An Oregon mist dampened matters somewhat today.

Mac and Tex, musical wonders, Opera House tonight.

Fun, where? Opera House tonight. How much? 10 and 20c.

Fresh sweet pickles, olives, chow chow, etc., just received at Parker Bros.

Seventy-five cents worth of fun for 10 and 20c at the Opera House tonight.

They are selling dress goods, shoes, etc., at cost at Read, Peacock & Co's. Albany and Lebanon.

C H Page, the new collector of customs at Astoria has 275 applications for positions under him.

Call on Senders & Schmeer at the Central market tomorrow for fine chickens for a Sunday dinner.

Rev O B Whitmore has been employed to preach during the next year for the Congregationalists of Snerodan and Williamson.

L McFarland has sent to the Democrat office a box of backberries fresh from the vines, to either with a branch in blossom. A pretty black berry sight.

C E Huddleson, of Woodburn, has made an assignment for the benefit of his creditors, but hopes to effect a satisfactory settlement and resume in a few days.

There will be one assessment in the A O U W order for the month of October. This is 13 assessments (\$13) for ten months of the year on \$2000. Pretty cheap life insurance.

Of the sixteen banks that suspended in Oregon nine have resumed. The Democrat hopes to see the Linn County National bank as the next one. Arrangements are being pushed for this purpose.

The Wasco Independent Academy closed this year. People in The Dalles now that it is not running appreciate the value of a good educational institution like that academy.

The new officers of the College Y M C A are, E W Emmett, president; Prof W H Lee, vice president; Albert McCoy, secretary; Melvin Williams, cor. sec.; Arthur Foshtay, treasurer.

A tailor named Nicholas Rehart was arrested at Roseburg on the charge of stealing some jewelry from the family of a Eugene tailor named Davies. A tramp tailor a few days ago stole a pair of shears from an Albany tailor and pawned them for 50 cents.

A carload of household goods and live stock arrived from western Kansas yesterday afternoon by the freight. Horses, cattle, hogs, chickens and turkeys formed the menagerie part of the outfit. They come from the driest portion or drought-stricken Kansas.—Eugene Guard.

The big bridge is being tightened up ready for the winter's strain, under the superintendency of Mr F J Miller, who kindly contributed his services. Mr Dan Large has charge of the force doing the work. The work is to be done at a cost not to exceed \$100.

The Dallas Itemizer says: A gentleman just back from a visit to his old Georgia home after an absence of twenty years, says the farmers there are making almost nothing because their land has been impoverished by too much cotton raising, and he reports the mass of negroes as utterly worthless, education seeming to have harmed rather than helped them.

E U Will is making arrangements to move to the Blumberg block on Oct 1st. The store vacated by him in the opera house block is a good location for some business, and will be for rent. For particulars call on the secretary at the Democrat office.

The great event upon the turf yesterday was the match race run at Guttenberg between Tammany and Lamplighter, the great 3 year old of the year. The race was for a purse of \$3000 and \$2500 a side. Lamplighter was ridden by Taral and Tammany by Garrison. The latter won in 2:00 1/2, the distance being 1 1/2 miles.

The following from the McMinnville T. R. suggests one of the drawbacks to the pneumatic tires. Henry Eccleson has had an experience with a bicycle. He went to Newberg the other day on county business and just as he got there the machine busted. He came home with it on a wagon.

A San Francisco house wrote an Astoria man a scorching letter for not remitting. The letter had gone when the remittance arrived. A telegram to the P M at Astoria said the letter from reaching the merchant, and kept a customer for the wholesale house.

The Lombard Investment Company, for which a receiver was recently appointed, is possessed of \$5,500,000 in foreclosed mortgages on western farms, the owners of them having failed to repay the money advanced on them. This is striking evidence of the ruin which follows in the wake of mortgages. Neither the borrower nor lender seems to have them both into bankruptcy.—E. O.

A San Francisco dispatch says that Patrick C Gleeson has libelled the steamer Williamette Valley, and demands \$5,000 damages. The complainant states that August 1, last, he was a passenger on the vessel from Yaquina, Or, bound for that city. His ticket was pronounced a scalper's ticket, and he was expelled from the cabin.

The penitentiary is about to be stocked with prize fighters. Nine of them were convicted of that offense in Judge Munley's court, at Portland. Seven were sentenced to pay a fine of \$1000 or go to the penitentiary for one year. The other two got a double dose, they will spend two years in prison. They will go to Salem, thus setting an example to the prize fighting element.

Or if the corset is not satisfactory in all respects after three weeks' wear it may be returned to us and money will be refunded. S. E. Young.

Prevent and cure Constipation and Bile Defect, Small Bile Deans.

