REVERE HOUSE

ALBANY OREGON HAS. PREIFFER PROPRIETOR

It is stated the administration men are counting on Vice-President Stevenson to put an end to filibustering in the senate after it has proceeded for a time. While there is no censure rule in the senate the presiding officer can decline to recognize a senator who wishes to speak for the clear purpose of delaying. It is said Stevenson will permit the silver speeches to run along for a time until their purpose of being dilatory becomes evident. At such time it is said the vice-president will fail to give continued recognition to the silver men, but will recognize Voochers in his motion to take a final vote.

Senator Stewart has secured the original silver demoralization bill of 1873 and another copy of the measure which went to the house, interlined, erased, and generally tampered with, and will present them in his speech tomorrow on the real history of the demoralization of silver. It is said he will attack Sherman savagely.

When John I. Blair, the patriarchal New Jersey magistrate, goes on a journey he takes nothing but a carpet-bag with him in the way of baggage, and a Chicago landlord who has frequently entertained him says that he always calls for the cheapest room in the house. He dresses most plainly, but with great neatness. In regard to Mr Blair's recent celebration of his ninety-first birthday it is said that for thirty years all the male inhabitants of Blairtown have had a black tie and a crape hat-band laid away in the bureau drawer for instant use in the event of the hale old millionaire's death, but at present there is no more immediate prospect of that contingency than there was a generation ago.

Safe, Quick and Effective

The valuable curative properties of Alcock's Porous Plasters are due to the employment of the highest medical and chemical skill. They are purely vegetable, and in ingredients any method have never been equaled; safe, quick and effective in their action; they do not burn or blister, but soothe and relieve while curing, and can be worn without causing pain or inconvenience.

Do not be deceived by misrepresentation. All other so-called Porous Plasters are imitations, made to sell on the reputation of Alcock's.

NEVER BOTHER

DOWN TO THE RATES.—The Union Pacific now low with reduced rates to eastern points, and their through car arrangements, magnificently equipped Pullman and Tourist sleepers, free reclining chair car and fast time, make it the best line to travel. Two trains leave from Portland daily at 8:45 a.m. and 7:30 p.m. The rates are now within reach of all, and everybody should take advantage of them to visit the World's fair and their friends in the east. Send for rates and schedules of trains, and do not purchase tickets until after consulting Curran & Monteith, Albany, Or.

the price of health. But with all our precaution there are enemies always lurking about our systems, only waiting a favorable opportunity to assert themselves. Impurities in the blood may be hidden for years or even for generations and suddenly break forth, undermining health and hastening death. For all diseases arising from impure blood Hood's Sarsaparilla is the unequalled and unapproachable remedy. It is King of them all, for it conquers disease.

TELEGRAPHIC NEWS.

COLUMBIA, S. C., Sept 4.—Phosphate Inspector Jones returned Saturday night from Beaufort. He reports to Governor Tillman that he believes the number of dead will go away over 1000. The aggregate loss to the phosphate companies is close to \$350,000. With a liberal policy adopted by the state and concessions granted the Coosaw farmers and Beaufort companies they can resume operations in 60 days, if money and labor can be secured.

NEW YORK, Sept 4.—A special from Washington says the president has decided to send another special message to congress. He has called his cabinet to meet tomorrow to discuss the proposed message. The president will ask congress to authorize the coinage of the silver bullion in the treasury. This amounts to \$52,000,000, and is the profit that the government has made on the purchase of silver. The coinage of this would be sufficient to make up the deficit that now threatens the treasury.

HOP-PICKING NEAR INDEPENDENCE. INDEPENDENCE, Or., Sept 4.—The hop picking season has commenced, this town is lively, being the center of supply of pickers. Hundreds have come here during the past week, and all have secured work. No Chinamen are being employed. Around one hopyard, of 40 acres, 40 camps were counted, and after the day's picking is over the hopyard dance is in order. Hop-picking is the gala season of the year to many. The majority of the pickers are women. Hops are in fine condition and turning out well.

A Valuable Horse. SAN FRANCISCO, Sept 4.—The English stallion Ormonde, which was purchased by W. O. B. MacDonough for \$150,000, arrived at his California home tonight, after a long journey from Buenos Ayres, by way of England and New York. The equine patron of Ormonde and a number of brood mares, with their foals, made the trip across the continent, was switched off the overland train at Niles, and run down to Redwood City.

VALLEJO, CAL., Sept 4.—Introductions received at Mare Island today direct the withdrawal of the Behring sea patrol fleet from Behring sea, with the exception of one vessel which will remain in the north and patrol the vicinity of the rookeries at the Pribyloff islands. The Petrel, which has been with the fleet for the past summer will return immediately to the Asiatic station on receiving a supply of ship's stores.

HARTFORD, Conn., Sept 4.—At a bicycle meet here today Tylet broke the half-mile world's record, riding in 1:01 2-5. This is two-thirds of a second better than Zimmerman's record. He also cut the quarter-mile flying start record, in competition, down to 25 1-2 seconds. This is also under Zimmerman's record made last year at the same track.

The Skill and Knowledge. Essential to the production of the most perfect and popular laxative remedy known, have enabled the California Fig Syrup Co. to achieve a great success in the reputation of its remedy, Syrup of Figs, as it is conceded to be the universal laxative. A GREAT CONVENIENCE.—World's fair visitors travelling via the Northern Pacific R. and Wisconsin Central line, are landed at the Grand Central station in Chicago. This magnificent fire-proof building, located in the heart of the city, has been fitted up as a hotel, run on the European plan, with about 200 rooms handsomely furnished and each room supplied with hot and cold water, electric lights, etc. The charge for accommodations are reasonable, and parties can secure rooms in advance by calling upon agents of the Northern Pacific R. R. By taking the Northern Pacific through car line to Chicago, visitors will avoid the discomfort of all transfer in that city, and can also travel between the Grand Central station and World's fair grounds by trains which run direct between the two points.

C. G. BURKHART, Agent at Albany.

CAUTION. Imitations have been put upon the market so closely resembling Alcock's Porous Plasters in general appearance as to be well calculated to deceive. It is, however, in general appearance, only that they compare with Alcock's, for they are worse than worthless, inasmuch as they contain deleterious ingredients which are apt to cause serious injury. Remember that Alcock's are the only genuine porous plasters—the best external remedy ever produced; and when purchasing plasters do not only ask for but see that you get Alcock's Porous Plasters.

ASK YOUR FRIENDS. Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling" and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive medicinal merit.

Twenty Years' Experience. C. D. FREDRICKS, the well known photographer, 770 Broadway, New York, says: "I have been using Alcock's Porous Plasters for 20 years, and found them one of the best of family medicines. Briefly summing up my experience, I say that when placed on the small of the back Alcock's Plasters fill the body with nervous energy, and thus cure fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pain in the side, back or chest, indigestion and bowel complaints."
