CITY OFFICIAL PAPER.

GOOD EVENING.

A PECULIAR SITUATION.—W W Baker is still state food commissioner. The legislature elected Charles Holman, a son of Captain Charles Holman, under the new law, to be state food and dairy commissioner for two years. A bill repealing the old law under which Holman was elected, was filed with the secretary of state last night, so there is a vacancy, and the old state food commissioner probably holds over according to the constitution, until his successor is appointed. If Mr Holman had been elected under the new law after going into effect, or had been named in the bill he would be in for a term of two years. As it is he is not.

THE COLLEGE Y. M. C. A. will hold its second annual conference at the state agricultural college at Corvallis, commencing Friday evening, February 24, and ending Sunday evening, February 26. The Corvallis college band and a male chorus from Albany will furnish music during the session. Ample provisions have been made for the entertainment of a large number of guests. Delegates from the various colleges in Idaho, Washington, British Columbia and Oregon are expected to be present. A large number will attend from the Albany college.

A CARELESS HUSBAND.—Last Friday Robt McCartney, a bridge builder living at Wolf creek station, shot his wife accidentally in the hip with a 44-caliber Winchester. He was in the house showing his brother-in-law how to handle the gun, when the lady stepped in front of them just as he accidentally went off. The bullet tore along under the skin for a few inches but did not strike inward. The couple are rooming at Col Curry's residence and Mrs McCartney, who is a young woman of twenty, is recovering rapidly.

ALBANY NOT IN IT.—As the census of 1890 will probably prevail Albany will not come under the influence of the new school law which makes cities of four thousand or over, independent districts, which must have five directors, who elect their own clerk and are authorized to incur a debt of not to exceed \$700,000. The act takes effect, by a special emergency clause, on the first day of March this year. If the directory census of Mr Obenauer giving us 4682 were considered this city would be affected by the law.

THE WELL DRESSED MAN is always entitled to consideration. This is introduced to the statement that the L E Blain Clothing Company's tailoring department under the efficient management of E A Schiffer has just received the largest and best assortment of suitings for the spring and summer trade ever brought to Albany. If you would be appraised in a becoming manner call at this place and have your measure at once and secure choice of goods.

LIVELY SCIO.—Last Monday was a lively day in Scio, the rusting city of the Forks. Marshal Dilly had two cases on hand. Sam Dugger and Charley Barnes, the two well known baseball players, were arrested for playing baseball on the main street, on Sunday, contrary to ordinance, and were fined \$5 and costs apiece. Bill Brenner and a horse doctor quarreled with the city to the same extent for indulging in a saloon fight.

DR. BROWN.—This is what the Baker City Democrat says about Dr A J Brown's lecture: "One of the most eloquent and interesting lectures ever given in the city was that delivered last evening at the Presbyterian church by Rev Arthur J Brown, D D, of Portland. A large audience was present and throughout intense interest was manifested. Remember that Dr Brown is to lecture in this city next Friday evening at the Presbyterian church under the auspices of the Y P S C E. Admission, 25 cents. Tickets for sale at Foshy & Mason's drug store."

TAKE NOTICE.—You are cordially invited to call at F E Allen & Co's store Feb 24 and 25 and try the delicious "St Charles" Evaporated Cream, which will be served free with hot coffee."

JUST ARRIVED.—Direct from eastern manufacturers a number of the most beautiful monuments ever brought to Albany. Latest designs in use in the east. If you are going to put up one this season call at once and get your choice as the nearest will all be gone before Decoration day. At E W Ashton & Co's.

MONEY TO LOAN.—I have money in sums of \$500 to \$20,000 to loan on improved farm lands in Linn and Benton counties, at lowest current rates. delay in furnishing the money. C G BURKHART, Real estate agent, Albany, Oregon.

BOOTS AND SHOES.—I carry the largest line of medium priced and good wearing boys, misses and children shoes in the city, and have just added a line of steel shod school shoes which I recommend to the trade. Don't forget that I repair any shoe I tell free of charge.

