GOOD EVENING.

A SHERIFF SUE.—This afternoon at 2:30 o'clock the grand jury committee filed their complaint against Sheriff Noland. They allege that the sheriff has been allowed warrants to the amount of \$11,555.28 since November 1, 1892, and that they are fraudulent and made with the intent of cheating and defrauding the county, and were made in collusion with Judge Fisk and County Commissioner James Parker. The complaint asks that the county treasurer, Frank Reiser, be restrained by an order of the court from paying the said warrants. The complaint covers 39 pages of type-written manuscript. James F. Atias, John Bennett and L. Plinn appear as attorneys for plaintiff. H. C. Perkins makes affidavit to the truthfulness of the complaint. The plaintiffs, besides asking for the injunction restraining the payment of the warrants, ask for their costs and disbursements. Sheriff Noland will meet the matter in the courts tomorrow. The charges that Judge Fisk and County Commissioner Parker are in collusion to defraud the county will not be entertained a moment by any one acquainted with these gentlemen, and we believe is a damnable one and unwarranted and unjust in the extreme.

To show to what extremes the committee go in their charges against Sheriff Noland, the complaint alleges that he has not performed any services whatever since Nov. 2, 1892, but what are of a fraudulent nature. In a nutshell, the whole cause of complaint arises from the fact that Mr. Noland has compelled the payment of delinquent taxes and charged for it.—Eugene Guard.

AFTER 32 YEARS.—A representative to the grand lodge, Knights of Pythias, which was held this week at Heppner, Ore., tells of an interesting and pathetic incident that he witnessed while on the train beyond Arlington last Monday night. The informant was sitting gazing at the stars when a gray-haired man walked into the car, having boarded the train at Arlington. He passed by another gray-haired man sitting near, and immediately both advanced and asked, "Can it be possible?" Tears rolled down their cheeks and the conversation the next hour was interesting indeed. It appeared that both had been in the Confederate army and had parted at the battle of Lexington in 1861, and had on the train met for the first time after 32 years' separation. One was B. J. Jett, representative from Rathbone lodge at Huntington, and the other S. P. Barker, of Dowdall lodge at Brownsville. Neither was aware that the other was a representative, and their meeting was entirely unexpected. When they separated at the battle both were strapping young fellows, and when they met on the train both were old and gray. They had a great deal to tell each other after the long lapse of years, and related many incidents of those stirring days. The last time they saw each other their clothes hung in rags and tatters, and they were almost homeless and homeless.—Telegram.

THE K. T's.—The grand lodge of Knights Templars in session this week at Eugene elected the following officers: J. M. Hodson, G. C.; P. S. Malcolm, Deputy G. C.; B. E. Lippincott, G. E. N.; R. S. Bean, G. Capt. Gen.; L. Marshall, G. Prelate; B. D. Paine, G. S. W.; B. Cleland, G. J. W.; B. G. Whitehouse, G. Treasurer; G. F. Robinson, G. Recorder; C. B. Winn, G. Standard Bearer; A. Thurlow, G. Sword Bearer; J. P. Galbraith, G. W.; Gustav Wilson, G. S. The place of the next annual convocation was voted to be held at Salem. The reports from the grand officers show that there are now six commanderies in Oregon, one each at Portland, La Grande, Salem, Albany, Ashland and Eugene. Number of members, 365; increase during past year, 42.

27 TRAMPS.—Last Friday evening the train sidetracked three cars here for May & Sanders. About the time the train pulled at C. L. Morris saw a tramp come out of one of the cars; he was followed by another, and another. Mr. Morris commenced to count, and he kept on counting until 27 had come out of the three cars. But all did not look like tramps; some were well dressed and carried a valise and there is no doubt that half the number were amply able to pay their fare had they been inclined to do so.—Harrisburg Courier.

THAT COON.—A L. Lamb's pet coon, whose was advertised in the DEMOCRAT was turned to its owner last night through the intervention. The animal seems to have kept the hen houses on its tramp towards the western part of the city, killing seven chickens at Wm. Fortnall's and five at C. Brownell's. It was decided that the coon deserved death, but out of consideration for the Chief Engineer who thought enough of the animal to advertise for him he was returned to his owner.

