**JUDGE NELSON'S
DECISION.**

Speaking of patent medicines, the Judge says: "I wish to deal fairly and honorably with all, and when I find an article that will do what it is recommended to do, I am not ashamed to say so. I am acquainted with Dr Vanderpool, (having been treated by him for cancer) and have used his blood medicine, known as the S B Head and Liver Cure, and while I am seventy-five years old, and have used many pills and other remedies for the blood, liver and kidneys, I must say that for a kidney tonic in Bright's disease, and as an alternative for the blood, or to correct the action of the stomach and bowels it is a very superior remedy, and beats anything I ever tried."

Last Saturday the United States mint at Philadelphia struck the first silver half dollar souvenirs of the Columbian exposition. There are to be \$2,500,000 worth of these coins made which are being sold by the exposition director for \$1.00 each, thus raising the five million dollars revenue required to complete certain features of the World's Fair plans. This souvenir half dollar is the most artistic coin ever issued from the mint: On the obverse side appears the head of Columbus, designed from the Lotta portrait, and surrounding it the words, "World's Columbian Exposition, Chicago, 1892." On the reverse side appears a caravel, representing Columbus flag-ship and beneath it two hemispheres. Above the caravel is "United States of America," and beneath the hemispheres, "Columbian Half Dollar." There is no doubt that this coin will be regarded as the most distinctive and highest priced cheap souvenir of the World's Fair. All of the souvenir coins, except five, are being sold at a uniform price of one dollar each. For the first coin struck off \$10,000 has already been offered, and various prices have been bid for the 400th, 1492d, 1892d and the last coin.

TELEGRAPHIC NEWS.

Four Men Drowned

SPOKANE, Wash Nov 24.—A Lewiston dispatch to the Review gives the particulars of the drowning of four young men near there in Snake river this afternoon. The government scow has been at work clearing obstructions out of the river for about three months. At the time of the disaster it was anchored off the mouth of Dry Hollow. Ten men were aboard and six were in a skiff alongside the drill pipe. The water runs very swiftly at this point, and there were some ugly rapids. In a twinkling the skiff was capsized and the occupants were floundering in the icy waters of the river. Four were drowned.

A Peculiar Wreck.

BOSTON, Nov 24.—The schooner Phoebe J Woodruff, which foundered off the New Jersey coast recently, was brought about in a curious way. She had weathered a heavy gale, but when it was all over a part of her main rigging parted, carrying down the mizzenmast. The topmast was held to the lower mast by a brace. As the ship rolled in the heavy swell, the topmast would be hurled high in the air and then descend with the force of a catapult, rending the timbers until at last the vessel began to take water fast. So continuous was the thrashing of the spar that it was impossible to do anything to free it, and at last when the schooner Jennie came along she was hailed and the Woodruff's crew was taken off.

Hoodyums After All!

NEW YORK, Nov 24.—The visiting students followed their custom, after the Thanksgiving football game, of painting the tenderloin district a crimson hue. The police were prepared for them, however, and they were kept well in order. The theaters were crowded with enthusiasts, who frequently interrupted the performance with an inquiry as to what was the matter with Yale. At Koster & Bial's Garden, the proprietors, on account of the disorder, closed the performance an hour earlier than usual. The Hoffman house and Fifth avenue hotel were favorite spots for the noisy visitors, but an extra force of police in these hostleries kept the students moving.

Virginia's Democratic Plun- pudding.

RICHMOND, Va, Nov 24.—The feature of the Thanksgiving celebration here was the cutting, this evening of the mammoth Cleveland and Stevenson democratic plun- pudding by Senator John W Daniels. The revised weight of the pudding was 271 pounds, being the just estimate of the number of electoral votes received by Cleveland. A 12-pound slice was sent to each of the successful candidates, 12 being the electoral vote of Virginia.

A New Quartz Mill!

ASHLAND, Or, Nov 24.—Ashland now has a quartz mill running night and day within the city limits. It has just been set up by the Ashland Mining Company, and is running steadily on rock from the company's mine, situated within two miles of Ashland.

Drowned Before Marriage.

NEBRASKA CITY, Neb, Nov 25.—Miss Lola Burnett and George Kannecutt, both popular young people and engaged to be married, fell through the ice while skating, this afternoon, and were drowned. The bodies were recovered.