SE YOUNG.

W. L. MOSE. Feb. 27th. From now until Feb. 27th we will sell Boots and shoes at greatly reduced prices in order to reduce our large stock before moving in our new quarters. Respectfully,

KLEIN BROS.

LADIES' FINE SHOES.—I have a full line of fine dress shoes, all solid and the latest novelties in style, and reasonable prices. SAMUEL E. YOUNG.

Put up in neat water-tight bottles, sugar coated, small size bottles. 25c. per bottle.

SOCIAL AND PERSONAL

W H Ramsey, of Scio, was in the city today.

A pleasant time was had last evening at a social at the Baptist church. A fine lunch was served.

Dr I N Woodie returned last night from a trip east, where he had been in the interest of his invention.

The candidates for P M of Salem are: Leo Willis, T B Wall, T L Golden, A P Gordon, D J Fry, Martin Rowley et al.

Mr Striker of the Corvallis wagon works was in the city today on his way home from a successful business trip as far as Los Angeles.

Mr U G Hayne has returned from his trip east on a visit to his parents and former neighbors. Mr Chas Buck, who went with him, remained awhile longer on account of illness; but will be in Albany in a few weeks.

Mrs E W Walling and Mrs Whitmarsh, of Portland, are in the city introducing the famous St Charles cream. Free coffee, seasoned by this delicious evaporated lactical fluid, is distributed by these popular ladies at our different grocery stores.

The Corvallis Times says: At the opera house last Friday evening, the Knights of Pythias entertained their friends. J O Wilson was master of ceremonies, and after an overture by the Coupon orchestra, he introduced J Fred Yates, of Albany, who held the undivided attention of the audience for fifteen minutes in an able and interesting address of welcome.

Wednesday being the 49th birthday of Mrs C Klefer, a number of her friends gathered at their home, corner 3rd and Baker, and gave her a genuine surprise. Games of various kinds were indulged in, after which a lunch was served. Those present were: Mr and Mrs Geo Humphrey, Mr and Mrs E U Willis, Mr and Mrs F Purdon, Mr and Mrs Geo Warner, Dr and Mrs Lienenger, Mrs J Campbell, Mrs S Purdon, Mrs M Porter, Mrs G Boenicke, Misses Cora Barker, Maggie Barker, Anna Farrell, Clara Warner, Helen Warner, Lillie Wyman, Lillie Purdon, Lena Klefer, Bertha Klefer, Messrs W Campbell, Carey Crawford, Will Warner, Ben Barker, Jessie Barker, Guy Mouton, Jasper Wyman, Arthur Purdon, Earl Klefer.

George Washington was duly honored last evening at the meeting of the C L S C held at the residence of L E Blain. A paper on the father of our country was read, the question box opened, and the roll called by the light of the fire place. In response to the call the person placed more facts on the fire, illuminating the room for a moment, while recitation, song or narration proceeded. Among the responses were a short history of the origin of the Albany C L S C in Albany by Dr Hill, reminiscences of visits to Mt Vernon by Mrs S E Young and Mr E S Barrows, a solo by Mrs Nutting, a delightfully rendered recitation by Mrs E Redeker, a vocal solo by Mrs T J Overman, a Dutch declamation by Capt Overman, and Washington and other incidents and quotations by others of the twenty-five present. The next meeting will be held with Mrs C E Wolverson, and Will Carlton will be quoted.

THE QUERY of today is, how is it that the Knights of the Maccabees have taken such a start in this city. The answer is, their history as an order has been presented in a fair, straight forward manner. The low cost of insurance, the fine fraternal features, the beautiful ritual and initiatory work have been shown with a fairness which leaves no doubt in the minds of any that this is the order of the future, combining such features as commend to the old or young, rich or poor alike, and instituted and conducted by grand fraternal and business men. In spite of the dull times a large number of our best citizens are availing themselves of the opportunity of affording a protection to their families and at the same time joining a grand fraternal order. Investigate thoroughly. Decide cautiously, but don't let the opportunity slip of becoming a charter member. The list closes Saturday evening. V.

