OUT OF THE FRYING PAN

Has come not a little knowledge as to cooking—what to do, as well as what not to do. Thus we have learned to use **COTTOLINE**, the most pure and perfect cooking material for all frying and shortening purposes.

PROGRESSIVE COOKING

is the natural outcome of the age, and it teaches us not to use lard, but rather the new shortening, **COTTOLINE**, which is far cleaner, and more digestible than any lard can be.

The success of Cottoline has called out worthless imitations under similar names. Look out for these! Ask your Grocer for COTTOLINE, and be sure that you get it.
