

GOOD EVENING.

HOME AND ABROAD

Only ten extra sessions of congress have been held in 117 years. The eleventh has been called.

Joe Smith, a tramp, was placed in the calaboose this forenoon by Marshal McFeron for being drunk and disorderly.

The case of Chas McFar, before the board of fire delegates, was brought up last evening, and continued until tomorrow night.

Only seven counties have paid all their state taxes. They are Columbia, Coos, Josephine, Marion, Morrow, Wallowa and Yamhill.

It is claimed the rates on the S P between Albany and Eugene are those fixed by the Railroad Commissioners. It so they had better try again.

Mathias Koshland, a hide buyer, was sentenced to 2000 days in jail or to pay a fine of \$4000 for using warehouse receipts for wool and hides he did not possess.

When two men meet it is safe to bet that one or the other will mention dull times before they separate. Where nearly everybody does it is not to be wondered the sentiment is that way.

Jim Lotan has been indicted by the U S grand jury on the charge of opium smuggling. Nothing is surprising about Lotan. Indictments were also found against several others, including deputies, on the same charge.

"I was prostrated with a severe bilious complaint," writes Erastus Southworth, of Bath, Me. "After vainly trying a number of remedies, I was finally induced to take Ayer's Pills. I had scarcely taken two boxes when I was completely cured."

Whether Pasteur or Koch's peculiar modes of treatment will ultimately prevail or not, their theory of blood contamination is the correct one, though not original. It was on this theory that Dr J C Ayer, of Lowell, Mass, nearly fifty years ago, formulated Ayer's Sarsaparilla.

Following are the new officers of the Alpha degree of K of P, recently installed: Mrs Maggie Hewitt, P C; Mrs Mary Allen, M E C; Mrs Mary Parker, E S; Miss Lizzie Wood, E J of T; Mrs Alice Richards, M of T; Mrs Julia Farrell, M of R and C; Mrs Josephine Deyoe, M of F; Miss Helen Crawford, P of T; Mrs Maggie Harris, G of O T; Miss Lizzie Farrell, organist.

The Pullman Tribune says: Mr E J Northcutt, the man who has gained so much notoriety on account of the mammoth yield of 101 bushels of wheat on one acre on his farm near this city, has completed the tiresome task of counting the grains in one bushel. He says there are 726,000 grains in one bushel, graded wheat. It is doubtful if the gain to the world will be great enough to balance the expenditure of time and patience required in accomplishing this task.

The following from the Portland Dispatch is about former Lebanon people: The matter of the application of W G Gardner, superintendent of the Boys' and Girls' Home for the custody of Bessie, the young daughter of M E Hearn, was before Judge Munly this afternoon, and was abandoned by Mr Gardner. It appears that Mrs Hearn, who is divorced from her husband, a few days ago procured an order of the court to send the child to her father. The latter who is a station agent on the Southern Pacific at Jefferson, one day last week came down and took the child away, in which efforts he assaulted Mr Gardner, and resisted Officer Kernan, and for which he was arrested. He claims that his divorced wife is taking the proceedings in order to harass him, and has reinstated facts to the authorities. He says the child is with his mother, and is well taken care of, as he is able to support it.

BASE BALL doesn't seem to be getting along very well, at least financially. The Salem team has disbanded, getting no support in Salem at all, and the Statesman says of the Albany club: "The Albany team has also announced that she will not leave Albany in the future to play ball. In her games at Portland last Saturday and Sunday she lost heavily. If any team wants to cross bats with her they will be obliged to go to Albany. This state of affairs is liable to put a damper on the further progress of the league. Evidently none but the Oregon City and Portland teams are on a paying basis. It is to be hoped that something will be done in a few days to put the teams in playing shape but as long as the people, the principal element of success, refuse to patronize the games of course it is useless to try and maintain them."

The above probably does not give just the correct situation here. The Albany team will probably be ready to play elsewhere, and the Salem team will probably complete the season. If the necessary support is secured Friday that will be the result. It takes money to run base ball clubs, and the task is a big one in an off year like this.

WE HAVE TO EAT anyway. The better the groceries the more enjoyable life is, and while we do not eat live simply to eat, we certainly eat to live. If you get your groceries and baked goods of Parker Brothers you are bound to live well if it is only on a loaf of rye bread. They keep the best in everything, and sell at prices that satisfy regardless of times. Call on them.

Mr George C Stannard, who has been with the construction party of the telephone company for several weeks, has been in the city today. The poles are raised nearly to Lebanon.

The Presbytery of the Willamette, of the U P church, is in session today at the church in this city. Among those present are Dr Wallace, of East Portland, Rev George Hayes, of Portland, Dr Black, of Salem, Rev Marling, of Halsey, and Rev Acheson, of Oakville.

