Medical Testimony:

W. Thornton Parker, M. D. Recorder, Assecciation of Acting Assistant Surgeons of the U S Army, writes:

SALEM, March 23, 1891.

SAIRM, Mais, March 23, 1891.

"When at Stuttgart, Germany, during the winter of 1831-82. I was suffering from a severe attack of bronchitis, which seemed to threaten pneumonis. I met, at the Motel Marquardt, Commander Beardslee, of the United States Navy. In speaking of my sickness, he remarked: 'Doctor, you can cure that chest trouble of yours by using an Allocok's Porous Plaster.' That may be true,' I answered, 'hut where can I get the plaster? 'Anywhere in the civilized world, and surely here in Stuttgart. Whenever I have a cold, I always use one and find relief.' I sent to the drug store for the plaster, and it did all that my friend had promised. Ever since then I have used it whenever suffering from a cold, and I have many times prescribed it for pafients.

"The Allocok's Plaster is the best to be had, and has saved many from severe illners, and undoubtedly, if used promptly, will save many valuable lives. Whenever one has a severe cold they should put on an Allocok's Plaster as soon as possible. It should be placed across the chest, the upper margin just below the nack; some hot beef tes, or milk, will aid in he treatment.

"This is not a patent remedy in the objectionable sense of that term, but a standard preparation of value. The Government supplies for the U.S. Army and Indian Hospital stores contain Allsock's Plasters, and the medical profession throughout the world are well aware of their reliability and excellence. I shall always recommend it, not only to break up colds, but as useful in allaying pains in the chest and in the back.' It is a preparation worthy of general contidence.'

A Terrible Affair:

SAN FRANCISCO, Jan 12.—A Canton correspondent sends this account of a terrible disaster in a country town about 50 miles from Canton, which occurred early last month and resulted in the less of nearly 2000 lives. A band of robbers made a raid on a village in the Shin Hing district. They first levied a tribute of several thousand tacls on the priests of the temple. The latter had just received large offerings from the people, who were celebrating the holidays under a blg shed in front of the temple. The angry robbers applied the forch to the shed, and the people, in panic, rushed into the temple for refuge. The main entrance to the temple caught fire from the heat, burning the shed, and over 1400 men, women and children were either burned, smothered or trampled under foot.

TACOMA, Jan 12.—A Chinaman applied to the city clerk for a license for peddling today and the clerk refused to issue it, telling the Chinaman that to attempt to peddle in Tacoma might result in his being murdered, as the white citizens had shown a disposition to admit Chinese only as merchants. The Chinaman agreed to take the consequences, but the city clerk, however, refused till such time as he could consider the mayor.
