HOME AND ABROAD

GAY, GAY, GAY, at Revere House August 9th to 12th. The Willamette is 1.4 feet above low water mark.

The advance agent for Sell's circus has reached the valley. A B Hudson, of Jefferson, will run the Marion warehouse this year.

There will be no services at the M E church South during the month of August. The Springfield Messenger is to be moved to Eugene and run as a people's party paper.

South Brownsville has been ordered bonded for the purpose of building a new school house. Mr Frank Wood, jr, has recently sold eight fine St Bernard pups, out of eleven, three dying. \$25 was received for each.

E M McIntyre and M Carey, both of this city, left about \$300 apiece in the closed banks of Albany and Portland. Ashland Record.

The store of Geo Finley, at Crawfordsville, has changed hands and the business will be run by J C Cox and Dan McKercher.

The people of Brownsville are very naturally kicking because under the new tariff table they cannot come to Albany and return the same day.

The statement in the DEMOCRAT and other valley papers that the S P had asked for further time to pay its employees, was incorrect. They have been paid for last month. This month's wages are not due until the 15th.

Denny pheasants are being killed for the exclusive use of hunters. One hunter tells the DEMOCRAT man that some of the birds are on their nests yet, and that there are a good many young ones running around.

A man was in Brownsville this week on his way to Arizona, where he intends to take up the Apache Kid's trail, capture his head, secure the \$5000 reward—return to the Willamette valley and raise hops.

Supt Jas Agler was over from Dunsmuir last week seeing that the Leon W Washburn's circus got over the Siskiyou. The railroad trip from Portland to Ashland cost them \$2000 and from Ashland to Repping \$700. They are in hard luck, though Washburn's wife was still wearing a set of diamonds in her finger ring. Ashland Tidings.

An Albany young man was helping himself to what he supposed was some dried venison when it was learned that he had taken a bite of a dead rat that had gotten into an unused drawer, and died and dried up. The rat is preserved and may be seen at a tinshop in Albany as proof of the fact.

The first wheat came to Albany yesterday. J M Archibald stored a wagon load at the warehouse of the Albany Farmers Co, and J H Wallace a load at the Red Crown Mills. The grain is plump and heavy, weighing about 66 pounds to the bushel. A big harvest has just been begun, and even with low prices will be of material benefit to the times.

Dr Oglesby this morning showed us some of the richest quartz we have ever seen. The rock is one mass of pure shining gold. It came from a ledge he discovered last week in the celebrated Bohemia district east of Cottage Grove.

He thinks that he has a fortune, and he has, if he can get any great quantity will pan out like that he has, which he assures us is plentiful.—Eugene Guard.

RELIGIOUS SERVICES.—Regular services at the United Presbyterian church tomorrow conducted by the Rev M M Marling. Prof W H Lee will conduct the Y M C A meeting tomorrow at 4 p m. This is one of the coolest places in the city on a warm day, besides we have ice water on draught. Men are invited.

The usual services will be held at the First M E church. A cordial welcome to all.

LOVED AN OLD MAN.—Mrs S M Brockinridge and the Misses Brockinridge, of St Louis, and Mrs H C Smith, Miss M K Cromwell, Miss W A Tucker, Miss Mary Boone and Miss Eliza Boone, of Baltimore, Md, are at the Portland. They are en route to Alaska. When the party reached California, about July 1st, they had with them Miss Hattie Pascual, who, though of wealthy parents, was friend and chaperon of the Misses Boone. She was in love with N K Maston, a millionaire, aged 73, who had a family of grown daughters. The latter sought to break off the old man's attachment for the young Baltimore woman and induced him to go into hiding. Miss Pascual seeing that she had been baffled took it to heart so much that she died in an insane asylum in San Francisco. The party after the funeral continued its journey. Dispatch.

Now is THE TIME.—There is not the least doubt but advertising is the life of trade. This has been well demonstrated during the past few weeks by C F Wright, of this city. A few months ago Mr Wright opened a furniture and undertaker's establishment in Harrisburg. Dull times did not frighten him. He advertised; he did the work systematically and thoroughly. The result is that during the month of July he sold hundreds of dollars worth of goods. Advertising alone will not bring a fortune, but no business can succeed without a liberal use of printers ink, and the harder the times, the more it is needed.—Courier.

If you are particular about what you E-A-T Perry Conn can sell you in groceries. New seasonable specialties constantly arriving. He keeps a clean stock. If you are going to the mountains call on him and get stocked up. If you are going to stay at home, call on him and get the best to be secured, as well as first class treatment. His prices will suit the times. Don't stop eating, but eat what will build up for prosperous as well as quiet times.

What Shall I Take? Why Simmens Liver Regulator, of course. It can't be beat in any attack of indigestion, biliousness, sick headache or constipation.

