Special Sale of Millinery.

For a few days I will sell at cost all the latest styles in millinery. Call and see my goods and prices. IDA M. BRUSH.

GOOD EVENING.

A Cautious Loss.—The other morning a passenger train from Portland was heading toward Pendleton. Brakenham W. Gray went through the train to make the station preparations before entering the station. In one of the cars Mr Gray found a middle-aged German-American who seemed to be in a sad state of distress and anxiety. He had a right to be sorrowful, for he had just dropped a pocketbook, containing all the money he possessed, about \$140, through the seat in the toilet room. He had mortgaged some land near Portland for this amount, and was going to St. Louis with his wife and a family of five children, his better half being dissatisfied in wolf. These facts were soon poured into the ears of sympathetic Brakenham Gray, and he noted carefully some bluffs at the place where the pocket-book was dropped about a mile west of Burnhart's station, and twenty-six miles west of Pendleton. He informed the unhappy passenger that the train could not be stopped, and it would be best to wait till Pendleton was reached and then go back on a hunt. Gray went back, found the money and received \$20 for his trouble. —E. O.

MARION TAXPAYERS.—Among the heavy taxpayers of Marion county R. P. Boise, Sr., is assessed at \$27,624; Breyman Bros., \$60,736; George H. Burnett, \$11,206; A. Bush, \$28,680; H. D. Cloggett, \$23,262; C. B. & M. Claiborne, \$69,423; W. H. Cottle, \$22,272; N. Davis, \$27,648; Wm. England, \$24,130; G. W. Gray, \$38,350; E. J. Harding, \$57,835; Hoefler & Zorn, \$64,773; John Hughes, \$32,222; J. C. Johnson, \$10,363; S. W. Jones, \$35,416; M. L. Jones, \$30,259; A. Klein, \$15,325; Ladd & Bush, \$200,000; F. Levy, \$22,260; W. McMaster, \$32,615; J. J. Murphy, \$30,962; O. P. R., \$146,880; O. & F. R., \$488,066; Mrs. Mattie Parrish, \$39,220; Salem Flour Mill Co., \$59,813; Santiam Lumber Co., \$10,350; John Savage, Sr., \$43,226; State Ins. Co., \$25,000; R. W. Wade, \$20,750; G. H. Turner & Co., \$61,975; E. H. Wallace, \$39,500; Geo. Williams, \$26,270; Kay Woolen Mill, \$55,000.

GOOD TIMES.—About a dozen tramps passed through Albany this noon on the freight. These are good times for tramps. They are now in their elements. Dull times means prosperity to them. Where they often have to walk they ride now, and are frequently given public receptions. At Roseburg they were treated this way and a vote of thanks in the local paper. They are having a great time, and the public is footing the bill in different ways. There may be working men among them as shown by their hands; but put a nail in the fact that 49 out of 50 are after adventure and the fun of the business more than the work. Along their travels they are joined by boys and young men with the same object in view, adventure. Save your sympathy for the really deserving, those in your own city needing work.

PASSING CONFEDERATE MONEY.—A fakir in Walla Walla made \$83.50 in one day, mostly among women of ill repute, including Japs and Celestials, by paying in confederate money and receiving change in U. S. money. At a Japanese house he received \$47.50 in change for \$50. A paper of that city says: "Some time ago a case of a similar nature was tried in Walla Walla, and, although it was clearly proven that the swindler had passed a \$10 counterfeit bill for a saloon on Main street, receiving therefor the proper change, he was not convicted. It seems that this money has a value on its face, and is in fact a legal tender, but if anyone is fool or ignorant enough to accept it, there is no course at law. There is no telling how many others the above individual may have swindled."

DON'T WANT WORK.—One night this week fourteen tramps were allowed to sleep in the city jail. When City Marshal Eastland turned them out in the morning he informed the crowd that he could give one of them a permanent situation in the country at the rate of \$1 per day and board, with a first-class farmer, who desired a hand. Imagine his surprise when they all refused to accept the employment offered, saying they all wanted to go to California. About nine out of every ten of these individuals will not work under any circumstance. —Eugene Guard.

A Portland lady at the World's fair depended on a local draft on Chicago for money. The Portland bank failed, and the woman was in a pickle, when she happened to find a purse containing \$700, which a big fellow tried to snatch from her. With the money, which no one called for at the bureau of information, she returned home. Let no one else imagine the same luck would strike them.

The man who sees that times are now better, and are going to be a great deal better than they were before the stringency struck us, will build up big business for himself and take lots of business from the timid fellows. The advertiser with the right kind of business stuff in him, who dares to spend money for advertising now, will have the advantage and reap the benefit. —Ex.

Surveyor-General Byars has been notified by the commissioner of the general land office that there has been apportioned for surveys of public lands, in the surveying district of Oregon, for the current fiscal year, the sum of \$11,000. Last year the apportionment was \$20,000. The withdrawal of the Cascade reservation, a strip 20 to 30 miles wide, along the Cascade range, consisting principally of unsurveyed lands, will save a great deal of surveying in this state.

AT MEAL TIMES do you ever consider the quality of the food you are eating? It may be good. It might be better, purer, fresher and more wholesome. Is it not worth while to make sure that your tea, coffee, sugar, baked goods and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it does not pay to buy the worst, even on the false ground of supposed economy. The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at Parker Bros.

WHO does your washing? It is to be hoped you send it to the Albany Steam Laundry, thus patronizing a first-class home institution that employs only white labor. The work too speaks for itself, not after the fashion of the loud smelling Celestial washing, but on account of the superior manner in which it is done.
