

A BAR TO THEFT

The trouble about relying upon the courts to prevent the attempted steal of senatorships in the northwest is illustrated in the Montana case.

The republican courts are as partisan and apparently as unscrupulous as the republican candidates or canvassing boards. The supreme court of Montana has decided against the democrats in the Box Elder precinct. To do this it was obliged to decide exactly contrary to its ruling in 1890, in the famous Silver Bow case, upon which the first republican theft of two senators in that state were based.

But a little thing like reversing their own decision in order to give their party control of the legislature does not disturb the Montana republican judges any more than reversing his instructions to a grand jury in order to save Blocks-of-Five Dudley from the penitentiary troubled Judge Woods.

If the steal shall succeed in Montana or any other state by means of a prostitution of the courts to partisan uses there will be but one remedy left. That was pointed out by the World on Saturday in the suggestion that "the senate is the sole judge of the election, returns and qualifications of its members," and that if the result of any election shall be reversed by fraud or trickery "it will be the duty, and no doubt the pleasure, of the senate to deny admission to the pretenders."

The senate must not be stolen.

SOME USES FOR BORAX.

Sprinkle places infested by ants with borax and you will soon be rid of them.

Blankets and furs put away well sprinkled with borax and done up air-tight will never be troubled with moths.

A little borax put in the water before washing red or red-bordered tablecloths and napkins will prevent their fading.

Ringworms will yield to borax treatment. Apply a strong solution of borax three times a day; also dust on the fine dry powder very often.

Silver spoons and forks in daily use may be kept bright by leaving them in strong borax water several hours. The water should be boiling when they are put in.

Put a teaspoonful of borax in your rinsing water; it will whiten the cloths and also remove the yellow cast on garments that have been laid aside for two or three years.

One of the best things to cleanse the scalp thoroughly is to dissolve one-half tea spoonful of borax in a quart of water and apply it, rubbing it in well.

For washing fine nice flannels nothing will cause them to look as nice as borax in the water, a tea spoonful of borax to a pail of water being the right proportion. Always wash baby's little flannel skirts, shirts, etc., in this way.

Borax water is excellent for sponging either silk or wool goods that are not soiled enough to need washing. In washing cashmere or wool goods put a little borax in the water. This will cleanse them much more easily and better, without injury to the colors. Do not rub them on a board, but use the hands and throw them on a line without wringing. Press them on the wrong side and they will look almost like new.

By the last census the total wealth of the United States is \$62,610,000,000 and the total capital invested in manufacturing \$2,900,735,884, or but 5 per cent. of the whole. After thirty years of legislating for the 5, it is time to give the 95 a chance.

The South Carolina Railroad, the oldest railroad in the United States, is to be sold on April 11, 1893, by order of the court.

Out of a total railway mileage for the world of 370,281 miles, the United States has nearly 163,597 miles, or 44.18 per cent.

Editors Democrat:

The following resolutions were passed by the Holly Alliance, and there is an organized movement among the alliance people to push this work through all the alliances of this part of the county. A petition is also in course of preparation by which the outside citizen may get an opportunity to express his will.

Every organization by resolution, and every citizen by petition and personal letter to their congressmen should express their will on this subject.

The democrats who believe that freer trade will help the people, should help to hurry up the benefits, while those opposed to democracy should help to force it to stand by its pledges that the country may see the practical effects of democratic policy, and be able to endorse or condemn according to the fruit it bears.

The alliance is not an annex to any party but I know from personal experience that a large majority of its members are in sympathy with the Albany DEMOCRAT's demand for an extra session. Yours Sincerely

WM E. NORTON, Alliance Lecturer.
