What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is fairly year's use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. G. Conroy,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quick nostrums which are destroying their loved ones, by forcing opium, sulphine, soothing syrup, and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitchell,
Conway, Ark.

Castoria.

"Castoria has been adapted to children that I recommend it in preference to any prescription known to me."

Dr. A. A. Andrews, M. D.,
111 So. Duane St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have a small stock of it, we are free to confess that the merits of Castoria has won us to look with favor upon it."

There's a wide difference between the help that's talked of and the help that's guaranteed.

Which do you want, when you're buying medicine?

If you're satisfied with words, you get them with every blood-purifier but one. That one is Dr. Pierce's Golden Medical Discovery. With that, you get a guarantee. If it doesn't help you, you have your money back. On this plan, a medicine that promises help is pretty sure to give it.

But it's because the medicine is different, that it's sold differently. It's not like the sarsaparillas, which are said to be good for the blood in March, April, and May. At all seasons and in all cases, it cures permanently, as nothing else can, all the diseases arising from a torpid liver or from impure blood.

It's the best blood-purifier, and it's the cheapest, no matter how many doses are offered for a dollar.

With this, you pay only for the good you get.

Can you ask more?

BISBITS.

A little more snow last night.

The Portland money ring seem to be running things somewhat in the state legislature.

It is at least interesting to hear the rumors about the O. P. One is that Manager Wm M Hoag receives \$30,000 a year salary, as revealed by the books inspected, and gets \$1,000 a month for a small water power at the Bar. Of course both are exaggerations.

Bidding for the office of Street Superintendent in Oregon seems to be the fashion. Ashland eclipsed Albany with the following bids: J R Stearns, \$65 a month; I C Dodge, \$50; David Allen, \$30; Ernest Hicks, \$40; W A Lewis, \$40; B S Radcliff, \$38.

The Indians predicted the present snowy winter, from certain moon signs, and declared it would last until Feb 15, when the snow moon disappears. The hunting month of December did the business, somewhat aided afterwards by the cold moon of January. Look out for a fine spring.

An Ann Arbor student has invented a machine to make a mustache grow on the smooth lip. It consists of a small electric battery so arranged that the whole thing can be put in the mouth under the upper lip. The stimulating effect of the electricity will in two weeks time cause the youthful hairs to sprout and a beautiful covering of that which some boys value so highly will be the result. It is needless to say the invention has been patented.

The following from a Walla Walla paper suggests the necessity of a public place in which all kinds of men may get warm. The saloons are well attended these cold days, but the parkers complain they spend nothing and are only stove heaters. Every chair in some places is occupied in the back rooms where the fires are, but the bars are pictures of solitary desolation.

Some years ago an old gentleman fell by the roadside near Kensington, England. Of quite a number of persons who witnessed his fall all pronounced him drunk, save one, a lady named Birch. She alone went to his aid, insisting that he had merely fainted, which was the fact. It is not known that Miss Birch ever afterwards saw the old gentleman, but a few weeks ago his solicitor called and informed her that he had died and bequeathed to her the sum of \$750,000.

Worth Knowing.

That Alcock's Porous Plasters are the highest result of medical science and skill, and in ingredients and methods have never been equalled.

That they are the original and genuine porous plasters, upon whose reputation imitators trade.

That Alcock's Porous Plasters never fail to perform their remedial work quickly and effectually.

That this fact is attested by thousands of voluntary and unimpeachable testimonials from grateful patients.

That for rheumatism, weak back, sciatica, lung trouble, kidney disease, dyspepsia, malaria, and all local pains they are invaluable.

That when you buy Alcock's Porous Plasters you absolutely obtain the best plaster made.

GET STARTED RIGHT.

Then the whining schoolboy, with his satchel

And shivering morning face, creeping like a snail

Unwilling to school,

stopped at Conn & Hendrickson's, the live grocers, and left a long order for some groceries, remarking that he liked to eat anyway, and that they kept the best groceries there to be secured anywhere. If you would have the best groceries and produce at the most reasonable prices call on Conn & Hendrickson. They have them.

MOVING OUTFIT.

TELEGRAPHIC NEWS.

Earthquakes.

ATHENS, Feb 7.—The city is again shaken up by a series of severe earthquake shocks, and people who had returned after being frightened away again. The king and queen of Greece have arrived at Zante, where the shocks were even more severe. Thousands of inhabitants followed in silence the royal carriage. Most of the churches, for which the city is celebrated, are wholly or partially wrecked. Hardly a gne building on the main streets is left uninjured.

Heir to a Fortune.

TACOMA, Wash, Feb 7.—J D Rainey, ex-chief of the fire department of this city, has fallen heir to a fortune estimated at \$100,000. A few weeks ago he received a letter from a lawyer in Texas asking whether he was related to Robert Rainey. The lawyer stated that Robert Rainey died recently in Texas, and that he had left an estate worth considerable money. J D Rainey is preparing papers to establish his identity.

A New Sect.

COLUMBUS, Kan, Feb 7.—The people of this section are greatly excited over the spread of new religious ideas, of which John and David Deems, of this place, are the chief expounders, the basis being the government of personal conduct according to the teaching of the New Testament literally interpreted. Many have adopted the new religion, and several people have left their families to follow the Deems. They claim to have performed miraculous cures. Families have been disrupted, until the authorities, backed by the sentiment of the orthodox people, have determined to break up the sect.

Fire at Pendleton.

PENDLETON, Or, Feb 7.—A fire at 1 o'clock this morning consumed four wooden buildings on the west side of Maine street, between Court and Alta. The losses are as follows: Laundry & Demott, grocers, building and stock, \$7500; H L Carl, barber shop, \$800; W H Daughtry, meat market, \$1500; Dan Kemper, grocer, \$3500; W C Bardsley, building, \$1500.

Accepted.

WASHINGTON, Feb 7.—Secretary Tracy has officially accepted the coast defense ship Monterey. Her builders, the Union Iron Works, of San Francisco, lose \$32,000 from the contract price, \$1,626,950, because she failed to develop a maximum horse power of 5400. Her horsepower on trial was shown to be only 5077.

A Rich Pocket.

GOLD HILL, Or, Feb 7.—B Horn, an old resident of this place, struck a pocket recently on Gall's creek, which, for richness, bids fair to excel the old Gold Hill mine. Already, several thousand dollars have been taken out and it seems to be extensive.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not affected with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a positive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co.

LOOK OUT.—At Zero or below it is a dangerous condition of temperature to those of enfeebled constitutions, either from age or from youth. It is just such a condition of the weather as increases ten-fold the intensity or spread of rheumatic pains and aches. But the remedy and cure is so simple and sure it is to be wondered at that any permit themselves to suffer a day, or an hour, when at any drug store St. Jacobs Oil can be had, which not only cures rheumatism, but there is a return of the trouble.
