

A COMPROMISE.

LOCATING THE CAUSE.— Among the many persons who have discovered that all the troubles in the markets and the banks are not due to the Sherman act...

Just after the passage of the Sherman and McKinley laws there was a phenomenal shortage in the grain crops of Europe and an unusual yield in the United States.

Under the economic rule that prices of food tend to rise very rapidly after a certain degree of scarcity is reached...

The movement of gold away from our shores began before most people attributed the change to the Sherman act. One cause was the McKinley act.

McKinley talks of a balance of trade as if the difference were always paid in gold. Of course there is not and never was any such habit in international trade.

This McKinley tariff has created a new export trade in manufactured goods. It has prevented an enormous increase of exports of agricultural products...

It is easy to see that the tariff laws have materially helped to precipitate hard times. They have caught the masses of our people selling and buying.

The same congress which passed the Sherman and McKinley laws also took great pains to spend all the surplus in the treasury and to make a surplus impossible for years to come.

So in getting at the real and entire responsibility for the stringency that has scattered many a store of earnings and depreciated the property of everybody except the man who had gold and nothing else...

The governor quietly, and with the best grace possible, submitted to the use of cannon at the reception of Vice President Stephenson at the capital city yesterday.

Whatever may be said of others, the vice President had the good taste to eschew politics at the nonpartisan reception extended to him by the citizens of Salem.

The use of cannon at the vice presidential reception at Salem yesterday was inevitable and the governor climbed upon the band wagon with great enthusiasm.

To FARMERS.—The undersigned have leased the warehouse of David Smith at Tallman and are now prepared to store grain, and all farmers are requested to call and see them before making arrangements for storage elsewhere.

The question of financial legislation is always a serious one. The problem now confronting the American people is a grave one and of almost impossible solution. One extreme is the free, unlimited, independent coinage of silver bullion into silver dollars. The other is the demonetization of silver.

Mr. T. F. Johnson San Jose, Cal.

"I have for many years been a great sufferer from SCROFULA breaking out on my arms and legs; they were covered with eruptions and sores, discharging all the time. I tried very many medicines and consulted physicians far and near, but constantly grew worse. I have taken but three bottles of Hood's Sarsaparilla for rheumatism, and has derived so much benefit from it that he declares there is no other medicine on earth. We would not be without it in the house if it costs \$20 a bottle."

maintain the stability and integrity of our monetary system. We believe this is the only thing that can be done to settle the silver question. It would so stir up all foreign nations as to cause them at once to renew negotiations to secure general use of silver. We believe in this way American silver can be made as good as gold.

Hard to take—the big, old-fashioned pill. It's pretty hard to have to take it, too. You wouldn't, if you realized fully how it shocks and weakens the system.

Luckily, you don't have to take it. Dr. Pierce's Pleasant Pellets are better. They're sensible. They do, mildly and gently, more than the ordinary pill, with all its disturbance. They regulate the liver, stomach and bowels, as well as thoroughly cleanse them. They're the original Little Liver Pills, purely vegetable, perfectly harmless, the smallest and the easiest to take. One little Pellet for a gentle laxative—three for a cathartic. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels are promptly and permanently cured. They're the cheapest, too, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get.
