In time to any irregularity of the stomach, liver, or bowels may prevent various consequences, indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. Brockwell, Harris, Tenn., says:

"Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

### No Better Medicine,

and have induced many to use it. "Thirty-five years ago this spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now so years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy a box every year, which make me boxes up to this time, and I would not be without them than without bread."—H. H. Ingraham, Rockland, Me.

### EX-SECRETARY FOSTER SUEDE.

Suit has been begun at Tiffin, Ohio by Mrs Anna Ball, of Fostoria, one of the creditors of ex-Gov Foster, against seventeen persons, the principal ones being ex-Gov Foster, John E. Wilkinson, Charles Olmsted and Mrs Laura Foster, all of whom were in the banking firm of Foster & Co. It is alleged in the petition that the firm was that in October, 1883, Charles Foster died, his homestead and other real property to his mother, who in turn deeded it to his wife, but the deeds were not recorded until the day of the assignment, May 26, 1893; that March 21, 1893, Charles Foster and wife deeded \$110,000 worth of property to William L. Harkness, a creditor, but the deeds were not recorded until after the assignment. It is further alleged that Chas Olmsted and John E. Wilkinson also transferred certain real and personal property on the day of the assignment.

Temporary injunctions were granted restraining all the defendants from transferring or disposing of any of the real or personal property in question and the recorders of the three counties in which it is located were restrained from recording any document making such transfer. The committee appointed by the creditors some time since is back of the suit.

The beginning of the legal action led to an erroneous report that ex-Secretary Foster had been arrested.

Already there are long lists of names being heralded in the papers for candidates for state offices at the June election. A good deal of it is talk. The independent says: "There will be no lack of aspirants for gubernatorial honors. The names of Mayor Mason, of Portland, Judge R P Boise, Hon Tilmon Ford and Z E Moody, of Salem, will probably come before the republican state convention, and Apperson, of Oregon City, T T Geer and Binger Hermann are mentioned on the republican side. Among democratic aspirants talked of are George Chamberlain, of Salem, General Compton, of Portland, Judge J K Weatherford, of Albany. One of the most desirable plums on the state ticket is the office of secretary of state. El Hirsch, of Ed, will doubtless be a candidate. Ed Giltner, Superintendent of Schools of McKay and Chet Cool, of Dallas, are also talked of." Frank Baker, Wm O'Brien, Frank Davey, Jim Goffey and Capt O'Brien, are willing to be state printers. Jas McCain and J J Daly are mentioned for circuit judge.

Times may be dull and money scarce, but we doubt if any county in Oregon can make as good a showing as Marion in the matter of payment of taxes. The total of the tax list amounts to \$170,000, and out of that amount only about \$2,000 remain delinquent at this date.—Salem Democrat.

### ATHLETES OF THE PRESENT DAY.

J E Sullivan, Secretary of the Amateur Athletic Union, President of the Pacific Athletic Club, and former Editor of The "Sporting Times," writes:

"For years I have been actively concerned with athletic sports. I always found it in my advantage to use Alcock's Pains Plasters while in training, as they quickly remove soreness and stiffness; and when attacked with any kind of ailment, the result of slight colds, I always used Alcock's with beneficial results. I have noticed that most athletes of the present day use nothing but the Alcock's Plasters."

### Teacher's Examination.

Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county superintendent thereof will hold a public examination at Albany, beginning at 1 o'clock p. m. on Wednesday, Nov. 8, 1893, and continuing two days. A fee of \$1 will be charged for each examination. Applicants for state certificates should file their applications with the county superintendent at that time. Dated this 24th day of October, 1893.

### Will Falluster:

WASHINGTON, Oct 31.—The silver men, or the most intense silver men in the house will, it is said, insist that the repeal bill be put through by force and without any agreement on their part as to the time when debate shall end or anything else. They say they mean to be forcing it else. The mode of procedure in the house tomorrow will probably be that, as soon as the speaker lays the bill before the house, Wilson of West Virginia will move that the house concur in the senate amendments, and upon that he will demand the previous question. Then some one will suggest that time be given for debate. Wilson will insist upon the previous question. Then filibustering will begin.

### A Shocking Murder

SPokane, Wash, Oct 31.—A shocking murder is reported near Waterville, Wash. The crime was discovered yesterday. John Dougherty, a farmer, aged 60, hacked his wife to death with a butcher knife. The dead was one of fendish ferocity. The woman was wounded beyond recognition, and long after she was dead the murderer must have stabbed and hacked her body. He then dragged his victim by the feet between two stacks of wheat and partly concealed the body with straw. Later, he was discovered in a vacant house, dying from exposure and hunger. Dougherty has made a full confession.

The operators are working at night in order to comply with the secretary's mandate.

### Self Praise.

Self praise is no recommendation, but there are not times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Alcock's Porous Plasters are the only genuine and reliable porous plasters made is not self praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them. Beware of imitations, and do not be deceived by misrepresentation. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.

### Health in Old Age.

Edward Collins, Queens, N Y, says: "I commenced using Brandreth's Pills over fifty-five years ago. I first bought them in London, and have continued using them since I came to this country in 1836. I am now over seventy-five years old, hale and hearty, and attribute my wonderful health to the persistent use of Brandreth's Pills. Occasionally I have a bad cold or severe attack of rheumatism, indigestion or biliousness, but four or five doses of Brandreth's Pills always cure me. When ever my children have been sick with scarlet fever, measles, acid stomach, disordered digestion or costiveness, a few doses of Brandreth's Pills restored their health at once."

### ask Your Friends

Who have taken Hood's Sarsaparil is what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another of it is indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling" and so on. Truly, the best advertisement which Hood's Sarsaparil receives is the hearty indorsement of the army of friends it has won by its positive effects.
