CITY OFFICIAL PAPER.

GOOD EVENING.

A SHARP TRICK.—General Compson is accredited with securing two appropriations for the Oregon National Guard at the hands of this legislature. The Gullickson bill giving them \$40,000 has passed both houses over the governor's veto. The Ford bill to give the National Guard \$80,000 in lieu of the mill tax also passed both houses. That gives the state militia a cool hundred thousand to operate with the coming two years. The governor cannot well veto the Ford bill without restoring the mill tax of both the militia and State University, and adding considerably to what they will now receive. When the matter came before the House of passing the Gullickson bill over the veto Ford denounced it as being in bad faith and an outrage on the tax payers of this state.—Journal Ford was right. Such kind of legislation is very disgraceful and not at all creditable to anybody concerned.

OUR MEMBERS.—The Salem Journal publishes a flash light of the members of the state legislature, in which the Linn county members get the following good notices:

Weatherford, an excellent reasoner, logical debater and commands the esteem of all his colleagues.

Jeff Meyers' genial nature and strict attention to business renders him a conspicuous figure, an intelligent law maker and the 'adv'dy' man of the senate.

Miller, gallant, dashing, always happy and timely in his remarks and never bores.

Blevens, quiet, dignified, chuck full of good fellowship and common sense.

Elmore, sagacious, silent, plenty of brains and knows how to use them.

THE NEW OFFICERS.—The first set of officers of Lincoln county, according to the slate agreed upon by the men instrumental in securing the passage of the bill, and as will probably be appointed by Governor Pennoyer are as follows:

D P Blue, peoples party, of Toledo, county judge.

Lee Wade, democrat, or Geo Landis, peoples party, probably former, sheriff.

Ben Jones, of Toledo, clerk.

Sam Case, Allen Parker and J O Stearns, probably two former, for county commissioners.

A O Crogstad, republican, of Toledo, county treasurer.

Geo. Parker or Geo Landis, assessor.

Rich, coroner.

ALREADY the Woolen Mill at Dallas is in trouble. It is a fine thing for a city to have a woolen mill, but it takes business men to run one successfully. The Transcript says: The stockholders of the Woolen Manufacturing Company met at the court house Thursday afternoon. After some discussion they decided to make an effort to raise sufficient money to save the mill from sale and put things in proper shape to start the concern. Accordingly a committee was appointed to solicit subscriptions to the capital stock of the company.

R R COMMISSIONERS.—At the republican caucus last night McCrum, of Yamhill county; J B Eddy, the Pendleton editor, and Gen Compson, of Klamath Falls, were selected as railroad commissioners. They choose their own clerk from the members. The board is an entirely new one. Linn county men will learn not to run for office. They generally get left. Even Mr Miller had it published that he was a resident of Portland, instead of Albany, it is reported, so he would stand some chance.

A NEW GRANGE.—Yesterday at the school house four miles west of Albany, Deputy R A Irvine organized Riverside Grange with a charter membership of forty-two. Following are among the new officers: H M Palmer, master; B R Pendleton, secretary; V M C Stellmacher, overseer; V H Caldwell, lecturer; G L Reece, assistant steward; W P Small, chaplain; Jas Dyer, treasurer.

A BURGLAR ABOUND.—Wednesday night Mrs Alfred Wheeler hearing a noise in her room arose in her bed and discovers a man with a dark lantern in the room. He wore a gray beard, evidently false. Upon seeing her he ran from the room and house. Nothing was taken. It was not known how he entered the house.

A BIG STAGE.—"All the world's a stage And all the men and women merely players; They have their exits and their entrances."

One of their principal entrances leads into Parker Bros grocery and bakery. The finest groceries and the freshest produce are kept, and their baked goods are beyond comparison, consisting of a big variety of breads and cakes, plain and fancy, skillfully and well made. An important thing to consider.

WILL MOVE Feb. 15th. From now until Feb. 15th we will sell Boots and Shoes at greatly reduced prices in order to reduce our large stock before moving in our new quarters. Respectfully,

KLEIN BROS.

SAMUEL E. YOUNG

SOCIAL AND PERSONAL

Dr A Gregory Prill, of Sodaville, has been in the city today.

License has been issued for the marriage of Bert Roberts and Luisa McBride.

Mr Bert Van Cleve will leave for Toledo in a few days to resume charge of the Post, of the county seat of Lincoln.

L W Stewart, W E Baker, Grant Froman and W B Barr went to Salem today to assist in organizing a state league of sparrows.