Dr. Kitchen started east Wednesday morning having New York City as his object. He goes thither for the purpose of entering one of the Post Graduate schools of medicine in that city. While in St. Louis, Mo., he will visit Missouri, his old home; and he will return, to again resume his medical studies in our midst. The Dr is not a progressive, as his practice has been in the latter part of the century. Stayton Dr Kitchen is a son-in-law of Mr. Kitchen of this city.

HISSEY.

The World's fair had cost \$24,530,369 on Aug 31. The total receipts were \$7,476,570. This suggests a monstrous white elephant; but its one the world is proud of.

A man asked to guess how many 81 bills weighed the same as a \$20 gold piece, said 923. He was surprised on learning that 973 bills and 35 twenties weighed about the same, a twenty and 27 bills being of equal weight.

Some of the most popular songs and tunes become the most unpopular in a very short time. It is almost a capital offence to whistle "Little Annie Rooney," and very soon the man will take his life in hand who sings "After the Ball."

Given a good country, good citizenship, good resources, willing workers, and the community which has them should be a good place in which to live. All these are possessed by Okanogan county.—Loomiston Journal.

Oregon has sent a 21 pound Pippin 13 Chicago to beat the big Arkansas apple. The Oregon giant's girth measure is 15 1/2 inches.—Satsman. A 21 pound apple is equal to another Salem paper report of 21 boxes of hops being picked by a person in a day.

Some one who claims to know says there are very few races run or trotted on the square nowadays. That it is arranged before hand which horse shall win. How true this is the man about town doesn't know. There is so much hippodroming in everything, though, that one is ready to believe most anything. The results of some contests indicate that there are certainly numerous exceptions even if sometimes true.

Mr Shelden, the owner of the 100 acre prune orchard near Eugene, in an interview at St Paul declared that his prune orchard gives an output of 1000 pounds to the tree and \$6650 per acre. This would give him a gross output of \$660,000. Taking out expenses he would have an income that would make an editor open his eyes. Really this kind of fabrication about Oregon does no good. Tell the truth. There is a good thing in our prune orchards; but no gold mines like the one given in the St Paul paper.

Yesterday the Budget stated that the Chinese were arming themselves and are getting ugly looking weapons made in a machine shop in this city. A gentleman last night called at the office and confirmed our statement. "Not only are knives being made" he said, "but they are sending to Portland and San Francisco for all the old guns and pistols they can get hold of." It begins to look as though these almond-eyed salmon packers intend to persist in violating the law.—Astoria Budget.

AT MEAL TIMES do you ever consider the quality of the food you are eating? It may be good, it might be better, purer, fresher and more wholesome. Is it not better white to make sure that your tea, coffee, sugar, baked goods and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it does not pay to buy the worst, even on the false ground of supposed economy. The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at Parker Bros.

YES, YOU CAN see the finest line of rambles for suitings in the state at W R Graham's, where he has a tailor with few equals on hand to make them up on short notice. Get the best and most stylish suits of him. A new feature will be the making of ladies' cloaks to order, or the altering of cloaks to the latest styles, and the repairing of cloaks. Prices are bottom ones.

THE RACES.

Notwithstanding the Oregon mist the races yesterday were of an interesting nature, resulting in some good contests.

The 2:40 trot was won by T H Tongue's Pauline in four heats; Yucatan, owned by J A Crawford, of this city, won the first heat and was second in the race, with Black Diamond third and Multnomah fourth.

The special trot between Bonnie Bell and An Alene was won by the former, best time 2:29 1/4.

The two year old trot was won by Carl Carme, Multnomah Bay second and Louis B third.

The 3/4 dash was won by Arizo, Funny second and Pappoose third. Time, 57 seconds.

On account of the rain the races were suspended today. The attendance for the three days was small; but the quality of the contests was good, the races being fast and of an interesting nature.

On a Conservative Basis.

OWING to the present monetary stringency and during the existing condition of the financial market, I find it compulsory to run my business on a very conservative basis. Sugar, as you are aware, is handled on a very small margin of profit; so small in fact to scarcely pay for the handling of it, and the terms upon which it is bought are very strict (cash only.) While money was plentiful and collections good, I was able to allow sugar bills to run 60 days; but conditions at present are such that I will sell sugar for cash only. I assure you I was very reluctant to make a sale of this kind, but the conditions of the market are such as to make it imperative. Trusting you will look at this in the proper light and understand that this rule applies generally.

PERRY CONN.

THE VERDICT is unanimous that Will & Stark carry the best line of silver ware in the valley. They have the variety and quality, a combination that counts in buying goods. An inspection always carries conviction.
