TAKING LARGE INCOMES.

Dr. Barth, of Berlin, in considering a possible decrease of income if the United States tariff is reduced, says that "it could be replaced easily through taxation of the larger fortunes"—in other words, by an income tax. He added that this plan of taxation "had been introduced recently in Prussia and was working well in every particular, as the tax affected only those fortunes well able to bear it."

This confirms previous statements made in the World regarding the operation of this tax in Prussia. It has worked so well that Dr. Barth favors its adoption for raising the extra money needed to meet the expense of increasing the German army.

But the experience of Prussia is not novel. This kind of taxation has worked well wherever it has been imposed. Of course most men who have large fortunes do not like it. They want to go on and make money, paying as few taxes as possible. Many of them do not hesitate to commit perjury to escape taxation which they can well afford. They want all taxation to be of such a kind that they can easily recoup themselves for their share from the poor.

Always the poor pay more than their share of the expenses of the government. They do it in New York City now. There is no other way of evening up this matter so certain and so just as the taxation of large incomes.—The World.

Nervous Dyspepsia:

Senator James F. Pierce, of New York writes: "For the past two years I have suffered very much from an aggravated form of nervous dyspepsia. I have resorted to various remedial agents deriving but little benefit. A few months since a friend of mine suggested the trial of Alcock's Porous Plasters. Following the suggestion, I have been using the same with the happiest effects. To those similarly afflicted let me suggest the manner of their use. I place one over my stomach, one over the hepatic region, and one on my back. The effect is excellent. From the day I commenced their use have been slowly but surely improving, and am quite confident that by continuing I shall again be restored to my accustomed health."

TELEGRAPHIC NEWS.

Looks Warlike.

BANGKOK, July 31, 7 p. m.—The uneasiness among the people here, far from lessening, is increasing. Seven more French gunboats have arrived at Koh-Si-Chang, making a total of 13 now there. Negotiations are still going on, but the progress is not reported. The intentions of the French are waited with fear and apprehension. Rear Admiral Humann, commanding the squadron, has issued a second blockade notice, to take effect three days from Saturday. He will order the British warships Pallas and Swift, now lying off Bangkok, to go outside the blockade limits.

Died at a Spring.

SALEM, July 31.—John Canney, living in South Salem, was today engaged in working, with his son, on the Levy farm, three miles southward of Salem. They were picking beans, when the father went to a spring not far distant to get a drink. Not returning, an hour later the boy went to the spring and found his father dead. The body was brought to this city. An inquest will be held in the morning. He was at one time a resident of Stockton, Calif.

At Oregon City.

OREGON CITY, Or, July 31.—The rumor relative to the closing of the woolen mills cannot be confirmed, and those in charge say they know nothing of the matter. They are now running short, as they have only a few orders ahead. They will run no longer than they have orders to work on. The Willamette Pulp & Paper Company's paper mill and ground wood pulp mill closed last night to enable them to work off stock. The Crown paper mill has also closed for the same reason.

The Silver War.

CHICAGO, July 31.—There will be a declaration of war tomorrow, and the signal of hostilities will be given by the combined convention of populists, free-silver men and greenbackers. The foe to be outlawed will be "the money power," and this generalization is so broad that it is designed to include the capitalists of Europe, as well as the money barons of Wall street.

Suspended.

EUGENE, Or, July 31.—The Commercial bank of Cottage Grove has decided to suspend business on account of the financial condition of the country, but does not do so under compulsion, as they were busily engaged paying off all their depositors and will wind up their business as promptly as possible.

Drowned While Bathing.

GERVAIS, Or, July 31.—Charles Gallo-way, a young man 21 years of age, was drowned while bathing in Pudding river today, about three miles east of Gervais. He leaves a young wife and infant child. His widowed mother resides in Tacoma.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package.

A Sharp Practice

you call it when reading an interesting article and find at its close that you've read an advertisement. Don't condemn the advertiser. You won't read the ordinary advertisement. All advertisers feel this in common with the writer who takes this means of telling you that Simmons Liver Regulator is the best medicine for malaria, impure blood, and a poisoned system. Equally as good for indigestion and biliousness.

Caution.

Imitations have been put upon the market so closely resembling Alcock's Porous Plasters in general appearance as to be well calculated to deceive. It is, however, in general appearance only that they compare with Alcock's, for they are worse than worthless, inasmuch as they contain deleterious ingredients which are apt to cause serious injury. Remember that Alcock's are the only genuine porous plasters—the best external remedy ever produced; and when purchasing plasters do not only ask for but see that you get Alcock's Porous Plasters.

Plenty of home tons and a return for more goods. The game is umpired on the square, and there is never any kicking. Prompt and courteous treatment. A steady thing. Doors open early and late. Twenty Years' Experience.

C. D. Fredricks, the well known photographer, 770 Broadway, New York, says: "I have been using Alcock's Porous Plasters for 20 years, and found them one of the best of family medicines. Briefly summing up my experience, I say that when placed on the small of the back Alcock's Plasters fill the body with nervous energy, and thus cure fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pain in the side, back or chest, indigestion and bowel complaints."
