NOVEMBER 13 1893
GOOD EVENING.

YESTERDAY at 1:30 the bell rang clamorously. The house of D B Monteith, et al, opposite the block, and occupied by Mr. Parrish, as a boarding house was to be on fire, as smoke was seen in volumes from the rear of it; but was simply smoke. Mr Parrish repaired the place. In one of the walls was a stove pipe hole, and of this was supposed there was a fire, so a stove was set up and a pipe put in it, but it seems there was no fire, the hole having been filled over. The smoke filled the room. It was easily extinguished. John Althouse says he stopped the fire in the house now occupied by E E and fourteen years ago. Hate Back-ville occupied the place several years ago made the same mistake. A fire between 8 and 9 o'clock was discovered in the woodshed of Walter Ketchum's residence on Lyon st, just after it was started. The fire was quickly extinguished. Ketchum had been thrown over some dry hay and set on fire. As Mr Ketchum had an enemy in the world the object of the incendiary work cannot be

THE FOOT BALL TEAM of the College who went to Corvallis today to play the Agricultural College were completely routed out of line. The Corvallis boys wiped the ground of them. The team of that city weighed 168 pounds, while Albany's averaged about 150 pounds. The Corvallis eleven have been trained by Prof. Bloss, who is up to the very latest in the game. They were strong in offensive work as well as interference, completely carried the Albany line over them, scoring 62 to 0. Scores, which are almost universally on sided in favor of the Corvallis boys. The Albany eleven were completely passed with the splendid treatment received from the Corvallis boys. Does not refer to the tooth lost by the Albany boys, but to the general courtesies shown by the gentlemen members of the team. Corvallis plays Monmouth on Monday.

THE MAYOR OF Dallas has received the following letter: "You what is you any how, here from Cello and mean business. I want a position that you can give me and if you don't give it to me in ten days you will die. We need no hot air, but crank as mayor like you tieing horse, etc put them in the ponds for do you will die, and I believe you die in two days anyhow. I want to see a phreny like the man that shot silent Harrison. Look here for if you want do it the way a man in town look something like you, and if you do it you will suffer resign your position. Every man, woman and child ought to see you that through being read German and see what William say. Caesar was a warrior and Napoleon a great warrior, look at Cyprius the oriental and Demostote of Thebes and statesman of Greece, Pericles."

THE HARRISBURG rippd minor Penoyer up the back in great Wednesday night, gave Downing a clout, and struck out right and left, and made the very air of the room foul with his description of the bossness and corruption of the members composing the late legislature. Populists and republicans swallow the medicine smilingly, and all hands are in the opinion that it was a good circus, whatever that is. Yaqulina Mr McMahon went to Harrisburg town where he will give his performance tonight.

THE REPUBLICANS in Salem it appears that the republicans feel that cannon to celebrate with true and if it was in Salem they would make a strong attempt to get it. The governor has decided that that piece of brass is to be used for the but populist victories and accordingly sent it to the armory at Portland. It is designated on the bill of lading as "Penoyer Cannon," and henceforth will bear that name.

The Harrisburg Courier is kicking at an item that recently appeared in the Guard stating that Dr Davis of that place sold 75,000 pounds of hops at 14 1/2 cents per pound, and intimating that he received more, but does not positively say so. Our authority for the item was Mr E C Smith who purchased them, and he certainly ought to be aware of what he paid. Eugene Guard.

When the first Salem bridge was built a suit was brought for about \$10,000 extra pay. It was defended. A demurrer to the complaint was allowed. The lawyers have just been allowed a fee of \$1000 for the services by the county court, and a local paper is doing some nice kicking. Salem papers will kick at most anything.

The following dispatch is from Rochester N. Y: Justice Rumsey, in the supreme court today rendered a decision in the famous Mulcahy separation case. The defendant is general manager of the Oregon Pacific railroad, with headquarters at Corvallis, Oregon. His wife sued for separation on the ground of cruelty. The defense was that the wife was guilty of adultery with Floyd Tappan, of Sioux City, and others. The court holds that the charge is false and granted the wife a separation, giving her the custody of both the little girls and \$1800 alimony annually.

Probably no state in the Union got so much good for the amount of money spent on the World's fair as Oregon. They are having fun up in Washington. The Snohomish Eye says: The Seattle Telegraph wants the governor to appoint an expert to find out what became of the \$200,000 misspent by the world's fair commissioners. As the governor appointed most of the commissioners in order to pay off political obligations, and as the legislature has already whitewashed the commission, the appointment of an "expert" would result in another case of "love's labor lost," besides, who would watch the expert?

Rev E R Pritchard yesterday resigned as pastor of the Presbyterian church of this city, to take effect the 15th of next month. He has been tendered the pastorate of the Presbyterian church of Roseburg, which will probably be accepted. Roseburg will gain a first class preacher and a good citizen. Rev Pritchard has served his people here faithfully for a good many years and it is hoped that he be induced to remain.

Complaint is made that cows have gotten into the cemetery through a bad place in the fence and ruined shrubbery, flowers and tramped down things to the detriment of the appearance of things. Then also, the pump does not work, extra pains should be taken to enhance the appearance of the Cemetery.

A FOOT BALL TRIP.

ALBANY COLLEGE, Nov. 8, 1893.

If you will kindly allow me the space in your paper I would like to give a description of our trip and treatment while in Corvallis last Saturday to play foot ball.

We arrived there about eleven o'clock and were met by Messrs Bloss and Burnett manager and captain of the O A C Foot Ball team, and taken from there to the livery stable where our teams were attended to, then we were taken to the college where we left our grips, from there we were taken to the dormitory where dinner was awaiting us. After eating we went to the college where we dressed for the game which was called at 2 o'clock sharp. And of course as you have already heard we fell ready victims to our opponents and were easily beaten by the score of 62 to 0. The cause of our defeat or the cause of our being defeated so had can be explained in two or three different ways but the main cause was the lack of practice and also to our weight which was on an average of about 150 while the O A C boys averaged 165, so you can see for yourself that they are too heavy for us. After the game we were met by Prof Bloss, President of the college, and were shown through the building from top to bottom and can say that it is a structure that the state ought to be proud of. After leaving the college building we were shown over the town after which were taken to supper at the hotel by the Hon Judge Barnett, who had taken great interest in the game. After supper we were invited to take part in the evening's entertainment at the opera house at which we had a very pleasant time, and we also wish to thank Mr Horner for the way he assisted us during the evening. After the entertainment we left for home where we arrived in due time all safe and sound ourselves but can't say so much for one of

the carriages for it broke down about miles out and the boys had to ride all the rest of the way.

We do not speak of or give a description of the trip merely to tell you what we did but to show you the manner in which we were treated. Heretofore when we (the two colleges) have met there has always been an unfriendly spirit existed between us, we have met as the old saying is with blood in our eyes, but we can now say that the hatchet is buried and hereafter if it is in our power to do so we will meet in a friendly way and show our appreciation not by blows but by a brotherly spirit as was shown to us by the members of the O A college. And now I can say that we received the best of treatment while there and we appreciated it very highly. We hope that sometime in the near future that we will be able to return the compliment.

MEMBER OF COLLEGE BASE BALL TEAM.

AT MEAL TIMES do you ever consider the quality of the food you are eating? It may be good. It might be better, purer, fresher and more wholesome. Is it not worth while to make sure that your tea, coffee, sugar, baked goods and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it does not pay to buy the worst, even on the false ground of supposed economy. The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at Parker Bros.
