suntight of heaven than our own Oregon.
The Vice president, in answering, among
other things said: I can only thank you
for the kind words and generous welcome
extended to me at this early hour in this
beautiful valley and city of your beautiful
and glorious state. I am prefoundly grateful for this manifestation and shall carry
the memory of it to my latest hour. All

Corvailis News.

The employes of Smith, Rosenfelt & Co., of Portland, Oregen, feeling somewhat insecure in their positions, on account of the general lack of business, drew up a paper a few days ago binding the firm to employ them constently until January 1, 1895. This document was presented to the manager who paid the bands off and shipped the entire growd of clerks. An example of foolishness on the part of the clerks not often witnessed.

The next thing to going to Chicago is

clerks not often witnessed.

The next thing to going to Chicago is the perusing and seeing the Book of the Fair, being issued by the Bancroft Company, Auditorium Boilding, Chicago. It will be issued in 25 parts of 40 pages each, elegantly illustrated, so as to give one a complete view of the fair. The descriptions produced by Hubert Howe Bancroft, the great historian, will be of the highest order. It a part is cheap for such a good production, the finest yet seen by the Democrat.

Trains will bereafter run to Idanha on the eastern end of the Oregon Pacific Monday morning and Wednesday and Saturday evenings. Round frip tickets, good for thirty days, will be sold for \$3.00. Round trip tickets can now be bought to the Bay, at excursion rates every day of the week.

We are now every day listening for some thing to drop in Oregon Pacific affairs, and we lope it will drop our way—giving the Willamstte valley anextension over the Cas-cades.—Statesman.

Ah Gum, private secretary of Soid Rack, of Portland, is engaged to Miss Young, a member of the Baptist Chinese Mission school, and they are trying to get a minister to marry them. So far they have sensibly re-fused. Under a haw of the last legislature it would be unlawful anyway. Such wed-dings are disgusting.

Th Coos buy papers assert that the loss of the steamer Emily was foretold by a spirit units, John Slated. One resident of Marsh-field did not ship his piane on that trip be-cause of this warning, and one of the pas-sengers was told at a spiritualist meeting in San Francisco that the vessel would be wrecked.

The Hepper Gazette says: The question that is agitating some of the farmers of Umatilla county at the present juncture of affairs is: Will it be cheaper to lot our crops stand or pay 35 or 40 per cent for money with which to harvest them? The Morrow county farmers are in no such quandary; they have no crops to harvest, and many a farmer over this way, who is dancing attendance in the money lenders' court, wouldn't mind being in the same fix.

Times in Tacona are said to be very dull. This was illustrated today by an insurance man who tells the story of a business man remarking to several men congregated there, that if a pole cat was to come into Tacona he could'nt raise a cent. An old German who heard it went home and told his wife that he had just heard the best think out. A man had remarked that times were so dull in Tacona that if a pole cat was to go there it could'nt raise a dollar.

The Astoria Budgett growls as follows:
Rents have got to come down. In most
cases they are 40 per cent too high. Already people are beginning to leave Astoria
because rents are so much cheaper in Portland. Several families could be named.
The last that went was Mrs F E Habersham
and family, yesterday. She rents a large
two-story house with fine lawn and garden
in Portland, for what she paid here for a
small dwelling with no grounds. Business
houses and store rooms are about double
what they should be, considering the times,
and unless there is a great reduction several
business houses will move somewhere else.

Crop weather bulletin, No 18, of the bregon State Weather Service, for the week nding Tuesday, July 25th, 1863. B.S. Pague, local forecast official.

Pague, local forecast official.

In Western Oregen the past week has been the warmest so far this season, the maximum temperature ranging from 75 to 85 degrees. No rain fell during the week. The clear, warm weather was very beneficial to the ripening of fall soon grain. Fall sown oats and wheat are being cut in Linn, Lane, Benton Doughs, Josephine and Jackson counties; in Marion. Polk and counties to the north harvesting has not yet become general, but will be this week. The grain cut so far has been heavy, of good quality and very satisfactory to the farmers. The spring oats and wheat will not yield an average unless rain should fall within the next week. Epring wheat is not over 15 inches high and it will be hard to safely cut. Clover hay has all been cut and put away; timothy hay will be cut this week. In Jackson county the second crop of affalfa is being cut. Potatoes are a good crop everywhere. Fruit continues dropping from the peach, pear, apple and plum trees, reducing the yield still more than was expected. There is a marked absence of coldin moth and the aphis. Hope are in bloom and a good crop is expected.
