GOOD EVENING.

LOVE BURGLAR.—A burglar of the name of Wm. Mark... visited the residence of Wm. Mark... Thursday evening of last week. The room of Miss Sadie Marks was entered and her purse, containing \$9.50, was stolen. The robbery was committed before the family retired, the thief finding way through an upstairs window. When they went upstairs to go to bed he was in the room, and after securing the door he went out to interview the neighbor, who fired at him with a pistol, returned the fire and the thief ran into a gulch, a short distance from the house. Several shots were then exchanged between the two, but no one was hurt when the shooting first commenced. Mrs. Marks went to some of the neighbors for assistance. Frank Irvine soon arrived, and the Mr. Irvine and Mac were guarding the woods the thief slipped out and made his escape in the darkness. Burglars made several attempts to enter this house before the successful attempt last night.—Advocate.

TO BE A BENEFIT.—The Pacific Banker Investor just to hand, says: "The whole is now over. The worst has happened. It did not turn out to be so very bad as all. It has proved to everyone who is the real foundation of the prosperity of the coast, and how certain it is to be continued in the future. It is also surprising that with such a substantial foundation there was not more speculation and more fictitious value. Those few people who were building castles in Spain from their speculative profits have been taught a needed lesson, if not one wholly deserved. The result cannot fail to be of the greatest benefit."

STORE BLOWN UP.—The store of R. H. Simpson, of Helix, was blown up Tuesday night by burglars and entirely destroyed. Mr. Simpson is a brother of George F. Simpson, of this city. The E. O. says he was a general feeling of sympathy for Mr. Simpson, who during the several years he has been in business at Helix, established himself thoroughly in the community's respect. His loss is reported at \$100,000 worth of accounts destroyed, so that he will have to depend upon the honesty of debtors. He has \$100,000 insurance. The safe contained \$100,000, which no doubt the burglars got.

BEAUTIFUL MONUMENT.—E. W. Achison, of the firm of E. W. Achison & Co., of Astoria, came over from that city Wednesday morning and set up at the residence of H. O. and Ellen V. Serling, in the Clinton cemetery, an elegant monument carved from Southern Falls, Mount Vein marble. The workmanship is excellent and is complimentary to the artistic skill of this well known and reliable house. They have a large stock on hand and are bound to sell it out at prices well suit the times. They want the money invested in the stock and will give the benefit of their profits. If you want to get from their low prices, buy now.—Press.

ARRIVED AN INDIAN.—Owing to some illness Miss Maggie Girard and Thos. H. were not married at Chemewa Wednesday, but at Salem today at the residence of P. S. Knight. Miss Girard's father had her to marry a white man but the lady very sensibly thought she had as much right to choose a partner of Indian as her father had.—Journal.

ELEGANT SALE.—The Eugene Guard J. H. McClung, this morning, purchased of J. R. Ream sixty by one hundred sixty feet on the corner of Willamette and Seventh streets. The consideration is \$8500. This is a valuable piece of property and it is rumored that McClung will improve the property during the coming summer. Mr. Ream resided to his home in Albany this week.

OLIVE COURT.—Following is the record for the arrests for the quarter ending 10:30: Abusive language, 2; assault with battery, 1; drunk and disorderly, 6; vagrancy, 1; fighting, 4; allowing female frequent saloon, 1; hauling without license, 1; vagrancy, 7. Total 33. Fines \$19.90, amount \$104.75; committed, 7; released, 3; discharged on promise to return, 4.

THANKS.—We the undersigned do hereby thank the officers and members of the Albany Engine Company No. 1 for the pleasant reception tendered us last night.

A BOLD BURGLARY.

