A Little Daughter

Of a Church of England minister cured of a distressing rash, by Ayer's Sarsaparilla. Mr. RICHARD BIRKS, the well-known Druggist, 207 McGill St., Montreal, P. Q., says:

Wonderful Cures

performed by Ayer's Sarsaparilla, one in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a rash, from which she had suffered for two or three years, in spite of the best medical treatment available. Her father was in great distress about the case, and, at my recommendation, at last began to administer Ayer's Sarsaparilla, two bottles of which effected a complete cure, much to her relief and her father's delight. I am sure, were he here to-day, he would testify in the strongest terms as to the merits of

The Times Mountaineer says: "The democratic platform adopted at Chicago demanded free trade." It is easy to lie. It is easy to lie about the tariff. It is easy for the tariff editor of the Mountaineer to lie about the tariff. The truth of our statement is abundantly shown in the above quotation from the Mountaineer.

Of Interest to Athletes.

James Robinson, the athletic trainer at Princeton College, Princeton, N. J., says: "I have found it imperative to have sure and simple remedies on hand in case of cuts, bruises, strains, sprains, colds, rheumatism, etc. Shortly after entering upon my profession, I discovered such a remedy in Allcock's Porous Plasters. I tried other plasters, but found them too harsh and irritating. Allcock's Porous Plasters give almost instantaneous relief, and their strengthening power is remarkable. In cases of weak back put two plasters on the small of the back and in a short time you will be capable of quite severe exercise. In 'sprain,' and 'distention' races and jumping, the muscles or tendons in the legs and feet sometimes weaken. This can invariably be relieved by cutting the plaster in narrow strips, so as to give free motion, and applying on muscles affected."

Self Praise.

Self-praise is no recommendation, but there are not times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Allcock's Porous Plasters are the only genuine and reliable porous plasters made is not self-praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them. Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling," and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive

A Valuable Remedy.—Hon. Edmund L. Pitts, the late president of the New York State Senate, writes: STATE OF NEW YORK, SENATE CHAMBER, ALBANY, March 14th, 1890. I have used Allcock's Porous Plasters in my family for the past five years, and can truthfully say they are a valuable remedy and effect cures. I would not be without them. I have in several instances given some to friends suffering with weak and lame backs, and they have invariably afforded relief, and they are commended.

TELEGRAPHIC NEWS.

A Compromise Probable

WASHINGTON, Sept. 29.—The democratic repeal senators have practically given up the idea that the Sherman law can be repealed unconditionally, and have, after numerous conferences, decided upon a compromise, which they believe will end the long fight and secure the passage of a bill to relieve the present situation by the end of next week. Senator Gorman and other democratic repeal senators have been actively engaged in arranging the terms of compromise, and tonight it is believed, they have succeeded. It involves concessions on both sides, the repeal of the purchasing clause, the coinage of a specified amount of \$2,000,000 of \$2,500,000 per month until the total silver coinage is \$700,000,000, then the coinage of all bullion in the treasury and the sale of gold bonds to increase the gold reserve to an amount which is deemed sufficient to insure the maintenance of gold and silver money at a parity. When the proposition was submitted to Secretary Carlisle last night he insisted upon the latter provision to the agreement. The general understanding tonight is that the silver republican senators will agree to the compromise. The only thing in the way of the program now seems to be the president.

A Hanging Bee.

MOUNT VERNON, Ga., Sept. 29.—At noon five negroes were hanged on the same scaffold at the same time in public. Thousands witnessed the execution. All the negroes were from turpentine farms in North Carolina. Hiram Jacobs, Lucien Munnell and Elie Brewington paid the penalty for the murder of Alexander Peterson, a rich merchant, and robbing his safe last July. Gordon killed a young colored girl and Stickland murdered another negro.

A Terrible Accident.

CRYSTAL FALLS, Mich., Sept. 29.—With a terrific rush the water of the Michigan river broke through a bed weakened by mining into the Mansfield mine last night, drowning 28 men who were at work directly under the cave-in. There were 46 men in the mine when the accident occurred, but 18 of them who were working in the lower levels managed to escape.

Berries Sent.

INDEPENDENCE, Or., Sept. 29.—Yesterday afternoon E. H. Wright, a hop picker for G. A. Wells, near Buena Vista, is said to have committed an assault on 11-year-old Lena Biderlein, daughter of a widow, by cutting her inside of his hat. She gave the alarm, and he made his escape. It is reported that he has been arrested near Junction City.

Successor of Insurgents.

BUENOS AIRES, Sept. 29.—A dispatch from Rosario says the Insurgents have surrendered to the government forces, and the National Guards, having restored order, have disbanded. Colonel Esquina, an insurgent leader, who incited the revolt of two torpedo boats against the government and was sentenced by court martial to be shot, has had his sentence commuted to 20 years' imprisonment.

The True Laxative (Principle)

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, is a permanently beneficial effect on the human system, while the cheap vegetable extract and mineral solutions, usually sold as medicines, are permanently injurious. Being well informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

Our Public Schools

Are the main-cultivators of our republic. In them are being cultivated the seeds which are to be our future law makers and leaders in every walk of life. How essential it is that these minds should be united in strong, healthy bodies. So many children suffer from impurities and poisons they ever grow up to be men and women. Many parents cannot find words strong enough to express their gratitude to Hood's Sarsaparilla for its good effect upon their children. Scrofula, salt rheum and other diseases of the blood are effectually and permanently cured by this excellent medicine, and the whole of life is given strength to resist attacks of disease.

Is Marriage a Failure

Who shall decide it? We have concluded long ago that it is a success every time with Simmons Liver Regulator in the house. It promotes harmony and good nature by preventing any attack of the worst enemy; indigestion and dyspepsia, which make discord in the brightest home. You will find the regulator a good remedy for biliousness and sick headache. It is the household friend.

Caution.

Imitations have been put upon the market so closely resembling Allcock's Porous Plasters in general appearance as to be well calculated to deceive. It is, however, in general appearance only that they compare with Allcock's, for they are worse than worthless, inasmuch as they contain deleterious ingredients which are apt to cause serious injury. Remember that Allcock's are the only genuine porous plasters—the best external remedy ever produced; and when purchasing plasters do not only ask for but see that you get Allcock's Porous Plasters.

Have Along.

don't stand idle. It is the man who keeps moving that generally succeeds in life. You can't help moving on when taking Simmons Liver Regulator. It cleanses the system from all poisons and sends the blood through the veins at a good round pace. The Regulator is the best insurance policy against indigestion and dyspepsia. Nothing malarial about Simmons Liver Regulator.

Down go the Rates.—The Union Pacific now lead with reduced rates to eastern points, and their through car arrangements, magnificently equipped Pullman and Tourist sleepers, free reclining chair car and fast time, make it the best line to travel. Two trains leave from Portland daily at 8:45 a.m. and 7:30 p.m. The rates are now within reach of all, and everybody should take advantage of them to visit the World's fair and their friends in the east. Send for rates and schedules of trains, and do not purchase tickets until after consulting Curran & Monteith, Albany, Or.
