"Now good digestion wait on appetite, And health on both."

To assure both the above ends, good, wholesome, palatable food is demanded. It is next to impossible to present a sufficient variety of appetizing bills of fare for our meals without a liberal allowance of pastry and other food in which shortening is required. How to make crisp, healthful, digestible pastry has puzzled the cooks. A difficulty in all good cooking in the past has been lard. Always fickle, never uniform, most unwholesome—lard has always been the bane of the cook and the obstacle to "good digestion."

COTTOLENE

comes now into popular favor as the new shortening—better than even the best of lard with none of lard's objectionable qualities. And

COTTOLENE

comes attended by both "APPETITE AND HEALTH." Grocers sell it all about. REFUSE ALL SUBSTITUTES.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