SUDDEN DEATH.—Thursday morning at 12, Mrs. James Harris, residing in Benton county, a few miles from Albany, washed her face and was reaching for a towel when she fell to the floor and expired almost instantly. The cause was heart disease. Mrs. Harris was 35 years of age and was highly esteemed by her neighbors.

MILLINERY.—Mrs. M. Buoy and daughter intend to inform the public that they have moved into the rooms lately occupied by Sower and are supplied with a line of millinery goods of quality and prices to suit the present hard times. Be sure to call and examine their goods before purchasing elsewhere.

My fall line of MACINTOSHES and DSAMERS, including many novelties, ladies, misses and children, is now on hand. S. E. Young.

Oregon City Enterprise says: The wooden mills are preparing to start up on Monday with about one-half the usual force, to work for a time upon orders. Mr. Jacobs is away in California looking after trade in that direction and Gerry is up east of the mountains seeing what can be done in that direction.

The losses by fire in the United States during the first eight months of 1893 aggregated \$11,324,000, or \$24,000,000 more than the value of the burned property of the first eight months of 1892. The discouraging increase is attributed by some competent critics to hard times, which generally promote incendiarism.

The Lebanon Express advertises that it has borrowed money from year to year in order to continue its business, and now it will be compelled to collect or sacrifice what it has worked for for many years. Hard times are particularly hard on news papers, though the Express item would indicate that they had existed for some time.

Monday morning our fishermen caught 31 salmon in "two time," as they expressed it, and shipped them by S. O. Clark the same morning.—Post.

UMATILLA COUNTY.—The net taxable property in Umatilla county is \$8,890,565. Last year the net taxable property was \$6,200,000. Money, notes and accounts show a loss of \$1,584,413, which is largely due to the fact that about \$1,300,000 in mortgages were assessed under this head last year. Aside from the loss of the mortgages the shrinkage has not been very great. The average calculations were, lands, per acre \$6.33; town lots, \$141.63; horses, \$22.85; cattle, \$11.24; sheep, \$2; hogs, \$3.73.

Liberal didn't know any better than to lay down on the Swane river with the glorious Willamette rolling by he ought to drown.

A Linn county farmer, with the blues, remarked that the country was going to smash, that the politicians, lawyers and newspaper men were getting hold of it. "Why, a few days ago," said he "a big U. S. Senator died in California. When he died cut that he had to die he gave a lot of his money for a big college to educate up a lot of I—d thieves to rob the people." Comment is unnecessary.

It takes a business head to run a farm as well as to do anything else. A man owning a good farm in this county had had it rented for several years. It didn't seem to pay, only a small yield of wheat resulting. The last year he took half of it himself, plowed deep furrows with heavy horses and did everything in the right manner. The result was 20 bushels per acre for his share of the farm and 12 bushels per acre for the renters, on exactly the same kind of soil. It is easy to draw conclusions.

BROWNSVILLE ON TOP.—The Roseburg Review boasted of a chair made in 1849. Brownsville completely knocks Roseburg out as follows: F. M. Jack, the postmaster, has a chair which for celebrity in ancient qualities is more than an equal for the chair referred to. It was made in Polk county by Jos. Gage, in the year 1836, and is now in Mr. Jack's home doing actual service. The bottom was made of rawhide from the back of an ox which crossed the plains in 1845. A time of its advent into the household of the chair adorned the rawhide, but 47 years of constant use has effaced those fibres, and today the seat is so "slick" that were it long enough it would be hard to find a better toboggan slide.

The DEMOCRAT would like to ask how the hide of an 1845 ox was used in an 1893 chair.

AT MEAL TIMES do you ever consider the quality of the food you are eating? It may be good. It might be better. Purer, fresher and more wholesome. Is it not worth while to make sure that you tea, coffee, sugar, baked goods and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it does not pay to buy the worst, even on the false ground of supposed economy. The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at Parker Bros.

WHO does your washing? It is to be hoped you send it to the Albany Steam Laundry, this patronizing a first-class home institution that employs only white labor.