DRAWING FOR THE SILVER PITCHER.—Last evening a large crowd assembled at F L Kenton's grocery store to witness the drawing for the premium pitcher given away. The following numbers were drawn in regular order. 1st number drawn, 2525; 2d, 473; 3d, 1026; 4th, 1665; 5th, 250; 6th, 3424; 7th, 2022; 8th, 124; 9th, 2109; 10th, 1471; 11th, 2217; 12th, 3550; 13th, 3368; 14th, 1527; 15th, 1659; 16th, 1704; 17th, 2232; 18th, 153; 19th, 1995; 20th, 3423. No 1665 was the only ticket presented at the drawing. The person holding the ticket corresponding with the first number drawn will be entitled to the pitcher provided the ticket shall be presented within 15 days from the date of drawing. If said ticket should not be presented within 15 days the person holding the second number drawn shall be entitled to the pitcher provided said ticket shall be presented within 15 days from the date the first limit expires and so on until some one receives the pitcher.

DANCING SCHOOL and social Wednesday evening, Feb 22nd, Washington's birthday.

NEW EDGWOOD FOLKS affords a rarely delightful entertainment of wholesome and unaffected fun. The piece is cleverly written, the primary idea of course being the introduction of Mr Heywood's peculiar specialties, but he is never made un-naturally or unpleasantly conspicuous and the story is told with consistency.

STOP at Will & Stark's when you are after diamonds, the best watches, and the finest silverware to be secured. They have them.

MINUTS.

Why is it that the clerk and sheriff of Lane county will earn get \$500 a year more than those of this county, which is larger in population. That is not a square deal.

Last Sunday's Oregonian had a two column write-up on a big French ball in New York City. The Mercury would have blushed to publish. The doling of 6000 prominent men and 1000 to 2000 women are given in nauseating detail.

A lady over at Hillsborough has recently sold a brood of 400 chickens, raised by her the past year, for \$200. This does not take into account the eggs sold, which would doubtless liquidate all expenses. We'll bet our old pocket knife against a nickel that the lady's husband didn't make as much clear coin off of his 80-acre wheat field last year.—Transcript.

W B Stout, an old and well known citizen of Yaquina Bay has turned over all his property to his wife and left for Washington to begin life anew. Mrs Wagner, whose husband was drowned in the bay a couple years ago was the woman "at the bottom of the affair." Stout has always stood well. The case is a very unfortunate one.

Miss Ida Hewitt, of Cairo, W Va, who is said to be the only female locomotive engineer in the world, has been engaged by the women commissioners of the World's fair to run the first train over the grounds on the opening day of the exposition. She will leave for Chicago about a week before the opening day. She is a pretty girl, and during the first trip of the engine, all wear a costume of a Spanish girl of the 14th century.

Rutherford B Hayes was the only man that ever held the position of president to die of heart disease. Washington expired of pneumonia, John Adams of natural decline, Thomas Jefferson of chronic diarrhea, James Madison and James Monroe of natural decline, John Quincy Adams of paralysis, Andrew Jackson of consumption, Martin Van Buren of asthmatic catarrh, William H Harrison of palsy, John Tyler of a bilious attack, James K Polk of chronic diarrhea, Zachary Taylor of bilious fever, Millard Fillmore of natural decline, Franklin Pierce of inflammation of the stomach, James Buchanan of rheumatic gout, Abraham Lincoln assassinated, Andrew Johnson paralysis, U S Grant cancer, James A Garfield assassinated, Chester A Arthur Brights disease.

Governor McKinley has made an assignment for the benefit of creditors. His wife insists on including her property in the list. He proposes to pay every cent, a square course that will be appreciated. The man who pays dollar for dollar regardless of circumstances is the one appreciated by the public. Politically, though, Governor McKinley occupies a low place in the eyes of the people.