C J Stewart, of Albany, solicitor for the Oregon Pacific, was in town Monday making arrangements with our shippers for a cargo of wheat. The boat will be up the last of the week if the river remains at its present stage.—Courier.

Judge Graham, who has been selected as Secretary of State by Governor-elect Cleveland, is a cousin of Mr W S Esters, formerly of Albany, and Mrs Governor Pennoyer, of Portland.

Another Oregon boy is heard from. The Granite Pass Courier says: Roy K Hackett, twelve year old son of John Hackett of this city won a prize for best essay on Columbus in the N Y Voice recently. His lot's picture adorns the columns of the Voice and the article pitches right into the middle of the subject in genuine mole's reporter style.

Master Mechanic Hume, has retired from the Oregon Pacific, and Mr Harry Chipman, of the round house has been appointed to succeed him. Mr Thomas Thomas will have charge of the round house, and Jack Simpson will run the engine of the passenger to the Bay.

Hon S A Dawson, of this county, a prominent candidate for railroad commissioner, a position he would have filled with credit, returned home this noon. He has undoubtedly lost faith in the word of legislators. It is reported enough votes were pledged him before the republican caucus to have elected him; but only received 3 in the caucus. The truth is the commissioners selected will create general dissatisfaction. There is evidently something shaky in the matter.

A SILVER WEDDING.

Yesterday was the 25th anniversary of the marriage of Mr and Mrs A D Barker. The event was celebrated in the evening at their residence near the S P depot with a silver wedding, and Mr Barker is now thoroughly converted to free silver. The evening was spent in games, thorough sociality and in partaking of a sumptuous wedding repast. The happy and live young couple were remembered with a fine display of silver ware. The sentiment was general that they should live to celebrate their golden wedding under as favorable auspices. Those present, besides members of the family, were: Mr and Mrs L C Stratton, Mr and Mrs S Froman, Mr and Mrs Wm Rumbaugh, Mr and Mrs Geo Stimpson, Mr and Mrs Al Saylor, Mr and Mrs Frank Purdon, Mr and Mrs G P Warner, Mr and Mrs C F Franks, Mr and Mrs Frank Craw, Mrs S Purdon, Mrs J Stimpson, Miss Lydia Rumbaugh, Miss Lillie Purdon, Miss Emma Smead, the Misses Warner, the Misses Dodder, Messrs Kasper Vandran, John Isom, Cary Crawford, Harry Craw and N Galloway.

KEEP YOUR SIGN OUT.—The great Peter Cooper is credited with the following rare bit of common sense: "In all towns where a newspaper is published every man should advertise, even if nothing more than a card telling his name and the business in which he is in. It not only pays the advertiser, but lets the people at a distance know that the town you reside in has a prosperous class of business men. As the seed are sown so it recompenses. Never pull down the sign if you intend to do business, for it often indicates that your grip, commercially, is broken. The judicious advertiser will receive \$10 for every one invested in the columns of a local newspaper."

GET STARTED RIGHT.—Then the whining schoolboy, with his satchel and shining morning face, creeping like a snail unwillingly to school, stopped at Conn & Hendrickson's, the live grocer, and left a long order for some groceries, remarking that he liked to eat anyway, and that they kept the best groceries there to be secured anywhere. If you would have the best groceries and produce at the most reasonable prices call on Conn & Hendrickson. They have them.

The installation ceremonies of the officers of Albany Tent, Knights of the Macabees will occur Friday evening, Feb 17, 1893, at the G A R Hall on First street. An interesting time is anticipated.

MARRIED.

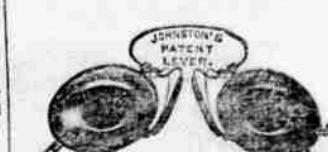

BURRELL-MCKINNEY—On Feb 15, 1893, at the residence of J S Sonck, by J S Ireland, J P Mr A D Burrell and Miss Della McKinney.

MOORE WARD.—On Feb 14, 1893, at the residence of the bride's father, Caleb Ward, by Rev C C Sperry, Mr W J Moore and Miss Laura L Ward—both of Linn Co.

DIED.

McCLURE.—At his home near Sweet Home, Feb 11, 1893, of Bright's disease, D H McClure, aged about 70½ years. Deceased was a well known and highly respected citizen, and came from an old Pennsylvania family. He came to Linn county in 1851 and settled near Albany, and has lived on the place near Sweet Home about twenty-two years. He leaves a wife and five children. Mrs McClure is a sister of J B Parrish of Sodaville—Advance.

