AYER'S SARSAPARILLA

S. P. SMITH, of Towanda, Pa., whose constitution was completely broken down, is cured by Ayer's Sarsaparilla. He writes:

"For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indigestion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can weigh 150 pounds, and was never in so good health. If you could see me before and after using, you would want me for a traveling advertisement. I believe this preparation of Sarsaparilla to be the best in the market today."

REVERE HOUSE
ALBANY OREGON
WAS. PFEIFFER PROPRIETOR

A SILLY OUTBURST

Because some producers of perishable Bermuda vegetables testified before the ways and means committee "that they had sometimes sold their produce here less than the duties, the protection organs break out with the silly old claim that "the foreigner pays the duty."

This is Gov McKinley's favorite bit of demagogic dishonesty when he is on the backwoods stump, but for a newspaper printed within sight of the custom house to repeat it is a poor tribute to the intelligence of its readers.

It is only necessary to repeat the inquiries which we addressed in vain to the republican speakers and journals last year: Why if the foreigner pays the duty, did your Party first congress stop at a billion dollars in appropriations? Why not spend a billion and a half and fructify this favored land with the tribute of effete despotism?

If the foreigner pays the duty why not abolish the internal revenue taxes, which our own people indisputably pay, and raise all our revenues from the helpless producers of the old world?

The duty on pearl buttons is 146 per cent. Does the foreigner pay the duty—in other words, give us the buttons and 46 per cent in addition in cash? The duty on some grades of cheap flannels is 107 per cent; on cheap wool yarns 133 per cent; on cheap blankets 104 per cent; on cheap hats 105.

Does the foreigner pay the value of these goods and a bonus besides for the privilege of giving them away here?

Why do the monopoly defenders repeat this rubbish? Do they not know that the tariff fight is over, for three years at least, and that McKinleyism is bound to go.—New York World.

Our Public Schools

Are the main-stay of our republic. In them are being cultivated the minds which are to be our future law makers and leaders in every walk of life. How essential it is that these minds should be united in strong, healthy bodies. So many children suffer from impurities and poisons in the blood that it is a wonder that they ever grow up to be men and women. Many parents cannot find words strong enough to express their gratitude to Hood's Sarsaparilla for its good effect upon their children. Scrofula, salt rheum and other diseases of the blood are effectually and permanently cured by this excellent medicine, and the whole being is given strength to resist attacks of disease.

A Valuable Remedy.

Hon Edmund L. Pitts, the late president of the New York State Senate, writes: STATE OF NEW YORK, SENATE CHAMBER, ALBANY, March 11th, 1886.

I have used Alcock's Porous Plasters in my family for the past five years, and can truthfully say they are a valuable remedy and effect great cures. I would not be without them. I have in several instances given some to friends suffering with weak and lame backs, and they have invariably afforded certain and speedy relief. They cannot be too highly commended.

In Marriage a Failure

Who shall decide if? We have concluded long ago that it is a success every time with Simmons' Liver Regulator in the house. It promotes harmony and good nature by preventing any attack of the worst enemy, indigestion and dyspepsia, which make discord in the brightest home. You will find the regulator a good remedy for biliousness and sick headache. It is the household friend.

TELEGRAPHIC NEWS.

Why Did It

VANCOUVER, B. C., Sept. 11.—Walter Sangster arrived here Sunday from Chester, N. H. Today he commenced drinking and this afternoon got in whiskey crazy and ran down Dupont street, knocking down all the Chinamen he met. He then threatened to shoot a teamster who refused him a ride, after which he went in a lane back of Dupont street and sang the tide flats of Pleasant inlet, taking out a revolver as he went. Here he met a swab known as Squamish Tom, who was waiting to get out his canoe. He talked past the Indian a few steps and they turned and fired, putting a bullet through Tom's head and killing him instantly. Then he ran up the street again, and fired three shots, one of which inflicted a scalp wound on a Chinaman. He ran across to Hastings street, and fired at three men, but missed. Then he went in a shed. The chief of police came up and went into the shed, where he was arrested.

Resumed Business.

PITTSBURGH, Sept. 11.—A large number of idle men were given employment today by the resumption of the numerous iron and steel plants. For the first since January 30 every department of Jones & Laughlin's American works are in operation, giving employment to 3500 men. Sixteen additional furnaces were put in operation at the National tube works, and the sheet mill of Moorhead, McCleane & Co. has started. The Carbon steel works went on the "double turn," and the bar mill and two heating furnaces, two puddling furnaces, four sheet mills in the United iron and tin plate works, started up with full forces. Zieg & Co. also resumed on a single turn. Other plants are preparing to start.