A Stranger Steals a Watch at High Noon

This forenoon about 11:30 o'clock Mrs. Thos Hopkins observed a tramp looking man go into the residence of her sister, Mrs. H. J. Hopkins, in an adjoining block, coming out shortly after. She notified the latter, who had been in the rear of the house, and it was immediately discovered that Mrs. Hopkins gold watch, one she had had for years and valuable for many associations, was gone. Mr. O. C. McFarland who happened along the street was notified and immediately followed the man into Schlosser's saloon. He at first denied all knowledge of the matter, but changed his mind and acknowledged that he had the watch. He was then taken to Mrs. Hopkins, to whom he returned the watch and received a lecture, which he did not wait to hear finished; but started south for other fields. Marshal McFeron was notified and soon had the stranger under arrest. He was placed in the county jail, after waiving examination before Justice Newport. The burglary into what straits men are getting, and that it is not safe to leave one's valuables around even for a few moments.

HOME AND ABROAD

The Portland steamer Altona is expected up this evening.

Fresh kettle lard tomorrow at Haight Bros meat market.

Mr. Norris Morris is erecting a feed and chow house at the corner of Water and Pine streets.

It was reported today that Liberator, the great musician, had been drowned in Portland, but it could not be confirmed, and is probably a canard.

H. C. Moran, of Sweet Home, sold forty head of cattle in Salem a few days ago, receiving 1 1/2 cents per pound. While in the Capital City he contracted to deliver 150 head of yearlings and two-year-olds at Fish Lake the 18th of this month.

Two Albany boys left on Wednesday with a gang of tramps for California. One of the tramps advised them if they had good homes to stay with them; but they wanted some experience so made the very foolish leap. They will be glad to get home after a few days of tramp life.

The Portland Telegram says, in its justice court news: R. F. Ashby, the Albany man, was fined \$15 for trespass, which consisted in his persistency in visiting Miss McAviney, on Oak and Fourth streets, in defiance of the young woman's mother's protest against his calling at the house.

A slander suit was begun in the circuit court yesterday to recover the sum of \$22,500 damages alleged for defamation of character. The plaintiff is W. E. Jordan and the defendant Joseph Parker, both of Dexter. This case arises out of the mysterious disappearance last spring of the Jordan woman, a sister of W. E. Jordan.—Eugene Guard.

C. H. Stewart, of Albany, attached the lumber at the Wilson planing mill Wednesday. The mill was sold recently, and it appears to be a somewhat mixed up affair. The sheriff also wished to attach a box-car of lumber that was being shipped, but the cars in the train were all sealed and the railroad men would not shell which car contained the lumber. The sheriff ordered the engineer not to pull out, but he did all the same.—Lebanon Advance.

Reports are received of very bad weather in Eastern Oregon and great damage to crops. Much wheat is yet uncut in Umatilla county and that in the stack is worse damaged than that in the field. It has been raining steady, and there is already considerable snow in the mountains. In Linn county the wheat was all saved, and we again have an opportunity to rejoice that we are better off than some of our neighbors.

There is a cabbage field on the bank of the river a little above Salem, says the Independent, that the present high water has overflowed, leaving the tops of the plants a little above the surface. The owner says that an immense school of carp have taken advantage of the opportunity to fatten off his cabbage and that his graden is fairly alive with them. Standing where he can see what is going on, he says that the plants almost look as though they were alive, the nipping of the fish causing them to be in a constant tremble.

OF INTEREST TO ALL.—Wholesale merchants in the Eastern states have offered us great inducements and we want to give our customers an opportunity as well, provided you will buy now. We have made great reductions in the price of our dress goods, fine shoes, capes, jackets, etc. for cash, and intend to sell them as fast as possible. Eighty-five cents in most cases will buy a dollars worth of goods and some times more. Come in and make your selections. Our goods are nearly all new, and can't be bought elsewhere in Linn county for the prices we will sell them at if bought now.

IT WILL BE BUILT.

Some More LIVE O P TALK.

