8 Branft, from Chattaneoga or Victoria, Tenn. Signed by J J Beard, B S Mills, Wm Sharp, John Anderson, W A Mec-Clain, R K Montgomery. There is an opinion that the man com-mitted solicide, though this is a fact that will probably remain a mysterv. He was about forty years of age, was dressed plainl, his clother being somewhat worn, wors a plain derby hat. Matter in his pockets showed that he was a good pen-man and probably of good education. A dispatch was sent to the lodge of K. of P. in Chattaneoga to see if Branff was a member of the lodge, as indicated, and also to his wife; but no response had been received at press time.