Mr Moses will enter upon his duties at once.—Harrisburg Courier. Drs Starr & Spongale and Archie Blackburn went to Lower Soda, Thursday, the former two returning to this place in the evening and the latter remaining to sniff mountain air for a while.—Brownsville Times. The latter's parents, Judge and Mrs Blackburn, are at the same place rusticating.

Attorney General Chamberlain while in Salem yesterday paid Capt N B Humphrey a visit at the asylum. He talked very rationally for some time on current matters, saying nothing indicating that his mind was affected, except once to horse stealing, as if he thought he was being confined for it. The indications were that he was improving rapidly and will recover.

It is with no little degree of regret that we chronicle the removal from our midst of Rev S F Longbottom and family who have taken up a residence in Albany. During his stay in this place, of one year, the Reverend gentleman has commanded the friendship of a very large circle of friends, both in the Cumberland Presbyterian church of which he was pastor, and in all the denominations of the city. As principal of the South Brownsville public school he proved himself to be everything that could be desired of an able instructor. He has been chosen pastor of the Cumberland Presbyterian church in Albany, and we, with a host of others, wish him and his estimable wife a pleasant and profitable year.—Brownsville Times.

PAID UP.—The loss of C Toussaint, at Melrose, has been adjusted and \$1597 insurance has been paid on the total insurance of \$2600. There was \$1500 on the stock in the North British and Mercantile and \$1000 on the goods and building in the Farmers & Merchants, of Albany, and the Sun Co., of San Francisco, in equal amounts, only \$350 of this amount being in the building. As some of the stock was saved the loss was adjusted as follows: The Farmers & Merchants and Sun Co \$290 each and the North British and Mercantile \$1037, total \$1597.—Roseburg Review.

NEVER BOTHER yourself very much about business during the hot months. If you wish to keep cool, nor must you get into the habit of asking A MAN

if it is hot enough for him, when you can see very plainly that he is practically roasted; but, instead, advise him to call on Parker Brothers and get the best baked goods to be secured, as well as warm weather groceries generally, WHEN HE IS HOT. By so doing you will surely retain his friendship.

MISCELLANEOUS

The Eugene Guard recently "put its feet in it," by announcing triplets born to the wife of a McKenzie river farmer, whereas the report was based on nothing at all. "Can't the newspapers do something to restore confidence and force money into circulation" is a question that comes to us from various sources.—Exchange. Yes, they can pay their bills as promptly as possible, reduce their expenses and wait for the tide to turn.—Salem Journal.

Judge Hubbard, of Marion county has posted the following notice on the big steel bridge, the object being to place the responsibility for accident on the persons crossing the bridge: "Notice: Notice is hereby given that this bridge is unsafe and is hereby condemned, and he who crosses it does the same at his own risk. Dated this fourth day of August, 1893. W C Hubbard, county judge."

Western Oregon is one of the finest and most fertile sections of the Pacific Coast. It is the Willamette valley, of which Hon Samuel Bowles once wrote: "Never beheld I a more fascinating theater for rural homes; never seemed more fitly united natural beauty and practical comfort, fertility of soil and variety of surface and production; never were my bacolic instincts more deeply stirred than in this first outlook upon the Willamette valley."

Prof Loiset, the author of a memory system, is in Tacoma, lecturing. Two or three years ago a class in Corvallis took his system, and it was pronounced a pretty good thing if one has time to master it. Regardless of claims the secret of all memory systems is application, which, though, may be assisted by different forms of study. A Washington professor showed up Loiset, or tried to, for he is not the kind of a man to be downed. His system no doubt has as much merit as any.

An exchange says the reason that there have been no bank failures in Seattle is the fact that the people of Seattle, from bank presidents to hod carrier, stand together for the common good of the city, of which they are all proud. They take a common pride of the record of her splendid growth and brilliant achievements, and they are to a man, almost, resolved to preserve her stability. Such a course steadfastly pursued will make a name that will be worth millions to her, and it will furnish an object lesson for other cities.

The marriage of Miss Mary S Byl, the superintendent of the Chinese mission located at No 146 Fifth street, to Churley B Young, a Chinese business man of this city, was celebrated yesterday afternoon at the First Baptist church in Vancouver. A reception to the newly wedded pair was held last evening at the Chinese mission. About 200 friends were present. Young is related to Seid Back by marriage. He is Americanized, having adopted our style of dress and dispensed with a queue.—Portland Telegram. The laws of Oregon do not permit such a marriage hence its occurrence in Vancouver. Oregon is unfortunate in having a very poor neighbor on the marriage question.

A BENEFIT GAME.—Next Sunday at 2:30 o'clock a game of base ball will be played on the league grounds for the benefit of the Albany players remaining in the city, between the members of that club and the Willamettes. Burns and Collett will be the battery for one club and Arick and Stapleton for the other. The last score between the clubs was 11 to 11, an assurance of a close and exciting game. Admission, 25 cents; no extra charge for grand stand.
