SELLING LIQUOR TO INDIANS—Deputy U. S. Marshal Sinnott and W. L. Watkins were in the city today on their way to Portland with three men who had been fined by F. G. Irvine, of Newport, on examination, to await the action of Judge Deady's court. Hoxie Sinnotts is a quarter breed living near Elk City. He would not be taken for an Indian by hardly any one. Recently he bought five pints of whisky at Hunsaker's saloon at Yaguina City, claiming he owned a ranch near Elk City, and that he was not an Indian. He took the liquor to the Bluffs where a whole crowd of bucks got gloriously drunk. Hunsaker was arrested for selling liquor to an Indian, and Sinnott for giving liquor to Indians and for obtaining liquor under false pretenses. McDougall is an old resident of Elk City, and is well off. He was arrested for giving liquor to an Indian named Harris. It is said the Indians themselves resort to these tricks in order to get the fees in connection with the proceedings, a very contemptible mode of doing one's pocket book.

B. C. Jones, who has just completed teaching a term at Walden, left Monday evening for Albany where he will enter college.—Grants Pass Courier.  
M. and M. A. D. Barker went to Drain this noon, where he former will have charge of the installation of the new officers of the A. O. U. W. there, and the initiation of a class of new members.

Dr. T. W. Shelton will leave on the overland tonight for San Francisco where he will be joined by his father-in-law, A. W. Lucas, and then proceed on an ocean voyage with the hope of benefiting his failing health, caused by bronchial troubles.—Eugene Guard.

The Catholic church has been fitted up in an elegant manner during the past year, a fact testified to by some recent views taken by Crawford & Paxton.  
Smiley, the Printer, is always abreast of the times, having made improvements in his office and is better prepared than ever to supply the people with good printing.  
The Feendleton E. O. says: The records have been engaged since the first of the year in receiving coin of the realm for licenses. Up to this afternoon thirteen saloon men had contributed \$277 each for the privilege of doing business for six months. A few saloons, it is said, will be closed, as the proprietors find that they can make no money.  
The Fay Mills revival in Omaha has been stirring matters up in a live manner. One of the worst dives in the city closed during the meetings, the proprietor, Louis Goldsmith, said in order to give religion a fair deal, and services were held inside the saloon, a reformed sport preaching with telling effect.

A GREAT SCHEME.—Grants Pass is in a worse condition than Albany, according to the Courier: When the present townsite was laid out, Bourne, the brainy projector, reserved a 100-foot strip all around it as a sort of wall which prevented the laying out of additions. This "dead line" has remained private property to this time, except where it has been pierced by streets here and there, and it has now of course become valuable, but the city must have outlets across it as extensions of certain streets where the source of future vexation lies. The residents of the various districts beyond this "dead line" are urged to go around Robin Hood's barn to John Hood's orchard or trespass on his private property—this legacy of the big-headed Bourne who unfortunately is not yet departed for that bourne whence no traveler returns. It will require wise counsel and conservative inclination to manage this "dead line" in the interest of the city and at the same time steer clear of expensive lawsuits.

UP THE SANTIAM.—The stockholders of the Green Basin Lumbering Company held their annual meeting at this place last Monday. No business was transacted and an adjournment was made until April 12th, 1893.  
Last week T. P. Medill, who lives four miles above here, shot a deer and then cut its throat. The deer then jumped up and took to the river, making its escape. Three days after J. L. Berry happened along that way and saw the deer on a drift in the river. He procured a gun and killed it.  
The Santiam Lumbering Company, of Mill City, have shipped to their Albany yard during the past year 1,390,415 feet of lumber, 54,145 feet of mouldings, 34,378 pickets, 693,000 cedar shingles and 205,100 lathes.—Lumberman.

The advertising of Hood's Sarsaparilla always fully substantiated by endorsement which in the financial world would be accepted without tamour?  
For a general family cathart we confidently recommend Hood's Pills.

MARRIED.  
GORMLEY-GRAY.—On Jan 4, 1893, at the residence of F. M. Gray in Halsey, by Rev. M. M. Marling, Mr. E. E. Gormley and Miss Martha J. Gray.

ONE CAUSE OF POOR ROADS.—We want better roads and no doubt better laws; but we also need to have the laws we already have respected. If they were and residents of this as well as other counties did their duty, we would have a big improvement over our present roads. A sample of the way some of the work is done came before the present County Court. In one district the list showed 103 days work due the district. The report of the supervisor shows that only 4 days work were done in the entire district, making a delinquency of 99 days. Road supervisors are not aware that they are liable to a fine of \$50 for not doing the work called for, yet such is the law.

GOOD FOR FORD.—It must be said to the credit of Thimon Ford, a representative from Marion county, that he is making a square fight on the clerkship bill. The last legislature expended \$5,000 to give easy positions to relatives and members, young society ladies and gentlemen, and about fifty reporters of newspapers. Several men on the Oregonian force during the session drew from \$10 a day, besides doing the work which was paid for. Mr. Ford is opposed to looting the treasury, and tells everybody so. Today the ninety-eighth applicant for a clerkship called on him, and said that of all who came only one was qualified to do short hand work and a typewriter. He favors giving such \$50 a day and no more.

LEBANON.—T. C. Peebler and Andy Vail returned home Friday from a deer hunt in the neighborhood of Bald Peter. They killed seven deer.  
Pursuant to call, a mass meeting of the citizens of Lebanon and vicinity was held at Union hall, Wednesday evening, Jan 4, for the purpose of considering the matter of enlarging the corporate limits of this city.  
Jas Carille hitched up his team last Saturday and they started off on the run without a driver. They ran up to Main street, then down Bridge avenue, where they were finally captured. This is the team that ran away and killed Mr. Grisham.  
The first evening the electric lights were used on, an old gentleman at the show was heard to remark that he wouldn't have any electric lights in his house; he couldn't "bear the smell of 'em". Probably thinking about gas.—Advance.

THE NEW ENGINE.—The new chemical engine of Resue 11 & J. Co, the Mahon was tested this afternoon under supervision of Mr. Conger, of Portland, in the presence of a large crowd, a shed previously prepared being set on fire for the occasion. The engine worked well extinguishing the flames in 15 seconds. Quickly operated such an engine is a fine thing for a city, where quick work counts.

FOR THE FUN OF IT.—Bill Nye and O. P. Barback, humorists will be in Albany if we want them. They are great men in their way, a very funny way though. These men make people pick their teeth with crow-bars, talk to Indian cigar men, get frightened at an old maid, electra, anything for the humor of the business. Every body knows about them, and if they come will fill the opera house.

THE SKATING RINK.—There was a large attendance at the skating last evening to witness the mile race, which was won by Boy Bentley in 4:55, only 1/2 second faster than Elmer. This gives the contestants a heat in the race, which will be held tomorrow evening, race to begin at 8 o'clock.
