A Little Daughter

A Church of England minister and a distressing rash, by Ayer's Sarsaparilla. Mr. RICHARD JONES, the well-known Druggist, 207 McGill St., Montreal, P. Q., says: "I have sold Ayer's Family Medicines for 40 years, and have heard nothing but good said of them. I know of many Wonderful Cures performed by Ayer's Sarsaparilla, one in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a red and exceedingly troublesome rash, from which she had suffered for two or three years, in spite of the best medical treatment available. Her father was in great distress about the case, and, at my recommendation, at last began to administer Ayer's Sarsaparilla, two bottles of which effected a complete cure, much to her relief and her father's delight. I am sure, were he here to-day, he would testify in the strongest terms as to the merits of Ayer's Sarsaparilla. Cures others, will cure you."

BEST IN THE WORLD.

A DECADE OF PROGRESS.

Dependancy is apt to follow a season of business depression. The clouds of financial disturbance obstruct the daylight of certain progress. We forget that the pendulum of time swings to the right as well as to the left. The daily wants of sixty-seven millions of people make an immense business, even when their luxuries are neglected. The enforced economies of 1893 make increased business for 1894. A great nation like the United States cannot stand still. Its history, its progress, its achievements, are not measured by single years, but by decades, by centuries. The year 1893 has been a disappointment to many business men, but what is the record of ten years? What a decade of progress this Republic shows between 1883 and 1893! What a foundation for hope and faith in its future.

According to the Census Bureau, during the 10 years following 1883, the wealth of this country increased at the rate of \$100,000,000 an hour, or about \$2,500,000 each day of the 10 years. This is equal to one-third of the daily accumulation of the whole world. It is a marvellous achievement for a nation in the second century of its existence. With its thousand years of accumulation and civilization, Great Britain has neither the total wealth nor the annual income of the United States. Our population is about 67,000,000, as against 38,000,000 in the United Kingdom.

Statistics will show this wonderful progress. The total wealth of this country in 1880 was \$43,612,000,000; in 1893, \$62,600,000,000; money in circulation in 1880, \$73,382,228; in 1893, \$1,429,251,270. Interest-bearing debt in 1880, \$1,723,993,100; in 1893 only \$725,313,110; national bank capital in 1880, \$493,000,000; in 1893, \$667,250,000; savings bank deposits in 1880, \$891,961,141; in 1893, \$1,654,826,142; total value of manufactures in 1883, \$2,711,579,999; in 1893, \$4,819,253,837; total value farm products in 1880, \$3,475,000,000; in 1893, \$4,500,000,000; miles of railroad in 1880, 92,296; in 1893, 166,702 miles.

This magnificent record might be extended throughout the long line of arts and industries. Educational facilities have been increased, transportation improved, and wages raised. No other country on earth supplies the industrious and frugal man of moderate means so many of the comforts of life. No other nation affords the means of advancement, political, social, educational and moral, as supplied by this great Republic. Why then should dependancy prevail at this brief eclipse of glory? The sun of prosperity will soon rise again and illumine this favored country, blessed at once with unbounded natural resources and men of enterprise and pluck and perseverance in their development.

TELEGRAPHIC NEWS.

A Portland Tragedy.

PORTLAND, Nov. 7.—After shooting and seriously wounding Theodore H. Liebe yesterday morning, Christian Hess sent a bullet crashing through his own brain. Liebe is president of the Oregon German Bakery Company, and had accused Hess of stealing money with which he had been entrusted by that corporation. Strong hopes of the wounded man's recovery are entertained by the surgeons attending him. The ball entered the back of his neck, emerging under the outer corner of the right eye. It did not strike the brain. Hess must have expired immediately after shooting himself, for the bullet plowed a hole through his brain from right to left and lodged among the fragments of the cranium, which it shattered.

Will Be Queen.

CHICAGO, Nov. 7.—A special from Washington says the next steamer from Hawaii for San Francisco will probably bring news of the action of Minister Willis under his instructions from the state department to the provisional government. It declares he is instructed to inform the provisional government that the United States regards the dethronement of the queen as due entirely to Minister Stevens and the landing of troops from the United States steamer Boston; that but for them the queen would not have been dethroned, and as a mere matter of abstract justice, the wrong should be righted.

The Elections.