A Spokane Fire

SPOKANE, Sept. 11.—The grandest pyrotechnic display ever seen in Spokane was occasioned by the burning of the exposition building last night. Not since the great fire of 1889 has such a conflagration been witnessed here. In 10 minutes after the fire was discovered flames burst through the immense dome, lighting up the entire city and country for miles around. The fire department was unable to do anything more than protect the surrounding buildings.

Seating a vote.

WASHINGTON, Sept. 11.—While outward appearances indicate that the situation in the senate is unchanged and that the debate on the repeal bill may continue indefinitely, there are facts apparent to the initiated which go to show that the end is in sight. There is a strong probability that the senate will be either ready to adjourn or take up other legislation by the first of October. Few even of the staunchest silver advocates any longer claim a majority of the senate.

National Banks Open.

WASHINGTON, Sept. 11.—The national banks reopened today are as follows: The First National bank, of Provo, Utah; the Western National bank, of South Pueblo, Col; the First National bank, of Nashville, Tenn; the First National bank, of Lemars, Ia. Of the 154 banks up to date 61 have resumed, 58 are in the hands of receivers, 34 in the hands of examiners, and one has gone into voluntary liquidation.

The Geary Law.

WASHINGTON, Sept. 11.—Attorney general Olney has instructed United States marshals to take no further steps for the further enforcement of the Geary law, pending specific instructions to the contrary from Washington. These instructions do not, apply, however, to the Chinese already in progress of deportation by due process of law.

The True Laxative Principle

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

New Grain Rates.—The Oregon Pacific Railway has made the exceptionally low rate of \$2.50 per ton on wheat and oats to San Francisco. The company is standing by the farmers and have been led to make this reduction in view of the extremely low prices now prevailing in hopes that it will advance very soon. Reduction takes effect Sept 8th.

A GREAT CONVENIENCE.—World's fair visitors travelling via the Northern Pacific R R and Wisconsin Central line, are landed at the Grand Central station in Chicago. This magnificent fire-proof building, located in the heart of the city, has been fitted up as a hotel, run on the European plan, with about 200 rooms handsomely furnished and each room supplied with hot and cold water, electric lights, etc. The charge for accommodations are reasonable, and parties can secure rooms in advance by calling upon agents of the Northern Pacific R R. By taking the Northern Pacific through car line to Chicago, visitors will avoid the discomfort of all transfer in that city, and can also travel between the Grand Central station and World's fair grounds by trains which run direct between the two points.

Caution.

Imitations have been put upon the market so closely resembling Alcock's Porous Plasters in general appearance as to be well calculated to deceive. It is, however, in general appearance only that they compare with Alcock's, for they are worse than worthless, inasmuch as they contain deleterious ingredients which are apt to cause serious injury. Remember that Alcock's are the only genuine porous plasters—the best external remedy ever produced; and when purchasing plasters do not only ask for but see that you get Alcock's Porous Plasters.

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling," and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive and certain merit.

Shiloh's Cure, the great cough and croup cure, is for sale by us. Pocket size contains twenty-five doses, only 25c. Children love it. Fosby & Mason.

WE HAVE TO EAT anyway. The better the groceries the more enjoyable life is, and while we do not all live simply to eat, we certainly eat to live. If you get your groceries and baked goods of Parker Brothers you are bound to live well. It is only on a loaf of rye bread. They keep the best in everything, and sell at prices that satisfy regardless of times. Call on them.

What shall I take?

Why Simmons' Liver Regulator, of course. It can't be beat in any attack of indigestion, biliousness, sick headache or constipation. It gives quick relief, and if continued for awhile will completely cure these ailments. The Regulator comes in liquid and powder form. The powder is wonderfully convenient for the vest pocket. A pinch of the powder and a swallow of water leaves no taste and works effectually.

To ENJOY—The underigned have located the warehouse of David Smith & Tullman and are now prepared to store grain, and all farmers are requested to call and see them before making arrangements for storage elsewhere.

Twenty Years' Experience.

C. D. Friedrichs, the well known photographer, 770 Broadway, New York, says: "I have been using Alcock's Porous Plasters for 20 years, and found them one of the best of family medicines. Briefly summed up my experience, I say that when placed on the small of the back Alcock's Plasters fill the body with nervous energy, and thus cure fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pain in the side, back or chest, indigestion and all complaints."
