ENGINE ACCEPTED.—At a meeting of the Hook & Ladder Co last evening the Monitor Chemical engine was accepted. M D Phillips was called foreman and Sena McFarland assistant, and the president was directed to appoint twenty five men to run the engine. Jas J Charlton, F W 4705st and Jereck were appointed a committee to confer with the City Council in reference to increasing the membership of the company to seventy, which would place them on a footing with the other companies. Albany ranks first in the cities of the coast in respect to fire department, in proportion to her population, a fact of much importance in the future development of the city. We cannot have too good a fire department.

ASHLAND'S SUBURBS.—The second meeting of the Ashland Mining Co was held this week, commencing on the 1st inst. It was a nice, smooth clean meeting Tuesday afternoon. Supt Jos A son carried it to the bank of Ashland for safe keeping and exhibition before the iron railing. The gold bullion weighed 426 ounces which at the price of one ounce makes it \$6390. This was a 2 1/2 days run of their 5 stamp mill at the foot of Helman street ashland. Six days run was on low tide that would not have been run if the weather allowed haul.

There was less than 200 tons of ore this run. The bullion was shipped to U S mint at San Francisco after eyes had viewed it.—Record.

MANAGEMENT.—At a meeting last evening of the directors of the opera house association a proposition from C Finn and E D Cusick to lease the house for the ensuing year was voted and they have already taken possession of the business, including the alterations already made. They are live, young men with a good idea of public pulse in reference to entertainments, and will make an effort to refer to Albany the best to be obtained. The resignation of J Joseph as secretary of the Albany Building Association was accepted. F P Nitting was elected to that position.

THE AGES.—Below is given a table showing the approximate age of convicts in the state penitentiary during the last year: under 20 years, 93; between 20, 351; 30 and 40, 214; 40 and 50, 100; 50 and 60, 35; 60 and 70, 9; 70 and 80, 1; total, 786; average 30-16 years. Two of the number under 20, 4 were 15, 15 were 16 and 10 were 13 when received. One boy 16 years old was sent to reform school as incorrigible, to complete the unexpired part (7 months) term. The average age in 1891, '92 years.

BOISE'S POSITION.—Recently the Oregonian published an item from the Oregonian stating that Judge Boise was for of repealing the mortgage tax. The Salem Journal says: Judge Boise was seen by a Journal representative and said he was not in favor of repealing the mortgage tax law, but of giving no exemptions for debts except as were a matter of record and definitely ascertained.

PLEASANT EVENING.—Last evening officers of Beulah Rebekah Lodge No 100 F, were duly installed by Mrs Carter, D D G M, in the presence of members, their families and invited guests. The Albany Military Band furnished some excellent music which was appreciated. A lunch was served and a good social time was had by those present.

AD.—A brief dispatch from Boise, Idaho, received in this city last evening, announced the death of James Lee, formerly of this city, where he had been known for a long time as a baker for C Meyer and the firm Bros.

HANDSOME PRIZE.—A beautiful silver water pitcher, now on exhibition at Centon's grocery store, will be given to Washington's birthday. A ticket for every 50 cent cash purchase.

AN INVITATION.—Wedding is held with delight, as an idea to save money is listened to with regard if it is held in the wide you to one of C E Brownell's.

SOCIAL AND PERSONAL

Hon W P Elmore, of Brownsville, passed through Albany to-day for Salem.

Mrs A B Slauson, and Mrs E L Thompson, of Salem, are in the city the guests of Hon R A Lyne.

License were issued to-day for the marriage of J Frank Malone, and Ada M De Beyer, the latter being 15 years of age, and Phil Lewis and Isabelle Sanders.

Sheriff Noland, of Lane County, Sheriff Osburn, of Benton county, and Sheriff Jackson, of Linn county, three of the livestock and best shepherds in Oregon, were at the depot this noon.

Judge Hale, wife and little daughter, spent a week in Ashland visiting Mrs J W Hamaker and having dental work done at Dr Caldwell's. They left yesterday for their home at Klamath Falls.—Record. Judge Hale is a son of Milton Hale, of this city.

Albany has several residents over 90 years of age; but Oregon City can surpass us. An ex says: James Mooney, the patriarch of Oregon City, is now 107 years of age, and is still able to get up and down the bluff with ease. He facetiously declares that he will live 100 years longer.

NEWPORT THE TERMINUS.—The Corvallis Gazette says that the Southern Pacific railroad will have its terminus right in the city by the sea. At a mass meeting a committee was appointed to work in conjunction with Kings Valley and Toledo. In the conference with the Southern Pacific committee that was appointed to secure the right of way from Airline to Newport, they promise that as sure as Grover Cleveland is the president elect, so sure will that road have a terminus before New Year's day, 1894, in the city of Newport, the best all the year round watering place on the Pacific coast and the second harbor on the northwest coast. With the Oregon Pacific wedded to some continental line, Newport will be the home of the pleasure seeker and capitalists of the country west of the Rocky mountains both winter and summer.

THE VALUE OF A LAW POINT.—The compilers of the "present owner" books obtained the privilege to charge the enormous price of \$13,000 for their work through the seemingly harmless wording of their contract with the county, viz., that they jointly contracted and agreed to furnish "a full and complete description of all real estate in Clackamas county," and that, besides \$1500, their remuneration for this work was to be "15 mills of all real property discovered by them not on the assessment roll of 1891." Now a large proportion of the real estate in the county on which annual taxes were being paid was not properly described on the assessment roll. They corrected these numerous descriptions and collected 15 mills on their value from the county, as the law concerning this matter allowed them to. It was a clear experience to the county and exemplified the value of a point in law and also the value of knowing it. Multnomah county will pay about \$30,000 for her "present owner" books.—Oregon City Courier.

SCIO.—Mayor Munkers, Recorder Shelton and Marshal Dilley, is the way they should be addressed now.

Chas Piatt, the victim of the coon tree accident, is still alive, and his father expressed the opinion on Tuesday that he is improving.

Last week E J Daley acting for Wm Fisher, bought Jeff Montgomery's hop crop, paying 17 cts per pound for them.

So little attention is paid to the law against gambling in this locality, that it is carried on openly. Report says that the play has been running high this week.

The Bank of Scio now has both a new president and a new cashier. The former president, J S Morris, and cashier, O S May, resigning, and T J Munkers elected president and A J Johnson cashier. The annual election of officers occurs on the 17th inst.—Press.

AN ACCIDENT.—Bert Case, son of M B Case, while scuffling with John Goeagher, at the home of his father, in some unaccountable manner fell, dislocating his shoulder. He was brought to the office of Drs Maston & Davis, who reduced the dislocation and sent him home in a comfortable condition.

Good Meetings.

Editors Democrat: It were indeed a pity if any earnest seeker after truth should lose the wholesome and spiritualizing influence of the meetings now in progress at the Baptist church because their attention had not been particularly directed to them. There is an absence in these meetings of the sensationalism and claptrap which so often characterize revival meetings. A deep undertone of spirituality is apparent. Especially would the writer call attention to the Bible readings held in the lecture room of the church at 2:30 p m. The next one (Monday afternoon) is on a somewhat unusual but very important subject. It would pay our business men if they would follow the example of other men in sister cities and avail themselves of this rare privilege. NOT A BAPTIST.