NEW YORK, Nov. 7.—One of the most peculiar campaigns in the history of this state closed at sundown this evening. Isaac H. Maynard, candidate on the democratic ticket for judge of the court of appeals, against whom the independent democrats waged war, was overwhelmingly defeated. Practically complete returns indicate that the republicans elected their entire state ticket.

RICHMOND, Va., Nov. 7.—Returns have been received from about one-half of the state, but the figures are of such a character that it is impossible to give them with accuracy. If the same ratio of gains for the democrats continues to prevail in the remainder of the state, O'Farrell's majority will reach 40,000.

CHICAGO, Nov. 7.—The elections today were hotly contested, and the republicans seemed to have at a late hour tonight the best of it. The Times, the senior democratic paper, concedes the election of the entire republican judicial ticket, with one possible exception.

DES MOINES, Ia., Nov. 7.—The story of the election today can be told in a few words. It was a sweeping republican victory, giving to that party the governor, state officers and the general assembly.

LOUISVILLE, Ky., Nov. 7.—The democrats had this as their own way in Kentucky today, and according to reports received up to 9 o'clock the next legislature will be made up of 110 democrats, 25 republicans and three populists.

COLUMBUS, O., Nov. 7.—With a plurality of 50,000 and two-thirds of both branches of the legislature, McKinley has won the most decisive victory recorded in Ohio.

BOSTON, Nov. 7.—The result of the election in Massachusetts today can only be described as a huge political landslide. For the first time in three years the state will have a republican governor, and his plurality is 30,000 at least. The whole ticket is elected.

PHILADELPHIA, Nov. 7.—Returns from 49 of the 67 counties, including Philadelphia and Allegheny, of the vote for state treasurer, show a net republican gain of 46,553, indicating a majority in the state of considerably over 100,000.

In Olden Times.

People overlooked the importance of permanently beneficial effects and were satisfied with transient actions, but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not use any other laxatives, which act for but a time, but finally injure the system.

Self Praise.

Self praise is no recommendation, but there are not times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Alcock's Porous Plasters are the only genuine and reliable porous plasters made is not self praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the voluntary testimonials of those who have used them. Beware of imitations, and do not be deceived by misrepresentation. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.

When a doctor considers it necessary to prescribe sarsaparilla, he simply orders a bottle of Ayer's, knowing full well that he will obtain thereby a surer and purer preparation than any other which the drug store can furnish. Ayer's Sarsaparilla is the superior medicine.

Health in Old Age.

Edward Collinson, Queens, N. Y., says: "I commenced using Brandreth's Pills over fifty-five years ago. I first bought them in London, and have continued using them since I came to this country in 1836. I am now over seventy-five years old, hale and hearty, and attribute my wonderful health to the persistent use of Brandreth's Pills. Occasionally I have had cold or severe attack of rheumatism, indigestion or biliousness, but four or five doses of Brandreth's Pills always cure me. Whenever my children have been sick with scarlet fever, measles, acid stomach, disordered digestion or costiveness, a few doses of Brandreth's Pills restored their health at once."

The True Laxative Principle

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

WHO does your washing? It is to be hoped you send it to the Albany Steam Laundry, thus patronizing a first-class home institution that employs only white labor. The work too speaks for itself, not after the fashion of the loud smelling Celestial washing, but on account of the superior manner in which it is done.

Alcock's Porous Plasters are purely vegetable. They are mild but effective, sure and quick in their action, and absolutely harmless.

ASK YOUR FRIENDS

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling" and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive effects.

Green Goods.

Don't be tempted to invest in them. You will get into trouble every time and in the end poverty and disgrace. The genuine Uncle Sam's green goods are the only ones of value. They make you rich; especially when used to purchase Simons Liver Regulator to cure your indigestion, dyspepsia, constipation or biliousness, or drive away malaria. Don't be tempted to take anything else in place of the Regulator.

ATHLETES OF THE PRESENT DAY.

J. E. Sullivan, Secretary of the Amateur Athletic Union, President of the Pastime Athletic Club, and Athletic Editor of The Sporting Times, writes:

"For years I have been actively connected with athletic sports. I always found it to my advantage to use Alcock's Porous Plasters while in training, as they quickly remove soreness and stiffness; and when attacked with any kind of pains, the result of slight colds, I always used Alcock's with beneficial results. I have noticed that most athletes of the present day use nothing else but Alcock's Plasters."
