GOOD EVENING.

Hot Affair—From parties coming to Corvallis we learn of a very lively occurrence there Monday. E. C. M. and Henry Wood, the experts sent into the O. P. road, among things began the investigation of the company at the office. Reported that even as far as the matters looked rocky. Wm M. objected. Rand told him substance to shut up his mouth; when, according to the report, Wm M. grabbed a pair of shears. Sheriff Osborn, who was sent for, in order to compel the signing of the books, parted the men. Fullerton was telegraphed for, and there yesterday, and the matter of the rights of the experts was at last not decided. The arguments said to be hot. Judge Bronaugh, the Hog faction, declared that unless the holders agreed there would be no five years, and that the Blair had no right in court; but Mr. Fullerton demonstrated otherwise. A great many think some has been struck, and there will be heard to drop.

County.—The recorder's court occupied last Monday trying Pearl and Edith St. Clair on charges of having a house. The former was \$75 and not having the ready cash to settle, was sent to jail. Ambrose, a farmer on the North of John Day, got mad at William Ford one day last week and shot him in the leg. Lingsford was not hurt, so the shooter was not arrested.

at Brownsville they have an assessor for the position of Indian agent at Spring. They want to drop him "hot oyster." Crook county has a sale for that office in S. A. Lester, is entitled to the place. Mr. Lester has been clerk at the agency for some time.—Review.

and Fire.—Last Sunday night Mr. Donald, residing near Frio, went to barn to tend to his stock, and looking at the time. While after going to his house fire was discovered in barn, probably caught from the Little could be done, and the engine was burned, together with head of horses, 1000 bushels of 15 tons of hay and considerable property. A few things were saved, was no insurance, and the loss is heavy one.

Other Proposition.—The hitch on the Electric Light company and has been on the length of the contract the company wanting a long contract the city refuses anything over a year. Democrat is informed a proposition made by the company to complete contract with nine lights, and furnish lights desired without any time to set at the rate suggested by the company would make the cost of 16 lights only \$182.50 a month.

than Ax and Gun.—Tennessee, a miles from Lebanon, has been having contest between a couple of citizens. Men and Mr. Thomas had some trouble in the former attacking the latter in a house, no damage being done, and with a shotgun, at which time Mr. Thomas had gotten out of range. Allen arrested and tried at Lebanon, Deputy Attorney Wyatt prosecuting the case. A fine of \$5 and costs was the result.

Results.—As the result of a criminal trial in Albany several months ago A. Hull and Abba Hull have been suit against J. F. and Anna Moses establish a boundary line. All of Crawford.

and Back have brought an attachment against R. Kent for \$227. Started Right.—The whiling schoolboy, with his smiling morning face, creeping like a cat, singly to school, at Cont. & Hendrickson's, the live and left a long order for some things, remarking that he liked to eat and that they kept the best groceries to be secured anywhere. If you have the best groceries and produce most reasonable prices call on Connors & Hendrickson. They have them.

Stage.—"All the world's a stage all the men and women merely players; have their exits and their entrances." of their principal entrances leave Parker Bros grocery and bakery. Best groceries and the freshest produce kept, and their baked goods are of comparison, consisting of a big variety of breads and cakes, plain and skillfully and well made. An important thing to consider.

Shoes.—I carry the largest medium priced and good wearing misses and children shoes in the city. I have just added a line of steel shoes which I recommend to you. Don't forget that I repair any shoe free of charge.

College Notes:

Wednesday morning finds only sixty three of us assembled here for our daily studies. Prof Bloss, of the State Agriculture College was with us during Chapel exercises this morning, after which he delivered a short address. Pres. Condit and Prof Lee accompanied by the Senior class attended the funeral of Frank Propst, a former graduate of this place. Examinations begin next Friday. They will last about a week. We are sorry to say that one of our most prominent young men had to be told that he had better discontinue the eating of his dinner until after school when he could have some one help him. (Another east room incident.) School was again dismissed today noon on account of the weather. BILL SYKES JR.

SOCIAL AND PERSONAL

Mr Eugene Larimore, of Corvallis, is in the city. George Gerhart, an old Corvallis boy, is in town on a visit to relatives and friends. He will leave in a day or two for a brief visit with friends in Albany and Eugene, and then return to his home at Fairview, Washington.—Corvallis Times. To-Night At the Opera House, The Y M C A Entertainment.

