Dr. M. H. Ellis, physician and surgeon Albany, Oreg. Calls on patients in city or country.

"There's something behind it." That's what you think, perhaps, when you read that the proprietors of Dr. Sage's Catarrh Remedy offer \$500 reward for an incurable case of Catarrh. Rather unusual, you think, to find the makers of a medicine trying to prove that they believe in it. "There must be something back of it!"

But it's a plain, square offer, made in good faith. The only thing that's back of it is the Remedy. It cures Catarrh in the Head. To its mild, soothing, cleansing and healing properties, the worst cases yield, no matter how bad or of how long standing. It has a record that goes back for 25 years. It doesn't simply relieve—it perfectly and permanently cures. With a Remedy like this, the proprietors can make such an offer and mean it. To be sure there's risk in it, but it's so very small that they are willing to take it.

You've "never heard of anything like this offer?" True enough. But then you've never heard of anything like Dr. Sage's Remedy.

SHILOH'S CONSUMPTION CURE.

The success of this Great Cough Cure is without a parallel in the history of medicine. All druggists are authorized to sell it on a per-centage basis, a fact that no other cure can successfully stand. That it may become known, the Proprietors, at an enormous expense, are placing a Sample Bottle Free into every home in the United States and Canada.

If you have a Cough, Sore Throat, or Bronchitis, use it. It will cure you. If your child has the Cough, or Whooping Cough, use it. It will cure it. If you doubt the medicinal disease Consumption, use it. Ask your Druggist for SHILOH'S CURE. Price 25c. 50c. and \$1.00. If your Druggist has none of them, write to Shiloah's Remedy, Price 25c. For sale by all Druggists and Dealers.

MINUTES.

The Mill City Gazette and Santiam Lumberman are returning compliments, characterized by such expressions as half-demented, gibbering idiotic travesty, etc. As one of them says, "Lay on McDuff, and damned be he who first cries hold, enough" there is liable to be some fun ere the storm blows over.

N M Newport, once a Journal reporter, is one of the champion knot tiers of Linn county. He is a J P and married as many couples in 1892 as any of his fellow justices. There is L F Conn for instance.—Salem Journal.

Men have various ways of carrying money. Butchers, grocers and bakers carry it in a crumpled wad. Bankers in nice clean bills laid in full length in a morocco pocket book. Brokers always fold their bills twice. The young business man carries his money in his vest pocket, while the sporting man carries it in his trousers pocket. Farmers and drovers carry their money in their inside pockets. Editors carry theirs in other people's pockets.—Ex.

A mathematical genius has figured out that an average walk takes one over or about three-quarters of a mile, and a square dance makes you cover a half mile and a gallop equals a good mile, at a run too. Count for yourself how much the girl with a well filled programme traverses in an evening. Twenty dances is the average, you know. Of these about twelve are waltzes. There, at once, are nine miles. Three gallops and she has done 12 miles. Five other dances at a half mile apiece, which is hardly a fairly big estimate, brings her close upon fifteen miles.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood, and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have much faith in the curative powers, and they offer One Hundred Dollars for any cure made by this cure. Send for free copy of this cure. It is in the hands of the public. TELEGRAPHIC NEWS.

An Ecclesiastical Contest.

NEW YORK, Jan 5.—The ecclesiastical turmoil, which has been created by the visit of the pope's legate, Monsignore Satoli, the stand he has taken on the public school question, and his decision in the case of Dr McTilvinn, still continues. Almost all the fighting is done under cover. The churchmen are divided into two parties those who are striving with might and main to make Monsignore Satoli's mission a great success, and those who are doing all they can to harass him and make a dismal failure of the labor he has undertaken of bringing about peace and harmony among the discordant elements of the Catholic church in America.

Cold Weather.

LONDON, Jan 5.—The present cold spell on the continent bids fair to be almost as disastrous as the cold spell of two years ago. A dispatch from Vienna, Austria, says a railway train was stalled in the snow near there for 18 hours, and the imprisoned passengers were famishing and half frozen when rescued. A cottage at Herzogenburg, in Austria, was buried under a mass of snow. The cottage was inhabited by eight persons. For three days they were without food or fire, and when the rescuing party reached the cottage two of the family were already dead and the others so prostrated that it is feared more may die.

Ready to Retire.

WASHINGTON, Jan 5.—The bill of Senator Dolph, allowing Judge Deady to retire after March 4, passed the senate today. Senator Dolph says there is an evident misapprehension about the bill to permit Judge Deady to retire. It does not seem to be understood generally that all federal judges are entitled to retire upon full salary at 70. Judge Deady will certainly retire in July, 1894, and Mr Cleveland will appoint his successor. The bill involves nothing but the salary for 14 months. Public business and the present condition of Judge Deady's health demand that he be allowed to retire.

Harrison Falling.

WASHINGTON, Jan 5.—The friends of President Harrison who have had occasion to see and talk with him of late are very much concerned about his condition, and express the fear that his health will break down before the close of his administration. The death of his wife, to whom he was peculiarly devoted, was a blow from which he has not rallied, and it left him quite unable to withstand the ill fortune that has since followed him.

A Prospect of War.

PANAMA, Jan 5.—The boundary question between Costa Rica and Nicaragua has been reopened. There is a prospect of war between the countries in consequence. A body of Costa Rican soldiers have taken possession of the territory claimed by Nicaragua, an ultimatum which the latter country is not disposed to agree with. She is preparing to defend her rights.

Pete Grant Held.

PORTLAND, Jan 5.—Pete and Jack Grant and Mike McCarron, sailor boarding house runners, were up before United States Commissioner Paul R Deady yesterday for examination on a charge of harboring deserting seamen. As a result of the examination, Jack Grant and McCarron were discharged, and Pete Grant was held to answer before the grand jury in the sum of 200.

A GREAT INVENTION.—Is the self pouring coffee and tea pots. With them you can pour coffee or tea without turning the pots. Wonderful. None of the hundred little inconveniences of the old fashioned way. Coffee cooks pure and pure and cannot burn, and it is perfect. You raise the light lid and the coffee or tea runs from the spout. If you would have the finest thing in the world order one when Mrs Tate, the local agent calls on you.

CASTORIA

for Infants and Children.

Castoria is so well adapted to children that it is superior to any prescription known to medicine. H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is no universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria in their 'easy reach'."

For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results.
