Doesn't "look" as she ought—the weak, nervous and ailing woman. As long as she suffers from the aches, pains, and derangements peculiar to her sex, she can't expect to.

But there's only herself to blame. With Dr. Pierce's Favorite Prescription, she's a different woman. And it's a change that can be seen as well as felt. The system is invigorated, the blood enriched, digestion improved, melancholy and nervousness dispelled.

With the "Favorite Prescription," all the proper functions are restored to healthy action. Periodical pains, weak back, bearing-down sensations, nervous prostration, all "female complaints" are cured by it. It's the only medicine for woman's weakness and ailments that's guaranteed to do what is claimed for it. If it doesn't give satisfaction, in every case for which it's recommended, the money is returned.

Can something else be offered by the dealer, though it may pay him better, be "just as good"?

TELEGRAPHIC NEWS.

A Terrible Explosion.
BUDA PEST, Jan 27.—An explosion from a cause still unascertained took place in a coal mine at Tokod, near Gran, this morning. Fire broke out immediately after the explosion and is still burning. About 150 men were at work in the mine at the time of the explosion. The descent was not impaired and the cause was sent down almost at once. The bodies of 19 men who had been killed by the shock were found near the bottom of the shaft and were brought up. The cage went down again, but returned immediately, as the smoke was so dense that the rescue party was unable to remain below. Two of the party were unconscious before they reached the top. The 131 men are still in the mine.

CORVALLIS, Or, Jan 27.—E C M Rand, of New York, Henry Wood, of Tacoma, and C H Gest, of Seattle, with C E Bowen, stenographer, constituting the expert commission chosen by the eastern bond holders of the Oregon Pacific Railroad Company to examine the property of the road, arrived in this city today and will remain until Monday, when they will begin their duties of inspection along the line.

A Bad Arrangement.
INDEPENDENCE, Or, Jan 27.—There is considerable excitement over the discovery of a box of combustibles found this morning in the agricultural warehouse of R M Wade & Co. The box had a short candle, cotton batting saturated with coal oil and a quart of oil, so arranged that when the candle burned out it would start the fire. It is thought that it was intended for some other building, some say the city hotel. Two men are suspected and they are being watched.

A Town Burned.
OAKESDALE, Wash, Jan 27, Oakesdale has been visited by another fire and nearly all the business buildings in the city left from the fire of last July are burned, nearly every frame building in the city is gone. At 11 o'clock, a blaze was discovered in the center of a wooden block, which might have been quenched with a few buckets of water, had there been any water at hand. Loss about \$6000.

Noncommittal.
ASTORIA, Or, Jan 27.—The Dickinson party of railroad men left here for Portland tonight. In an interview before leaving Dickinson declined to say anything about his intentions, but stated that he would make up his mind in a few days and return again. He has observed things here very closely during his visit, but has never expressed himself one way or the other.

WALLACE, Idaho, Jan 27.—An incendiary fire occurred last night at Gem, three and one-half miles from here, which destroyed nearly all the business portion of that town lying south of the Northern Pacific track, and burned up \$32,000 worth of property.