THEATRICAL.—So great has been the success of Fred Marsden's farcical comedy, "Humbug," at Cordray's theater that the management has decided to keep it on another week. Its success is due to the fact that it is one of the best comedies ever written. The leading part in "Humbug" is that of an adventurer named Bartz, the son of a shoemaker. Bartz assumes the name of Jack Luster, who is in India, and, making love under this assumed name, the real man marries a confiding widow. Old Man Luster turns up and learns that Bartz is going under the name of his son, Jack, whom he has discarded. Jack finally enters upon the scene, and thus adds to the complications, and, to make matters still more amusing, Old Bartz, the shoemaker, appears and finds his son masquerading under false colors. The widow, by the way, is also sailing under false colors. She pretends to belong to a very aristocratic English family, when the fact is she was the wife of a man who made his money in pork. The parts were all admirably cast.—Portland Ex. At Albany Friday night, Wife for Wife Saturday night, and A Banker's Daughter Saturday afternoon.

LADIES FINE SHOES.—I have a full line of ladies fine dress shoes, all solid and the latest novelties in style, and reasonable prices. SAMUEL E. YOUNG.

MORRIS.—At their home in Albany, Monday, January 30, 1893, to Mr and Mrs R N Morris, a daughter.

INSULTS.

The Journal says: "The movement to create a county out of Yappa bay country, is meeting with much favor. It is about the most meritorious of all the county division schemes and seems likely to succeed." As a matter of fact Benton county is none too large in population now.

Penoyer caps the climax by refusing the use of the state's cannons on inauguration day. Here was his decree: "No permission will be given to use the state cannon for firing a salute over the inauguration of a Wall street plutocrat as president of the United States." For childishness this beats the record. No president has been farther from a Wall street plutocrat than Cleveland. Mr Penoyer should study his dictionary.

The Portland Dispatch says: The barbers of this city have sent to Senator Woodward for introduction in the legislature, a bill providing for the closing of barbershops in the state on Sundays. They say that other business places are closed on law so that Sunday can be enjoyed as a day of rest, and they would like the same privilege forced on them. They claim that people can be shaved as well on Saturday as on any other day, and seven days in the week are too many to work. It is understood that the cheap barbers are opposed to this measure.

A correspondent of the Ochoco Review tells of a dance at Faulknerville in the following interesting manner: The "Ochoco server" attended the dance at Faulknerville. It was a grand success both financially and physically, for I went through on main strength and awkwardness. A fine supper of raw oysters and crackers was served at sundown, and another consisting of the choicest viands was served at midnight. Some of the boys got too hilarious and were locked up in the henhouse and fined \$2.50 each. All had a good time, especially those who were in the henhouse.

IN MEMORIAM.

We, the members of the Harrisburg Union Y P S C E, do hereby beg to offer our sincere condolence to the bereaved parents and sister of Millard Ramsey, for the irreparable loss of their son and brother. He was endeared to all by his many manly qualities, and was one whose bright smiles and willing hands had endeared him to all who knew him, and we feel that his untimely death has left a sad blank in our circle that on earth will never be filled. Snatched away in the very morning of life, and the dawn of a promising manhood, making his loss doubly felt. He was ever faithful, as a member and president of our society, as a body, we take great comfort in the thought, that "Death is swallowed up in victory," "O death where is thy sting? O grave where is thy victory?" and we extend to the bereaved family our heart felt sympathy, and commend them to "One" "who doeth all things well."

Resolved, that by the death of our dear brother, our C E Society has lost an earnest and a consecrated member, though he may not answer present to our roll call, we are certain that at the great roll call of heaven, as the great secretary shall call out the names of the redeemed, that Millard in his robe of white and starry crown, shall rise and with the sweet toned voice of angels, answer present. Resolved, that his untimely death be an example to us, that we so live that when the call comes, we like him, be ready to start on the final trip with the "signals" all ready. Resolved, that a copy of these resolutions be furnished the bereaved family and entered on the records of our society, and a copy be handed the Harrisburg Courier, Herald Disseminator, Albany Democrat, and the Oregon Christian Endeavorer, for publication. C. E. HAWK, NETTIE HENDLE, Mrs. E. J. BEMIS, LUCY MUNSON, CHAS. LEVIN, Committee.

State Superintendent McElroy has received and accepted an invitation to deliver an address before the World's Educational congress, to be held at Chicago during the Columbian exposition this year. This congress will convene during the month of July 17th. The subject will be, "The Rise and Growth of the Public Schools on the Pacific Slope."

Cooper's new road law does away with the labor tax which yielded no good results in roads, but proposes a tax of four mills instead. Grading machines are provided to do the work before the ground gets so hard and such a machine will do as much road work as thirty or forty teams with plows and scrapers. The roads are to be uniform in plan, built of gravel with culverts of stone where practicable. It is being opposed on the ground that our tax is already too high, and if supervisors would do their duty we would have good roads. But we would not. We need better laws.

Card of Thanks.