Hon George Chamberlain, Oregon's popular attorney-general, has been mentioned as a suitable democratic candidate at the next election for congress from this district. We believe he could be elected. He is one of the brightest young men in the state, and has the ability to fill the position in a manner that would redound to the credit of himself and the state.—Eugene Guard.

AN ELECTION.

Headquarters Second Regiment Inf., O. N. G.

SALEM, Or., July 17, 1892.—Orders No. 29. An election for Second Lieutenant of "F" Company, Second Regiment, O. N. G. will be held in the army of said company on Tuesday, July 18, at 8 p m.

Captain M H Ellis, Regimental Surgeon, is detailed as inspector of election, and will comply with the rules and regulations of the Oregon National Guard.

CROOK COUNTY.—Scarcity of money has caused numerous banks to close their doors, and some of the church folks here begin to believe the same cause will result in the closing of the church doors, it being next to impossible to raise money with which to pay ministers' salaries.

Since last Saturday at least two inches of rain have fallen in this vicinity. The rain began falling Saturday evening and continued to pour down all night and until noon Sunday. Since then occasional heavy showers have fallen. The ground is thoroughly wet, and all spring grain will yield an abundant harvest.

Probably the most enthusiastic crowd that celebrated in this county was the crowd that assembled near Wm Adams' place on Combs' flat. They gave vent to their patriotism in dancing, commencing at 2 o'clock on the afternoon of the 4th, and continuing until daylight on the morning of the 5th. It was an open-air party, a platform having been erected under the shade of the pines.—Review.

AN EXCITING FIRE.—The Villard Hotel was burned at Pendleton yesterday afternoon. The loss was about \$10,000. The E. O. tells of the following in connection with it: The firemen worked like heroes. They in several instances risked life and limb. In attempting to pull down the Main street wall, they were compelled to ascend, in the face of angry flames, ladders leaning against a tottering support. Had the ladders but slipped, the brave workmen would have been hurled to an awful death in the fiery maelstrom below. Suddenly, amidst all the excitement, the cry went up: "There's a woman in the burning building!"

Intense excitement prevailed, and all shuddered at the thought. Hurried inquiry, however, ascertained the fact a sick woman had been removed barely in time to save her life.

DIDN'T WORK.—The rain making experiments at Heppner last week were not successful. About 10 o'clock a bombardment was begun and kept up until noon, but without any sign of rain. It was resumed in the afternoon, but still the much needed shower came not. From Eight Mile and other sections came word that they, too, were trying the rain making experiment, it having been agreed previously to make the attempt of making clouds and wring them over the grain fields of Morrow county on that date. Notwithstanding the failure nature may yet furnish what man has not. At any event there will be considerable grain raised in this section.

REVIEWS.

A Crook county church, the Review reports, will probably be closed for want of funds.

Whether the fair at Chicago is a Chicago fair or World's fair has been discussed like that of whether the state fair is such or only a Salem fair. All reports indicate that it is decidedly a World's fair.

It is reported that work of extending the Oregon Pacific into Eastern Oregon will be commenced today. It is only a rumor, still we hope it is true.—Whoce Review.—An example of how reports and rumors grow.

Police Judge James A Campbell, of the San Francisco police court, has sued the Evening Post of that city for \$50,000 for defamation of character. Judge Campbell formerly resided in this state, and was brought up in Lane county.

The Salem Democrat man will try and have the Salem Journal man indicted by the next grand jury for criminal libel. There promises at least to be plenty of smoke in Salem journalism for several weeks. It is to be regretted personalities have been permitted to reign in these offices. Don't.

The Medford Mail says: A Eugene girl recently found a lot of love letters written by her father to her mother many years before they were married. The daughter read them to her mother pretending they were of recent date, and substituted that of her own of a young man well known to both, for her father's. The mother was very much disgusted, and has forbidden her daughter to go with a young man that will write such nonsense and sickening stuff.

THINGS WORTH REMEMBERING.

When you feel a kind of goneness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.

When you begin to feel nervous and are unable to sit still comfortably; when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.

When this fit of indigestion is repeated from day to day it finally resolves itself into dyspepsia.

Remember that three to ten of Brandreth's Pills will cure the worst case of indigestion or dyspepsia, or both, and that a regular course of them, say two every night for a week or ten days, will act as a preventive of either complaint.

Trains will hereafter run to Idanha on the eastern end of the Oregon Pacific Monday morning and Wednesday and Saturday evenings. Round trip tickets, good for thirty days, will be sold for \$3.00. Round trip tickets can now be bought to the Bay, at excursion rates every day of the week.

A WATCH is a necessity nowadays. I you want one call on Will & Stark, whose stock is large and varied, and prices the most reasonable. They can give you a bargain in this line as well as in jewelry generally.