THE STATE LEGISLATURE

Salem, afternoon, Feb. 16th.—The legislature rushed through considerable business. In the Senate, Nickels' senate bill passed; Alsea was changed to Stanford; bills regulating salaries of county judges and terms of county officers, passed. Myers introduced a senate joint memorial to congress, asking that a road department be established by the government, which was referred to the committee.

In the House, bill enabling married women to convey their real property without the husband joining in the conveyance, amended so as not to effect estates in entirety and then passed; Huston, to punish the pointing of fire arms at human beings, passed; Bancroft, to protect common carriers and to punish the tampering with locks of railroad switches, etc, passed; Myers, to provide for the filing of chattel mortgages, passed. Of general laws passed the senate leads with twenty-nine, while the house has passed through twenty-one. Of these Miller has two, proceedings in justice courts and Oregon fish ladder; Meyers one, relating to payment of laborers.

Special to DEMOCRAT.

SALEM, Or., Feb. 17th.—House: Senate bills, holding counties liable for damages from defective bridges or roads, to provide for recording wills, passed; salaries of county judges, tabled; Eastern Oregon insane asylum, passed; state board of education to purchase school books, lost; consolidating cities of four thousand as independent districts, and authorizing free kindergartens in public schools, passed; Blackman's valued property bill, passed; general appropriation read twice, special order this afternoon in committee of whole.

Senate: House bill to prohibit sale of cigarettes and cigars to minors, passed; Governor's appointments confirmed; Layman, bill to protect hedges and shade trees, passed; Oregon soldiers home bill passed.

In Colvig damage suit against Sol Abraham demurrer sustained.

MISFITS.

Those puzzle picture ads in the papers are fakes. Charles Simons, of Platina Ridge in this county invested \$5 in one and received nothing of course.

BLOWOUT LAKE, about two miles from Green Basin, in this county, a mile long and not over 600 feet wide is said to be a curiosity. The Lumberman says there are indications that the lake has not existed over 25 years. Probably ten times that.

The question to be debated by the Leveeum at Scholls ferry in this county, tomorrow night is: Resolved that "married men lay up more money and enjoy life better than single men." The married fraternity are to speak on the affirmative and the single on the negative.

J R N Bell, has a rival for ubiquitousness in Capt P B Johnson of the Walla Walla Union. An ex says: He never saw active service in the field, but was a quartermaster on the Pacific Northwest coast. Now, in addition to conducting his newspaper and drawing a good pension, he is commissioner of the state penitentiary, regent of the state university, assistant attorney-general of the state and clerk of the senate and penitentiary committee. Notwithstanding his disabilities, he seems to be able to cover a considerable number of salary drawing offices.

The Express does not give the true inwardness of the matter in the following item: The Military Band boys, of Albany, came out to Lebanon last Tuesday evening to give an entertainment. They secured the band hall and city license, but as the crowd failed to come as they expected they only played a few pieces and then refunded back the money to those that were there and then quit. They gave some first-class music on the streets. We are sorry our people did not turn out better. But come again boys and be that you will have better luck next time.

HOME AND ABROAD

Harrisburg needs a good, lively, efficient young attorney. There is a fine opening for the right person at this point.—Courier.

Miller's fish ladder bill is one that should prove of immense value to the upper Willamette. Our citizens generally will appreciate the efforts made to pass it.

Alba Hewwood in "New Edgewood Fols," Friday March 3d, instead of the 1st as heretofore arranged. This will be one of the theatrical treats of the season, and there will be a packed house.

It is claimed that the whereabouts of the lantern belonging to the fire department, now being advertised, is unknown. Unless returned to the assistant chief there may be trouble.

Some of our citizens have been watching to see when the Albany charter bill passed. It occurred on the 8th, going rapidly through both houses. The only change is to give the city jurisdiction over the whole bridge.

At this place there remains on the ground about fourteen inches of snow; at Breitenbush, 8½ feet, while at Coal it is five feet deep. Snow has fallen nearly every day for three weeks.—Lumberman

The state legislature adjourns tomorrow morning. An exchange calls it the \$2,000,000 legislature. It is the action of a slow legislature, sort of a lady's clerk affair. Several pretty good bills, though, have been passed.

While the Cordray-Wass theatrical company was in McMinnville, Miss Ida Burrows, a member of the company, fell and broke one of her legs, on account of a defective sidewalk. A bill for damages will follow. The city charter, though, fixes the maximum damage at \$100 from such sidewalk.

There are only two inmates of the custody jail awaiting trial by the next circuit court, Price for adultery, and Clyde Pratt for burglary. Young Brown is in for highway robbery will complete his sentence on May 1, when he will be discharged.
