Daily Democrat.

WASTING TIME:

Republicans admit that the Sherman act was the moving cause of the financial depression; but the primal one that set it in motion was the election of a democratic senate and house and the inauguration of a democratic president. These created public distrust, and immediately gold began to flow out of the treasury and capitalists commenced to hoard their money. To restore public confidence congress should as soon as possible repeal the Sherman act, and emphatically declare that tariff laws will not be disturbed. This will re-establish business on a sound basis, and save the country from the frightful disasters that are now threatening trade and manufactures.—*Mountaineer*.

Then if the Sherman law had not been passed it could not have been set in motion and there would have been no financial depression. As the Sherman law was passed by republican votes alone, and approved by a republican president, it is not difficult to trace the financial depression now existing to the legislation of the republican party. But the *Mountaineer* says dogmatically that the election of a democratic house, senate and president "has created public distrust." The *Mountaineer* evidently believes its readers are all fools, and it is to be feared that they are if they heed such lessons as are taught in the above extract. This cry of public distrust is an old one. It was used by the republicans for years after the war, when they would declare upon the stump that the democrats could not be trusted with power because they would re-enslave all the negroes, grant pensions to all the southern soldiers, etc. The *Mountaineer* used to engage in that kind of pastime, But it did not believe its own words then, nor does it believe its own words now. Its highest motive and purpose is to make partisan capital out of the misfortunes of the people. But what party was distrusted last fall? The tariff question had been discussed continuously for five years. The people understood the issues better than any national question ever presented to them for consideration. In view of all this they voted overwhelmingly against the Mckinley tariff. The masses did not "distrust" the democrats then, nor do they now, except, maybe a lingering fear now and then that the party may not fully carry out their pledges of tariff reduction. We know there were a few, the protected few, and their friends, who distrusted the democrats. It was perfectly natural that they should be "distrustful." The men who had for years been wringing tribute from the pockets of the people by means of a tariff that taxed the whole people for their benefit might well "distrust" a party that was pledged to break this iron grasp by which they held the masses. The *Mountaineer* very graciously recommends that democrats should declare in congress that the tariff laws will not be disturbed. It has not been a habit with democrats to take advice from republican organs and they have found the rule a very safe one The democrats should not only repeal republican legislation on the silver question but much of it on the tariff question. And they will do it, too.

TAKE YOUR CHOICE

The Sunday *Oregonian* publishes the following editorial paragraphs, one immediately following the other. This is the first:

All the western railroads are discharging employes and reducing wages, and mills and factories in Lawrence, New Bedford and Lowell closed yesterday. The effect of the "change" voted for last November seems to be felt in all parts of the country alike.

And this is the other:

The country believes in Mr Cleveland as a man for the times, and awaits with interest and confidence his message to congress. He understands the principles of money, and has courage to state and maintain them. We shall get a message that will brace up the country.

Now if you have paid your money you can take your choice.

Inquiry at the treasury elicits the information that the government has on hand 130,000,000 ounces of fine silver, costing $118,000,000. The coining value of the bullion on hand is about $167,000,000. If this is coined, the government would realize a profit of about $48,000,000, against which silver certificates could be issued. It would take, however, it is stated, with the present coinage capacity of the United States, about five years to convert this bullion into silver dollars. Silver certificates by law could only be issued on profits as coined.

Proof of Merit

The proof of the merits of a plaster is the cures it effects, and the voluntary testimonials of those who have used Allcock's Porous Plasters during the past thirty years is unimpeachable evidence of their superiority and should convince the most skeptical. Self praise is no recommendation, but certificates from those who have used them are.

Beware of imitations and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.

Trains will hereafter run to Idanha on the eastern end of the Oregon Pacific Monday morning and Wednesday and Saturday evenings. Round trip tickets, good for thirty days, will be sold for $3.00. Round trip tickets can now be bought to the Bay, at excursion rates every day of the week.

To FARMERS.—The undersigned have leased the warehouse of David Smith at Tallman and are now prepared to store grain, and all farmers are requested to call and see them before making arrangements for storage elsewhere.

FROST & SANDERS.

ABLE BODIED PENSIONERS

The Washington correspondent of the Sun of New York, who has been investigating pension irregularities and abuses finds one thing of this kind that is specially deserving of attention from heads of departments, but about which nothing is said or done. Persons in great numbers all over the country, under a law of congress, draw $12 a month on the ground of having, through service in the army, been incapacitated for self supporting labor, a considerable proportion of whom are almost, if not quite, capable as ever of self support, and actually are getting pay as though they had no disability whatever.

It is a fact capable of demonstration any how that in the pension bureau itself persons are employed at $1200 and $1800 a year, who are drawing besides from the government pensions of $12 a month given to them on the sole ground that they are incapable of self supporting labor! Cases of this kind are to be found in all the departments, it is believed. If there are any exceptions they are rare.

In the list of questions in the famous searching instrument known as the consanguinity order there is nothing that tends to expose this abuse. It is especially worthy of Secretary Hoke Smith's attention, and that capable, practical reformer, Mr Logan Carlisle, will probably regard the matter as one fit to be inquired into, with a view to ascertaining whether or not persons in the treasury department drawing pensions, obtained on the ground of being incapacitated for self supporting toil, are not drawing good salaries which none but able bodied men can earn.

The Oregonian's report of the San Francisco business men visiting the valley was not altogether a news report. It was made up largely of venom, ill will and envy. A great deal of emphasis was laid on the personality of the visitors, and because a few of them were not well dressed they were ridiculed and abused. The Oregonian is supposed to print the news and not the opinions and narrow prejudices of its reporters, as was done in this instance.—E O.

If afflicted with scalp diseases, hair falling out, and premature baldness, do not use grease or alcoholic preparations but apply Hall's Hair Renewer.

Hood's Cures

Saved My Wife's Life

Weakness, Nervousness, Salt Rheum.

John W. Jones
Kalama, Wash.

"Of my own free will and accord, unbiased by anyone, and wishing only to do good to the afflicted, I wish to tell of the good qualities of Hood's Sarsaparilla and Hood's Pills. I think there are no medicines equal to them, and have proved their merit by experience in my own family. My wife, Rachel, has been afflicted with weakness, nervousness, and salt rheum. I spent nearly all that I had of this world's goods for doctor's bills and medicine until we decided to try Hood's Sarsaparilla. It undoubtedly

Saved My Wife From the Grave.

The salt rheum has entirely healed and she is **restored to good health**. I have many friends and relatives in the east who will be glad to know that

Just closed the most prosperous year in its history. Wide range of studies. Thorough instruction. Business course added. Tuition free. Entrance fee, $10. Board and lodging at reasonable rates in the elegant new dormitory and boarding hall on the campus, where students will receive personal supervision.

JOHN W. JOHNSON,

Doesn't "look" as she ought —the weak, nervous and ailing woman. As long as she suffers from the aches, pains, and derangements peculiar to her sex, she can't expect to.

But there's only herself to blame. With Dr. Pierce's Favorite Prescription, she's a different woman. And it's a change that can be seen as well as felt. The system is invigorated, the blood enriched, digestion improved, melancholy and nervousness dispelled.

With the "Favorite Prescription," all the proper functions are restored to healthy action. Periodical pains, weak back, bearing-down sensations, nervous prostration, all "female complaints" are cured by it. It's the only medicine for woman's weaknesses and ailments that's *guaranteed* to do what is claimed for it. If it doesn't give satisfaction, in every case for which it's recommended, the money is returned.

Can something else offered by the dealer, though it may pay *him* better, be "just as good"?
