As Mrs J J White and her mother, Mrs Lockwood, were driving down the hill close by the mills in Boxsville yesterday, the horse shied and ran over the sidewalk, throwing the two ladies violently over the walk on to the hillside below, injuring Mrs White very severely. NEW YORK LETTERS.

New York, June 30th, 1893. If the conductors and gripmen on the Broadway and Seventh Avenue Line are to be believed the company will have trouble before long. Owing to the extra length of the cable cars compared with the horse cars the company have decided to run only 150 cars. These 150 cars will be required to do the work formerly done by 180. What interests the employees of the road is the extra amount of work required under the new method of transportation. Heretofore each driver and conductor has made five round trips a day, and now they will have to make six. The conductors receive \$2 and the gripmen \$2.25 a day. Considering that the work is a much harder for the men on the new cars as well as the additional work the men think they should have an extra compensation for all this extra work. An organization is being formed by the employees of the road and it behooves the officials of the company to carefully consider the grievances of their men before they paralyze traffic on New York's great thoroughfare.

On Saturday night the New York base ball club left Philadelphia on their first western trip of the season. They will play in Cincinnati, Chicago, St Louis, Louisville, Cleveland and Pittsburg, and will not return to the Polo grounds for three long and weary weeks. What will the cranks and rosters do? What will become of such old base ball enthusiasts as District Attorney Nichol, Judge Grady, Marshal J Wilder, DeWolf Hopper, Digby Bell, Judge Cullum, and Russell B Harrison, during that period. Some will follow the "Giants" but the others will watch the tickers and read with appalling wretchedness of the defeat of their favorite or perhaps with glee and enthusiasm when they down the western ball tossers as the case may be. The team goes west in a broken up and crippled condition, having only one backstop in condition to play. The following is captain Ward's hospital list: Doyle, catcher, sprained arm; Kelley, catcher, injured knee; McMahon, catcher, finger smashed and will probably not play this season; Lavis, third baseman, lame shoulder and of course Johnny Ward worried and rattled. Considering the good showing that the crimples made against the Philadelphia team and the fact that Ex-Postmaster Van Cott, who is president of that club accompanying the boys on their present trip, it is hoped that the gallant boys from Gotham will hold up their end in the battles to be fought in the west. Philadelphia leads in the league race but the first six clubs are so close together that a week may reverse the entire standing. It is indeed an interesting race for the coveted pennant and will grow more exciting as the season progresses.

As was predicted in this column, some time ago, Henry Villard stepped out of the board of the Northern Pacific railroad. At a meeting of the directors, at the company's office on Wall street, Mr Villard's resignation was accepted and John D Rockefeller elected to fill the vacancy caused by Mr Villard's resignation from the board of directors, and it is claimed by men who are in a position to know, that Mr Rockefeller's election to the board adds a great strength to the company. President Oakes can now take hold of the affairs of the company unhampered by a scheming director.

It is the opinion of racing men in this city that the poor work of the starter in the \$50,000 American Derby run at Chicago on Saturday, was the cause of the defeat of Mr Foxhall Keene's great colt, St Leonards, by the western colt Bonadelle. A prominent trainer at the Sheepshead Bay track, regarding the race said: "If the horses had got off at any reasonable time after going to the post St Leonards could not have been beaten with Fred Taral in the saddle. But to keep a horse of St Leonards frame and breed, at the post for one hour and thirty-seven minutes, is enough to defeat him before he starts." There were only ten horses in the race but it took starter Pettengill nearly two hours to start them and he became so excited that he missed several chances to send them off, and the braking away and worrying was too much for St Leonards who although grandly ridden by Taral was beaten by "Snapper" Garrison in the saddle and Clifford ran third. New York turfmen are greatly disappointed at the way the race was run owing to the unnecessary delay at the post. Taral as usual was complimented for the way he handled St Leonards, riding him so hard that the colt was bleeding on both sides when he flashed under the wire behind Bonadelle, whose stable won the \$50,000 purse, the largest ever offered in any race in the history of the turf.

The longest game of base ball so far this season was played at Cincinnati on Monday between the Cincinnati and New York teams. Although the New York's are badly crippled they tied the score in the ninth inning when the game was apparently won by the home team. The showing they made by tying the score in the 12th and again in the 16th innings was remarkable. At the end of the 11th inning the game was called owing to darkness. The following is the score by innings: Cincinnati—1110000000010010—5 New York—00000100200010010—5 Batteries for New York, Russe and Milligan; for Cincinnati, Chamberlain and Murphy. The local enthusiasts are jubilant over the good showing made by Captain Ward's men.