The Salem Statesman says: Receiver E. W. Hadley of the Oregon Pacific has gone east to make the final arrangements for the proposed new extension of the road over the mountains to Boise City, Idaho, to connect with the great transcontinental route, the Chicago & Northwestern. Little trouble is anticipated by the company in their attempt to raise the money wanted to build the extension. The head officials declare the road will be built as far as the Des Chutes river if not farther. In conversation with the general superintendent, R. E. Mulcahy, yesterday, he stated that the new extension would have been completed this winter but for the sudden stringency in the money market which upset the plans of the company and delayed the work of construction. It is assured that some active and definite steps will be taken at once and the spring of 1894 will see the road well under way. This extension will give the Willamette valley another important outlet and will also put a head on the body of the Oregon Pacific. With the proposed connection the Oregon Pacific will be a most valuable piece of road and will add the surrounding country in a very desirable manner by touching such an important point.

Mr. Mulcahy says the road has been picking up considerably of late and by the time the San Francisco mid-winter fair is opened, expects a tremendous amount of traffic. The rate to prevail during the fair has not as yet been decided on; it will however be in the vicinity of either \$15 or \$20. The present steamer of the company is now being taxed almost to her greatest capacity and in all probability a new and elegant vessel will be put on the run during the fair. The recent loss in the receipts of the company has been caused by recent improvements and extensive repairs to the road. All of the bridges on the road, numbering several hundred, have been repaired and in some instances almost entirely rebuilt. The cars, locomotives and numerous other improvements, of more or less importance, that have been carried on have caused the expenses to run into thousands. In spite of the loss, the company claims they can show receipts that will more than double an offset.

SOCIAL AND PERSONAL

P. J. Smiley was in Portland yesterday on business.

Mr. L. M. Curl and family have returned from a month's sojourn in Sherman county, the guests of the former's parents. While gone Mr. Curl combined business with pleasure and foreclosed a mortgage on a Sherman county farm.

George and Thomas E. Slaughter left Albany this morning for a visit to their former home in England. They will stop over at Chicago for a week or two, and the Democrat is promised a letter from the former at Chicago as well as after their arrival in England.

Last evening the members of Albany Engine Company No. 1 tendered their fellow member, Mr. Homer Phillips, and bride, a surprise party at Mr. B. F. Purdon's. The foreman, Wm. Richards, Secretary "Maggie" White, George Landreth, Albert Stellmaker, John Usher, Ed Upham, and Assistant Chief Engineer Metzger formed the party. Mr. Richards extended the congratulatory of the company to the happy couple; he was closely followed by the secretary, Mr. White, who presented Mr. and Mrs. Phillips with a handsome silver service in one of his happiest speeches. The assistant chief on behalf of the entire fire department spoke eloquently in a manner that suited the occasion. A repast was served and an adjournment had sine die.

A GENUINE CLEARANCE SALE in ladies' fine shoes. Within the next 15 days we propose to dispose of 12 doz. pairs of French and Donegal kid, hand turned and machine sewed, opera and common sense lasts, sizes from 2 1/2 to 4 in all widths. These goods must go regardless of cost. Ladies wearing shoes in these sizes will do well by calling on Klein Bros.

CORSETS.—All our Kalo corsets are made with the new patented soft eyelets which are warranted not to pull out or cut the laces. Their use prevents the back of the corset showing through the dress, and avoids staining of underclothing, which is the case when metal eyelets are used. We confidently recommend them, not only as the perfect fitting corset, but the most durable one in the market. Made in medium, extra long, and extreme long waist. For sale by Samuel E. Young, Albany, Oregon.

NEW YORK LETTER.

New York, October 6th, 1893.

To the great disappointment of tens of thousands of people who went to sea, yesterday, with the expectation of seeing the first race for the America's Cup, between the British cutter Valkyrie and the Yankee sloop Vigilant. Long before the hour for the start, many steamboats as well as private crafts of all kinds, were gathered off Sandy Hook, patiently waiting to catch a glimpse of the two graceful yachts. It is estimated that over thirty thousand people passed through the Narrows, out of the lower bay, on the many boats. The weather was very close for this time of the year; and a wind was blowing so light, it was impossible to finish the contest in the required time.

It is the intention of our citizens, and city officials, that the foremost city in the United States, shall have a day of celebration at the grand World's Columbian Exposition in Chicago. A committee composed of some of the most prominent and influential citizens of New York, has been named by Mayor Gilroy, to arrange for Manhattan day, at the insuring show, now holding sway, on the shore of Lake Michigan. At a meeting of the committee held in the Governor's room, at the City Hall, a sub-committee headed by General Horace Porter, was chosen to arrange the details for the fête which will be celebrated on the 21st of this month. The festivities will include a banquet, oration, and a reception to be given in the palatial New York State Building. The Trunk Lines have reduced the rates to \$15 for these special excursions, and a great host of Gothamites will doubtless journey to the White City to be on hand when the city of New York celebrates Manhattan day. Mayor Gilroy and Comptroller Myers, were so infatuated, with the wonderful exposition, that they are enthusiastic over their second visit to the Windy City.

This is surely the year for sensational horse races. The followers of the turf this season, have been exceptionally fortunate in witnessing some of the most remarkable contests ever run on the American turf. First, the mastery finish, which Taral made with Domino, in the \$60,000 Futurity stakes; then the greatest sensation in the history of racing, a dead heat between the fearless colts Dobbins and Domino; and again the match race in which Marcus Daly's Tammany defeated the gallant Lamplighter. But the triumph of James R. Keene's unbeaten two year old, Domino, surpassed all record. At the opening of the Morris Park meeting on Monday, the black colt well ridden by Taral, ran a distance of six furlongs, carrying 128 pounds, in the sensational time of 1:09, breaking all records for the distance, and establishing a new figure hard to lower. The shades of the great Fremont fade away as a mere memory, when compared to such a remarkable feat. The total winnings for this, the first year that Domino has worn a saddle, foot up to over \$180,000. This is the largest amount of money ever won by any horse in the history of the American turf. The peerless Domino, with the honest, energetic, and popular "Fred" Taral in the saddle, forms a combination, the achievements of which will take precedent to former events, in the story of racing in this country.

The following is the order in which the National Base Ball League clubs finished the most successful season in the history of the national game: Boston, Pittsburgh, Cleveland, Philadelphia, New York, Cincinnati, Brooklyn, Baltimore, Chicago, St. Louis, Louisville and Washington. The team from Boston again wins the coveted pennant and the men from the Capital bring up the rear. As the New York team finished in front of the team from Brooklyn everything is satisfactory, despite the fact that our "Giants" did not win the flag. In response to a boastful challenge issued by the Brooklyn players, Manager Ward has prevailed upon his men to take up the gauntlet, and again convince the base ball public, that the boys from the other side of the bridge are not sufficiently strong to keep up with the new, but coming players, which constitute the New York Base Ball club. In consequence of the negotiations, a series of seven games have been arranged, the result to determine the Metropolitan championship. The first game will be played at the Polo Grounds tomorrow, and

as the teams have each won six and lost six games during the season, and a high rivalry exists between the players of the two clubs, a great series of hotly contested games will certainly be played for green diamond honors. The crowds that will turn out to see the games, both in Brooklyn as well as at the home grounds, will be very large, as a great interest is manifested in the result.

Man lived on this continent earlier than, or at least as early, as he lived on the European continent, but it is not believed that the Indians are descended from such early people. The latest theory seems to be that the so-called American Indians are descended from Chinese, who in some way reached the western coast thousands of years ago.

AT MEAL TIMES do you ever consider the quality of the food you are eating? It may be good. It might be better, purer, fresher and more wholesome. Is it not worth while to make sure that your tea, coffee, sugar, baked goods and liniments, other groceries are of the best quality? There is such a trifling difference in the price of the best and the worst that it does not pay to buy the worst, even on the false ground of supposed economy. The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at Parker Bros.

WHO does your washing? It is to be hoped you send it to the Albany Steam Laundry, thus patronizing a first-class home institution that employs only white labor.
